

The union of lakes—the union of lands-The Union of States none would sever; The union of hearts-the union of hands-And the Flag of our Union farever!

H. J. STAULE, EDITOR AND PROPRIETOR.

GETTYSBUEG, PA: MONDAY MORNING DEC. 30, 1861.

this system of wholesale flunder is allowed throw both, and all will yet be well. to flourish, and the detected crim nals are permitted to escape condign punishment.

" Smething that We Don't Like .- We don't not true; and second, this kind of talk, from the professed friends of the Governany way dormant, without such a course."

cause than aught else.

in actual service against the rebels. We great diplomatic victory; worth, in substantic cloquence and patriotism this one excelled make the following extract from it:—"The albenefit to the country, a thousand rebels all previous efforts of the Governor. In the regiments and companies of volunteer cavilities of the country, a thousand rebels all previous efforts of the Governor. In the country, a thousand rebels all previous efforts of the Governor. In the country, a thousand rebels all previous efforts of the Governor. In the country, a thousand rebels all previous efforts of the Governor. In the country, a thousand rebels all previous efforts of the following extract from it:—"The boves forwarded by the Ladnes' its left them. It takes its remaining from Gen. Peter course of his place to Baltimore, I few days at a plant of the country, and of the nations of the carth would be the property of the country, and of the nations of the carth would be the paid a high companies of volunteer cavilities of the country, and of the nations of the carth would be the paid a high companies of volunteer cavilities and the country of the country to whose honorable military and civil career reached their destination destination

should remain neutral in case of war between England and America. A Turin paper warns England against an act so rash. and which may have for its consequence a French interference in the East; and the Austrian papers point to such an event, as an opportunity likely to be seized upon by France to go to war with Germany.

The Boston Pilot utters a great truth in forcible language when it says, if the Seceiled States should lay down their arms tomorrow, it is little less than certain that the Abolitionists of the North would immediately provoke them to a resumption of hostilitier. The unemancipated negro would be still superior in interest, to the Constitution of their country, with that herd of fanatics; their irrational philosophy would be continued in all its strange exercise; the "heinous guilt of slavery' they would persist in amplifying and denouncing in their usual turgid style of rhetoric; the incalculable losses to business, and the great destruction and mutilation of life and limb that have already happened as consequences of the rebellion, would have no weight with them; the rabid abolition sentiment would persist in all its elements; and as an issue of necessity, a new confederate authority

of small sums upon the Department and here with it. Custon House officials during Mr. Buchan-"Circumstances alter cases" mightily.

General Dix's Proclamation.—Hon, Joseph Segar, representative in Congress from the written seletter to Gen. Dik, thanking him damage to our side. for his proclamation to the people of Northtrue policy of the National Government "to have nothing to do with the slaves in any manner, shape or form; except by special stipulation with the owners."

The Washington correspondent of the New York Herald says the whole army ready to appreciate it in a substantial manner. is against the views of Mr. Sumner, Mr. Stevens and other leaders of the Abolition wing of the Republican party. No wonder. Our soldiers are generally intelligent men,

ment for Wood and Beef in another column, circle of friends and acquaintances. may be effectually warded off.

Firmness Required.

It is said that the President is as firm as precipitate the country into civil war, and colonization:-The most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our the free white citizens of this country are the most disgraceful chapter in our chapter in chapter in our That at a time when the nation is in the ernment would be certain death to the excepting for the purpose to retract past longing to Dr. David Shafer, near Rock That at a time when the nation is in the crument would be certain death to the excepting in the part of the learner and when every dollar Union—increasing the number of its energy attained a clearer and more human and the Camp, pitching tents &c.
