All Sorts.

The Seventeenth Kentucky Regiment

The flag of the Seventeenth Kentucky Regiment, which was so gallantly carried on the field of Shiloh, was the same which was presented to Col. McHenry and his command by the loyal ladies of Owensboro'. They gave it as a compensation to the officers of the regiment for the vituperation and insult that had been heaped upon them while encamped in that place, by the "Secesh" women there. A correspondent of the St. Louis Republican says that a sergeant of the regiment, who was acting as color-bearer, was struck down by a cannon ball, and a Rebel officer seized the flag to bear it off as a trophy, when a private rushed from the ranks, drove his bayonet into the officer, regained the cherished gift, and rejoined his comrades, but fell dead as he reached the ranks, completely riddled by balls. That flag, so dearly cherished, will never fall into an enemy's hands while a man of the noble Seventeenth survives to defend it.

GENERAL NELSON.—Our brave, gruff General Nelson, proved himself *the* hero of the day at the Pittsburg battle, leading the regiment into the fight as he wished to engage them. During the thickest of the battle, it is said that he was pacing thoughtfully up and down in rear of a regiment which was charging, when suddenly he wheeled round to some one near him and remarked:—"My division is fighting fifty thousand of them and whipping them too." He passed immediately in my rear once, says a correspondent, when the balls were flying thick as hail, and his voice rose clear above the din of battle as he sung out, "Make it too hot for them, my lads."—Throughout the entire day he seemed to be *ubiquitous*. At one moment on the right and the next on the left.

☞A late despatch from General McClellan gives the particulars of a gallant assault and capture of a Rebel earthwork by five companies of the Massachusetts First and Eleventh Regiments, with a loss of three killed and twelve wounded. They also captured thirteen prisoners and destroyed the work, which was intended to harass our gunners in working one of the batteries. There was considerable cannonading along the lines on Friday to check the progress of our works, which were, however, not responded to, it being the intention of General McClellan to use none of his siege guns until all are in position. One of the gunboats shelled the Rebel works at Yorktown, which responded without damage.

BALTIMORE, April 23.

I learn that the recent rains have caused an unusual rise and freshet in the Potomac river. The passengers and trains that left here yesterday, after reaching Harper's Ferry, were obliged to return in consequence of two or three spans of the temporary bridge recently constructed there having been swept away.

It is said—seeing the water was about to rise to an unusual height—several cars filled with coal had been piled upon the bridge, in order to press it more firmly against the abutments, so as to resist the pressure of the water. The bridge, however, with the cars upon it, and three men, were all swept off together, and the men drowned. The damage will be repaired in a day or two, and the trains will then run as usual. Other damage has been done by this freshet, doubtless, to a considerable extent elsewhere. Streams everywhere in the country are much swollen.

A COMMISSION ON NATIONAL DEFENCES is about to be provided for by Congress.—It is to consist of six members, two of whom shall be officers of the army, two of the navy, and two civilians distinguished for scientific attainments. The duty of these commissioners shall be a thorough examination of the subject of national defences, and all appropriations made for that purpose by Congress must be expended under their direction.

Something New!

BEAUTIFUL ILLUSTRATED MAP ON THE PRESERVATION AND CULTURE OF FRUIT AND ORNAMENTAL TREES.

COPIES are being published, which contain many magnificent Engravings, such as Trees and various kinds of fine Fruit and Fruit Trees, some of the finest specimens that have ever been put on paper. The Fruit Trees are set with abundant burdens of fruit, similar to that which nature presents in proper season. The trees are represented as having their roots running through the soil in a natural position, and the Engravings of Trees are beautiful and grand. It also contains a fine Engraving which represents the innumerable thread-like roots of a vigorous tree running through and over the soil. The Root Engraving covers ten inches in diameter on paper, and also forms a magnificent engraving, which cannot help but prove gratifying to the eyes of all who may behold it. Such an engraving has never been printed on paper before. The engraving of roots not only proves admirable to the sight of the eye, but is designed to prove of great importance to all who take an interest in the cultivation of fruits, and how to treat fruit trees properly.

A COPY contains Twenty-five different Engravings of Trees, Fruits, etc., composed of Evergreens, Forest, Apple, Peach, Dwarf Pyramid Pear and Cherry Trees, &c. The Fruit Engravings comprise Raspberries, Gooseberries, Blackberries, Currants, Grapes, Plums, Apricots, Pears, Peaches, Apples, etc., and are all colored by hand to represent the natural fruit, and are accompanied with printed matter of great importance, and forms a copy in size 32 by 40 inches, on map paper, with muslin back and face varnished.

A COPY, with its numerous engravings, will be gratifying to the eye, and forms an admirable ornament for the wall of the parlor, and will richly beautify any apartment with horticultural matter of much importance and fancy. These copies are published at a very heavy expense Twenty-five dollars have been paid to a scientific artist for forming the plates of single engravings of trees, roots, etc. But, in order that many can obtain such copies at a trifling figure, the price for a copy will be made so low, that fifteen persons can now obtain copies for the sum that has been paid for single engravings of trees, etc.

A COPY contains printed matter of much importance and great value. It will tell how to treat all kinds of Fruit Trees to render them very vigorous and productive, even in unfavorable seasons. It will tell how to prepare the soil without inconvenience before planting the trees in; to strengthen trees much in vigor, and to prove the productiveness of abundant crops, even in unfavorable seasons or locations, with proper and easy after treatment.

A COPY will tell how to prepare and plant all kinds of Fruit and Evergreen Trees, so as to prove successful, with scarcely ever proving a failure in a lot of many trees when properly treated as directed. It will tell how to train and plant Dwarf Pear Trees. It contains the most successful treatments for the culture of the Plum. It will tell how to train and cultivate the Grape.

A COPY will tell how to cultivate and treat Strawberries, Currants, Raspberries, Blackberries, Gooseberries, etc.

A COPY will tell how to treat Peach trees, to restore their roots healthy from the disastrous effects of worm insects. It will tell how to make use of an application over the soil surrounding the tree to protect the Peach and other tender fruits from the effects of being winter-killed in the bud. The same application also restores Peach trees from taking the yellows. The application has the beneficial effects to present the foliage of the trees healthy and the tree vigorous, and proves to the productiveness of luscious fruits. The application to be applied is not expensive. All have sufficient materials on their plantations.

A COPY will tell how to Preserve all kinds of Fruits with little or no sugar. It will tell how to keep Apples with much success. It will tell how to treat and manage Pears to mature perfectly, and to attain to the highest flavor.

A COPY presents its numerous pictures all at a glance, and forms such an ornament for the wall as will be admired by all lovers of art, drawn from nature's products.

These copies are published by

H. F. M. PETERS,

The New Remedy for
RHEUMATISM.

DURING the past year we have introduced to the notice of the medical profession of this country the *Pure Crystalized Chloride of Propylamine*, as a REMEDY FOR RHEUMATISM: and having received from many sources, both from physicians of the highest standing and from patients, the MOST FLATTERING TESTIMONIALS OF ITS REAL VALUE in the treatment of this painful and obstinate disease, we are induced to present it to the public in a form READY FOR IMMEDIATE USE, which we hope will commend itself to those who are suffering with this afflicting complaint, and to the medical practitioner who may feel disposed to test the powers of this valuable remedy.

ELIXIR PROPYLAMINE, in the form above spoken of, has recently been extensively experimented with in the PENNSYLVANIA HOSPITAL, and with MARKED SUCCESS (as will appear from the published accounts in the medical journals.)

☞It is carefully put up ready for immediate use, with full directions, and can be obtained from all the druggists at 75 cents per bottle, and at wholesale of

JUDSON'S

Mountain Herb Pills.

WE give a perfect likeness of Tezuco; a chief of a tribe of the strange Aztec Nation, that once ruled Mexico. You will find a full account of him and his people in our Pamphlets and Almanacs—to be had gratis, from the Agents for these Pills.

The inventor and manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in traveling, having visited nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "MOUNTAIN HERB PILLS" were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphlet.

It is an established fact, that all diseases arise from

IMPURE BLOOD!

The blood is the life Fund when any foreign or unhealthy matter gets mixed with it, it is at once distributed to every organ of the body.—Every nerve feels the poison and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood by once part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body: they are, therefore, unrivalled as a

CURE FOR BILIOUS DISEASES.

Liver Complaint, Sick Headache, &c. This *Anti-Bilious* Medicine expels from the blood the hidden seeds of disease, and renders all the fluids and secretions pure and fluent, clearing and resuscitating the vital organs.

Pleasant indeed, it is to us, that we are able to place within your reach, a medicine like the "Mountain Herb Pills," that will pass directly to the afflicted parts, through the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health.
