ANOTHER VICTORY!

BATTLE NEAR WINCHESTER.

Confederates under Gen. Jackson Totally Defeated!

WASHINGTON, March 23.—Telegraph dispatches received here from Winchester, dated last night at half-past 10 o'clock, say a slight skirmish occurred this (Saturday) afternoon, about a mile and a half from Winchester, on the Strasburg road, between a portion of Gen. Shields' troops and the rebel cavalry with four pieces of artillery.

The enemy retreated with loss as soon as our guns opened fire upon them. One man was killed on our side, and Gen. Shields suffered a slight injury in the left arm, above the elbow, from the fragment of a shell which burst near him. A prisoner brought in to-night says that the enemy were under the impression that our troops had left Winchester, and Jackson's forces were on the road from Strasburg, under the same impression.

WINCHESTER, March 23—10 P. M.—We have this day achieved a great victory over the combined forces of the Rebels Jackson, Smith and Longstreet. The battle was fought to-day, within four miles of this place. It raged from half-past ten o'clock this (Sunday) morning until dark. The enemy's strength was about 15,000, whilst our troops engaged did not number over 8,000. Our loss in killed and wounded, is not asertained, but is quite heavy.

WINCHESTER, March 25.—The following are the main facts relative to the battle fought near this place on Sunday:

On Saturday, about two o'clock in the afternoon, the enemy showed themselves about a mile and a half from Winchester.—The enemy's force consisted of 500 of Ashby's cavalry, with two guns. They drove in our pickets and then skirmished with the Michigan cavalry and a portion of the Maryland First regiment.

Gen. Shields brought up his forces and fired several rounds of shell and drove them back and took several prisoners.—Gen. Shields was, as before stated, wounded in the left arm by the first fire of the enemy.

It appeared that Jackson had been informed by some of the inhabitants that the town was deserted by the Union troops, and he advanced to retake it.

Gen. Shields' force slept on their arms on Saturday night, and on Sunday morning at sunrise Jackson, being reinforced, attacked our army near Keamstown, three miles from Winchester.

The enemy's force, as near as can be ascertained, was 500 of Ashby's cavalry, 5,000 infantry, and 9 pieces of artillery, with a reserve of 18 pieces of artillery.

The fight was kept up till noon, when a charge was made by the Ohio Infantry, first Michigan and first Virginia Cavalry, on the enemy's right and drove them back half a mile, when the enemy got his guns again in position in a dense woods, flanked by his infantry, and drove us back. A short artillery engagement ensued, when General Shields, through Col. Kimball, ordered Col. Tyler to turn their left flank, which was executed by our troops, but with terrible loss, the enemy being protected by a stone ledge. The Eighty-fourth Pennsylvania and Thirteenth Indiana charged their centre, and the fight now became general, with a terrible slaughter on both sides.—Col. Murray, of the Eighty-Fourth Pennsylvania, was among the killed in this charge.

The enemy retired slowly, bringing their guns to bear at every opportunity. Our men rushed upon the foe with yells, when the enemy broke and fled panic-stricken.—Our troops followed and drove them till dark, capturing three guns and three caissons, and muskets, equipments, etc., almost innumerable.

Our troops bivouacked on the ground they had won for the night, complete victors.

Our dead and wounded were sent here yesterday at noon.

Gen. Williams' 1st brigade, Col. Donnelly, of the 28th New York, commanding, reinforced Gen. Shields' forces. Gen. Banks has assumed command. Meantime Gen. Shields' division, commanded by Col. Kimball, pursued the enemy beyond Newton, shelling them the whole way. Jackson's men appeared to be, for the most part, perfectly demoralized and beyond control. They threw their dead and wounded out of their wagons, to lighten them.

Those of our troops principally engaged were the 84th and 111th Pennsylvania, 4th, 7th and 8th Ohio, 7th, 13th and 14th Indiana, 1st Virginia and Michigan Cavalry, and Dunn's Battery of Parrot guns.

Competent judges say the enemy's loss in killed is over 200, and 500 wounded and 300 prisoners, including an aid to Gen. Jackson.

Our loss is—killed 65; wounded about 125.

A committee of citizens, with the mayor and provost marshal, have buried all the dead of the enemy which have been brought into town. Eighty-five were buried on the battle-field, and one hundred and twenty-three were buried on the roadside between here and Strasburg.

Two hundred and thirty-five prisoners have been sent to Baltimore, and a number are still here, whilst others are on the way here.

Our pickets are six miles beyond Strasburg. Johnson is not in sight.

All the fences and trees, and the ground along the route of the retreat, show evidences of the terrible effect of our artillery on the retreating enemy.

Wendell Phillips Mobbed at Cincinnati.

HE ANNOUNCES HIMSELF AN ABOLITIONIST AND DISUNIONIST.

CINCINNATI, March 24.—Wendell Phillips attempted to lecture at Pike's Opera House to-night.

He commenced by avowing himself an Abolitionist and a Disunionist. Persons in the galleries then hissed, yelled, and threw eggs and stones at him, many of which hit him. The hissing was kept up for some time.

Finally, Phillips made himself heard, and he proceeded until something again objectionable was said, when the storm of eggs was renewed. The aim in many cases was good. Still, Phillips persevered and a third time was egged and stoned.

The crowd from the galleries then moved down stairs, crying "Put him out!" "Tar and feather him!" with groans for the "nigger Wendell Phillips." While proceeding down the middle aisle towards the stage, they were met by the friends of Phillips, when a fight ensued.

A scene of indescribable confusion occurred. The ladies in the audience were screaming, crying, jumping over chairs, and falling in all directions during the skirmish.

Finally Phillips was taken off the stage by his friends, and the audience moved out.

At this hour (10 o'clock P. M.) the streets in the vicinity of the Opera House are crowded with excited people, who are searching for, but unable to find Phillips.—No one has been seriously hurt, as far as can be learned.

☞Mr. Charles Ellet, jr., writes to the N. Y. *Tribune*, that the Rebels have two formidable machines like the Merrimac, but less in size, nearly ready for use, at Mobile, and two on the lower Mississippi, which may soon be brought out to attack and destroy our shipping in that quarter.

☞The Fifty-first Pennsylvania Regiment participated in the battle at Newburn, and behaved with great courage.—This regiment is commanded by Col. HARTRANFT, the same officer who commanded the Fourth Pennsylvania Regiment in the three months' service.

☞ALEXANDER CUMMINGS has written a letter to the Hon. William D. Kelly in which he undertakes to defend his extraordinary purchases of army supplies for fifteen days, which cost the government about three hundred and ninety thousand dollars. The best defence which Mr. Cummings can make is to return the money to the U. S. Treasury, which he uselessly squandered.—That is the only plea which is likely to meet with any consideration at the hands of the people, and Mr. Cummings will soon learn the truth of what we say. If he has any vouchers, it is somewhat strange that they have never been published. He has certainly had ample time to do so.

The New Position of the Confederates.—The N. Y. *Herald* professes to give the outlines of the new position taken up by the Confederates who fell back from Manassas recently. The line of defense is said to follow the course of the Rapidan river from near Gordonsville to the village of Tappahannock on the Rappahannock river, the Rapidan being one of the principal tributaries of the Rappahannock. The banks of both these rivers are said to be rugged and defensible by nature, and to have been strongly fortified. The *Herald* remarks.

"As a region fit for defensive operations, no better could have been selected, and this the Confederates appear to know full well. A glance at any map will show that the points indicated constitute Richmond the centre of a half-circle extending from Fredericksburg on the North and the Potomac river on the East, with corresponding points on the West and South; all the available points within the limits of this circle have been seized and fortified."

☞Columbia, Tenn., has been occupied by the Federal troops.

☞The Confederates have taken Santa Fe, says a Kansas City dispatch.

Special Notices.

Ayer's Sarsaparilla is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Diseases, Dropsy, Neuralgia or Tic Doloreux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with the pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure.

DISEASES OF THE CHEST AND LUNGS.—These diseases are too well known to require any description. How many thousands are every year carried to the silent grave by that dreadful scourge Consumption, which always commences with a slight cough. Keep the blood pure and healthy by taking a few doses of JUDSON'S MOUNTAIN HERB PILLS each week, and disease of any kind is impossible.—Consumption and Lung difficulties always arise from particles of corrupt matter deposited in the air-cells by bad blood. Purify that stream of life and it will very soon carry off and destroy the poisonous matter; and like a crystal river flowing through a desert, will bring with it and leave throughout the body the elements of health and strength. As the river leaving the elements of fertility in its course, causes the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. Judson's Mountain Herb Pills are sold by all Medicine Dealers. m24.1m

Bogus Petitions.

"SENATE.—Mr. Wilmot presented several petitions in favor of the emancipation of the slaves."

It is rumored at Washington, that there are several petitions for emancipation—some for the Senate and some for the House—which, under skillful Abolition manipulation, are made to appear formidable in numbers by alternating them, and bringing them forward in both branches of Congress as frequently as possible! Thus, a kind of mock artillery is brought to bear on members not up to the dodge, and also on the country generally, somewhat after the rebel plan of mounting their fortifications with "dummies," affording an additional illustration of the similarity in the tactics of Secessionists and Abolition Disunionists.

A denial of the imputation would involve the assertion that the people who petition Congress to do what Congress has no constitutional power or right to do, are more numerous than patriotic, and are criminally ignorant of the fundamental law of the land.

The "dummies" of the rebels, and the "dummies" who sign such petitions, are both opposed to *the Constitution and the laws.—Patriot & Union.*

12 or 15,000 Trees

WILL BE OFFERED AT PUBLIC SALE.

12 or 15,000 Trees will be offered at Public Sale.

12 or 15,000 Trees, Fruit and Ornamental, will be offered at Sale.

IN LOTS, principally of 25, 50, 75 to 100, of the best varieties in cultivation, to suit all who may wish to purchase and plant Trees.

CHOICE YARD FRUIT, with Evergreen and Shade Trees, will be offered in smaller lots, of from 2 trees to half a dozen.

The undersigned, having an immense stock of 3 or 400,000 Trees in cultivation, and intending to thin out a portion of the stock, by drawing out the Trees of largest size, in order to give room to others of less size, to add in vigor and growth—I therefore intend to offer 12 or 15,000 Trees, more or less, and also Grape Stocks, ON APRIL 9, 10 and 11, on WEDNESDAY, THURSDAY & FRIDAY, 1862.

On which 3 days will be offered Trees of as good size, fine form, and as healthy in quality as can be grown and trained in any soils or country in the United States or in any other country.

On the days above mentioned will be offered at Public Sale, Trees of the best varieties in cultivation, all assorted, to prove satisfactory to all,

APPLE TREES, 6 to 7 ft. in size and above.
PEACH TREES, standard 4 to 5 feet
PEAR TREES, standard 4 to 5 feet.
DWARF PEAR TREES, 3 to 4 feet.
CHERRY TREES, 4 to 6 feet.
PLUM TREES, 4 to 5 feet.
APRICOT TREES, 4 to 8 feet.
GRAPE VINES, strong stocks.
SHADE TREES, different varieties, 7 to 9 & 10ft.
EVERGREEN TREES, very fine, 3 to 4 ft.

Evergreen Trees, as well as other kinds of trees, are much more successful when planted from the middle of April until the middle of May, than such as are planted so very early in the season, when the soil is too cold and wet. Trees of all kinds have done much better that have been planted near corn planting time, than such that were planted too early.

The Trees will all be taken out of the Nursery, and are healed in other soil before the leaves open out. They will therefore then not put forth foliage until in May, and when then planted, there will not be a failure of ½ dozen out of several hundred, when properly treated and planted.

Tree planters can all see the stock before purchasing. There is no need to fear that inferior stock will be gotten, as is often taken out by some Traveling Agents.

A credit of 6 months will be given to all who purchase to the amount of $5 and upwards, and when paid cash, 8 per cent. will be taken off. H. F. M. PETERS.

☞Sale to commence at 8 o'clock, on each day, on the premises, one and a half miles south-east of Bendersville, Adams county, Pa.

STEAM LIME-MILL, CORNER OF WEST AND RAILROAD STREETS, NEAR THE FOUNDRY.—The subscriber, having leased the Steam Mill of Mr. C. W. HOFFMAN, in this place, has had it thoroughly repaired, by placing in it the necessary machinery for grinding Limestone. The mill is now in operation and I am ready to supply any demand for this useful Fertilizer. GROUND LIME-STONE is now conceded by those who have tested it, to be a much better Fertilizer than Burnt Lime, or indeed any of the other Fertilizers generally applied to land. The following Certificate from Mr. DIEHL, an extensive farmer, and highly respectable citizen of Adams county, will attest the truth of this assertion.

☞"I have been trying the Ground Limestone on my land for the last four years and find it to be a better fertilizer than the Burnt Lime, and cheaper. It has given satisfaction in the first crop. PETER DIEHL."

Numerous other certificates of like character could be produced, but this is sufficient.

☞Farmers are requested to send in their orders and to give it a trial.
