

The Committee on Naval Affairs have reported a bill appropriating \$1,000,000 for the construction of an enormous iron-clad vessel to be used as a steam-ran, \$13,000,000 for the construction of iron-clad gunboats, \$700,000 for the completion of Stevens' Iron Battery, and \$500,000 for the extension of the works at the Washington Navy Yard, so that they may forge and roll plates for the armored ships.

It is stated that the Abolition Republican members of Congress and others of the same stripe have been addressing negro gatherings in Washington city. What are we coming to?

The Independence Belge asserts the positive acceptance of the candidate throne of Mexico by Maximilian.

Special Notices.
Ayer's Sarsaparilla is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for diseases Sarsaparilla is reputed to cure. It is a remedy surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How can letting in comparison will do it has been proven by experiment on many of the worst cases to be found in the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Eczema, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Diseases, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose and other eruptions, and all other classes of complaints arising from impurity of the blood. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which gather in the blood at that season of the year. By the timely exhibition of them many rankling disorders are expelled in the bud. Multitudes can, by the aid of this remedy, escape the fatal and often fatal duration of foul eruptions and ulcers, through which the system will often be rid of its corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out your system by the use of this compound, and you will find its purifying influence bursting through the skin in pimples, eruptions or sores: cleanse it when you find it obstructed and sluggish in the veins; cleanse it whenever it is found, and you will find it to do you well. Egan who no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well, but with the purifying of the blood, the system is enabled to resist the influence of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and deceit. Beware, hence, and mind the name of the compound, and you will find it to do you well. It is the only one of the kind which has been analyzed and found to be pure and healthy, by taking a few doses of JUDSON'S MOUNTAIN HERB PILLS each week, and disease of any kind is impossible. Consumption and long difficulties arise from the use of impure Sarsaparilla, and it is an ailment, by bad blood. Purify that stream of the blood and it will very soon carry off and destroy the poisonous matter; and like a crystal river flowing through a desert, will bring with it and lay a foundation for the healthy elements of health and strength. As the river leaving the elements of fertility in its course, causes the bare barren waste to bloom with flowers, and fruit, so pure blood causes the frame to receive in strength and vigor, and to be able to resist the influence of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and deceit. Beware, hence, and mind the name of the compound, and you will find it to do you well. It is the only one of the kind which has been analyzed and found to be pure and healthy, by taking a few doses of JUDSON'S MOUNTAIN HERB PILLS each week, and disease of any kind is impossible.

DIED.
On the 17th inst., at a short illness, Mrs. BECKA, wife of William James Becka, late of South Pass, Ill., now of Adams county, Pa., aged 72 years, 8 months and 10 days.
On Friday week, in this place, GEORGE ARNOLD, son of Doctor Charles and Caroline E. Horner, aged 1 year 2 months and 14 days.
On the 15th inst., PETER ROJEO, son of Mr. John A. Rether, of Middletown, aged 4 months and 11 days.
On the 15th inst., near this place, WILLIAM BRICKLEY, aged 19 years 8 months and 5 days, deceased was a member of Capt. Martin's company. He took the fever in camp and was removed to his home, where he died.
On the 13th inst., J. W. WYLLIE, infant son of John A. and Margaret C. Hankey, of Mountjoy township, aged 6 months and 6 days.
Within the cold ancient grave,
Dear Wife, who doth lie,
With thee with flesh who died to save,
In this bright world, I lie,
Weep no more—be not dead,
But with his spirit so bright,
Where there is no eye that weepeth,
Communicated.
LITTLE MARY IS DEAD.
Spirit as the light-winged zephyr
Was our little Mary's label:
But the angels came and took her,
And she is now in heaven,
Said, "I will fall the shadow of thee,
Share and darling—'till I sleep,"
And fond hearts are almost bursting
With a sorrow none can speak.
Yet we would not murmur, Father,
Though our hearts are sore and lone,
For she is now in heaven,
Called our little Mary's name,
Mother, in the world of beauty,
Little Mary's angel now,
And a little starry child,
Rests upon her snowy brow.
Father, she's not lost to fondly,
In this bright world, I lie,
You will sleep again, my darling,
When life's weary world is o'er,
Cherished one, we're sadly weeping,
Since we laid thee down to rest,
With thy little hands so meekly
Folded in thy mother's breast.
Oh, we would not call thee earthward,
When temptations, dark and fearful,
Often cloud the weary way.
Nay, we'd bid thee slumber gently,
Softly in thy dreamland bed,
To in thy mother's arms, my darling,
Where no farewell tears are shed.

Something New!
BEAUTIFUL ILLUSTRATED MAP ON THE PRESERVATION AND CULTURE OF FRUIT AND ORNAMENTAL TREES. COPIES are being prepared, which contain many magnificent Engravings, such as Fruit Trees, some of the finest specimens that have ever been put on paper. The Fruit Trees are set with individual barons of fruit, similar to that which nature presents in proper season. The trees are represented as having their roots running through the soil in a natural position, and the Engravings of Trees are beautiful and grand. It also contains a fine Engraving which represents the innumerable thread-like roots of a vigorous tree running through and over the soil. The Root Engraving covers ten inches in diameter on paper, and also forms a magnificent Engraving, which can be proved gratifying to the eyes of all who may hold it. Such an engraving has never been printed on paper before. The engraving of roots not only shows the position of the roots of the tree, but is designed to give a proportion to all who take an interest in the cultivation of fruits and how to treat fruit trees properly.
