HEAL THE SICK .- Diseases of the Bowels and Stomach are always caused by large deposits of hurtful matter, left by bad or impure blood in those important organs, and the poi-sonous material in this vitiated blood, acting on the system, makes it too weak to throw off this matter by the natural channels, or if any is carried off it is a very small portion. So arise diarrhosa and dysentery; cholic, costiveness, had breath, indigestion, nausea, loss of appe-tite, belching of wind off the stemach, etc. · To cure all these "the blood is the life." and must be perfectly puze and clean, then you cannot be sick.
