Lizzie! thou art gone to Heaven,
Gone where all the angels live—
Where *Christ*, the Son, *for His own glory*,
Blessings to his children gives.

Lord! if I die, take me to Heaven,
(The prayer thy tender lips expressed,)
Is to thee already granted:
For Christ has said that such are blessed.

Then to Him, who gave, we leave thee,
Resigned to His more perfect will—
Knowing that 'twas God bereft us,
We raise our voice to praise Him still.

Mother! I am dying now,
Cool Death o'er me creep;
Id drops are standing on my brow,
I soon shall sleep that sleep.

Dear Mother, hold my icy hands,
And stand close by my side;
I'm going to that brighter land,
And God will be my guide.

Oh, then, dear parents, dry your tears,
And let your anthems rise;
The bud you nourished here so well,
Will bloom in Paradise. L. L. R.

An angel come and claimed his own,
And bore her home to heaven.

Grand Jury Report.

TO THE HONORABLE THE JUDGES OF THE COURT OF QUARTER SESSIONS OF ADAMS COUNTY:—The Grand Inquest of Adams county at the November Sessions, 1861, respectfully represent: That they have passed upon all *bills submitted to them* by the District Attorney and presented them to the Court.

It is gratifying to state that the number of bills brought before them was not large, and that with one or two exceptions, none of them were of a serious nature.

The Jury cannot refrain from expressing their disapprobation of the conduct on the part of some Justices of the Peace in entertaining criminal cases of a trivial character, which are brought here *before the Court to be disposed of*, thus often imposing considerable expense upon the county. These expenses might generally and easily be avoided, if Magistrates before whom parties appear, having bad cases, were sent away without taking action upon their complaints, when the Magistrate is satisfied that the good of the community would not suffer thereby.

The Inquest have visited the County Prison, and are happy to say that the condition in which they found it, in regard to cleanliness, &c., was very satisfactory, showing that Sheriff Samuel Wolf and family have used every effort to secure the comfort and well being of the unfortunate individuals confined within its walls. As regards the security of prisoners of desperate character, this Inquest cannot but condemn the *insecure condition of the* cells and wall, affording so many facilities for the escape of prisoners; and would therefore recommend that at least two of the cells would be so repaired as to render them secure against the efforts of prisoners to effect their escape, and would therefore urge upon the County *Commissioners* the necessity of having these cells secured as recommended.

Circular.—Special Tax.

HARRISBURG, October 30, 1861.

To the Commissioners and Treasurer of Adams County.

GENTLEMEN:—It is enacted by the sixth section of the Act of May 16, 1861, entitled "An Act to provide for the payment of the Members, Officers and Contingent expenses of the Extra session of the Legislature," (*vide* Pamphlet Laws, 1861, page 767,) as follows:

"There is hereby directed to be levied, a special tax of one-half mill on the dollar, which shall be levied and collected on all property now subject to State tax, in like manner as other taxes, and which shall be applied, so far as may be necessary, to the payment of the interest upon said loan," (viz: the loan of three millions of dollars authorized by the act of May 15, 1861, and *appropriated to the purposes* of organizing, arming, equipping, transporting and supporting the military forces of this State, now or hereafter to be called into service, in aid of the government of this State or of the United States, and to enforce the laws thereof, and all incidental expenses connected therewith,) "and the surplus arising therefrom shall be set apart, to be invested, which, with its accumulations, is hereby pledged to be applied to the extinguishment of the principal of the loan authorized by said act."

The additional half-mill tax, thus imposed, is declared to be "a special tax," and is specifically appropriated to the purpose of paying the interest, and towards the extinguishment of the principal of the loan of three millions of dollars authorized to be negotiated, and the *money applied to the military uses rendered* necessary by the existing felonious rebellion against the authority and laws of the government of the United States. It is necessary, in order that the objects of this act may be attained, that the half mill tax be in all the processes of levy, collection, accounting, paying and "application," kept separate and apart from the ordinary two and a half mill tax imposed by previous laws. In all payments made into the State Treasury, on account of State taxes, the amount applicable to the *half mill tax* must be specially set forth, and particularly mentioned; and in all reports of County Auditors on the subject of State taxes, this half mill tax must be placed under a separate head, and fully distinguished from all other sources of revenue accruing to the State. This will not, however, entitle collecting, receiving or paying officers to a different rate of commissions or other compensation from that which they would be entitled to, were the half mill tax accounted for in one aggregate with the other State tax of two and a half mills; for while it is "a special tax" appropriated to a particular purpose, it belongs to the general head of State tax on real and personal estate, and is to be "levied and collected in the *same manner*."

Very Respectfully Yours,

THOS. E. COCHRAN, *Auditor General.*
HENRY D. MOORE, *State Treasurer.*

☞ The above Circular having been received too late to admit of carrying its instructions into effect during the present year, the "special tax" of half a mill therein mentioned will be levied on the property taxable for State purposes under the valuation for 1862.

JAS. H. MARSHALL,

The trees are represented as having their roots running through the soil in a natural position, and the Engravings of Trees are beautiful and grand. It also contains a fine Engraving which represents the innumerable thread-like roots of a vigorous tree running through and over the soil. The Root Engraving covers ten inches in diameter on paper, and also forms a magnificent engraving, which cannot help but prove gratifying to the eyes of all who may behold it. Such an engraving has never been *printed on paper before*. The engraving of roots not only proves admirable to the sight of the eye, but is designed to prove of great importance to all who take an interest in the cultivation of fruits and how to treat fruit trees properly.

A COPY contains Twenty-five different Engravings of Trees, Fruits, etc., composed of Evergreens, Forest, Apple, Peach, Dwarf Pyramid Pear and Cherry Trees, &c. The Fruit Engravings comprise Raspberries, Gooseberries, Blackberries, Currants, Grapes, Plums, Apricots, Pears, Peaches, Apples, etc., and are all colored by hand to represent the natural fruit, and are accompanied with printed matter of great importance, and forms a copy in size 32 by 40 inches, on map paper, with muslin back and face varnished.

A COPY, with its numerous engravings, will be gratifying to the eye, and forms an admirable ornament for the wall of the parlor, and will richly beautify any apartment with horticultural matter of much importance and fancy. These copies are published at a very heavy expense. Twenty-five dollars have been paid to a scientific artist for forming the plates of single engravings of trees, roots, etc. But, in order that many can obtain such copies at a trifling figure, the price for a copy will be made so low, that fifteen persons can now obtain copies for the sum that has been paid for single engravings of trees, etc.

A COPY contains printed matter of much importance and great value. It will tell how to treat all kinds of Fruit Trees to render them very vigorous and productive, even in unfavorable seasons. It will tell how to prepare the soil without inconvenience before planting the trees in; to strengthen trees much in vigor, and to prove the productiveness of abundant crops, even in unfavorable *seasons or locations*, with proper and easy after treatment.

A COPY will tell how to prepare and plant all kinds of Fruit and Evergreen Trees, so as to prove successful, with scarcely ever proving a failure in a lot of many trees when properly treated as directed. It will tell how to train and plant Dwarf Pear Trees. It contains the most successful treatments for the culture of the Plum. It will tell how to train and cultivate the Grape.

A COPY will tell how to cultivate and treat Strawberries, Currants, Raspberries, Blackberries, Gooseberries, etc.

A COPY will tell how to treat Peach trees, to restore their roots healthy from the *disastrous effects of worm insects*. It will tell how to make use of an application over the soil surrounding the tree to protect the Peach and other tender fruits from the effects of being winter-killed in the bud. The same application also restores Peach trees *from* taking the yellows. The application has the beneficial effects to present the foliage of the trees healthy and the tree vigorous, and proves to the productiveness of luscious fruits. The application to be applied is not expensive. All have sufficient materials on their plantations.

A COPY will tell how to Preserve all kinds of Fruits with little or no sugar. It will tell how to keep Apples with much success. It will tell how to treat and manage Pears to mature perfectly, and to attain to the highest flavor.

A COPY presents its numerous pictures all at a glance, and forms such an ornament for the wall as will be admired by all lovers of art, drawn from natural products.

A COPY can now be obtained for $1.10 in money or postage-stamps.

THE LADY'S FRIEND.

Godey's Lady's Book

FOR 1862.—THE WORLD'S FAVORITE.—*For 32 Years the Standard Magazine.*—Pronounced by the Press of the United States,

THE BEST

Lady's Magazine in the world, and the cheapest. The Literature is of that kind that can be read aloud in the family circle, and the clergy in immense numbers are subscribers for the Book.

THE BEST LADY WRITERS in America contribute to its pages, and we have some that write for no other magazine.

THE MUSIC is all original, and would cost 25 cents (the price of the Book) in the music stores; but most of it is *copyrighted*, and cannot be obtained except in "Godey."

OUR STEEL ENGRAVINGS.—All efforts to rival us in this have ceased, and we now stand alone in this department, giving, as we do, many more and infinitely better engravings than are published in any other work.

GODEY'S IMMENSE DOUBLE SHEET FASHION-PLATES containing from five to seven full length Colored Fashions on each plate. Other Magazines give only two. Far ahead of any Fashions in Europe or America. Godey's is the only work in the world that gives these immense plates, and they are such as to have excited the wonder of publishers and the public. The publication of these plates cost $10,000 more than fashion-plates of the old style, and nothing but our wonderfully large circulation *enables us to give them*. Other magazines cannot afford it. We never spare money when the public can be benefited.

These fashions may be relied on. Dresses may be made after them, and the wearer will not subject herself to ridicule, as would be the case if she visited the large cities dressed after the style of the plates given in some of our so-called fashion magazines.

OUR WOOD ENGRAVINGS, of which we give twice or three times as many as any other magazine, are often *mistaken for steel*. They are so far superior to any others.

IMITATIONS.—Beware of them. Remember that the Lady's Book is the original publication and the cheapest. If you take Godey, you want no other magazine.

Everything that is useful or ornamental in a house can be found in Godey.

DRAWING LESSONS.—No other magazine gives them, and we have given enough to fill several large volumes.

OUR RECEIPTS are such as can be found nowhere else. Cooking in all its variety—Confectionery—the Nursery—the Toilet—the Laundry—the Kitchen. Receipts upon all subjects are to be found in the pages of the Lady's Book. We originally started this department, and have peculiar facilities for making it most perfect. This department *alone is worth* the price of the Book.

LADIES' WORK TABLE.—This department comprises engravings and descriptions of every article that a lady wears.

MODEL COTTAGES.—No other magazine has this department.
