All Sorts.

A Narrow Escape.

Corporal YOUNG, Company K, 1st Regt. Reserve Corps (Capt. BAILEY'S), had a narrow escape last week. On the 28th, while on the march to Fredericksburg, his musket went off accidentally. The ball entered just under the eyebrow, and passed out at the top of the head; and, extraordinary as it may appear, it made only a slight flesh wound, not fracturing the skull. He will be well in a few days.

We are glad to hear that the boys are all well. They were opposite Fredericksburg, Va. (at Falmouth), on the 30th ult. Lieut. STEWART, Adjutant of the Regiment, makes a very fine officer.—*Sentinel.*

☞A letter was received last night from Quincy, Ill, which gives the cheering news that Lieut. BAUGHER is improving, and will "weather the storm."—*Ib.*

☞In the House of Representatives, on Tuesday last, Mr. MCPHERSON presented the petition of Rev. Drs. SCHMUCKER and SCHÆFFER, and Professors STŒVER and MUHLENBERG, and other citizens of Adams county, Pa., in favor of the establishment of a Professorship of German in the U. S. Military Academy at West Point; also, one from Gov. Curtin and members of the Legislature of Pennsylvania to the same effect.

WASHINGTON, April 29.

The interest in the proceedings of the House increases day by day, as the scorching invective and skillful dissection of Washburne and Holman scarify the tough skins of the plunderers and sharpers who have hung like leeches on the Treasury.—To-day several passages occurred between members that for a time threatened disorder on the floor, and out of which trouble may yet ensue in the field.

Mr. Roscoe Conkling denounced Mr. Washburne as "surly," and in reply, Mr. Washburne called "that creature" to order. This chaste opening was followed by skulking coward," and mutual acknowledgments that Congress was no place for adjustment, but that there was a place of settlement, for a call to which each party pledged himself to be in readiness.

WASHINGTON, April 30.—Brigadier General W. T. Sherman was to-day nominated a Major General of the volunteers at the special request of Gen. Halleck, for distinguished gallantry and generalship at Pittsburg, Tennessee. It will be remembered that he became successor to Gen. Anderson in October last, in the Department of Kentucky and Tennessee, and resigned that command because he would not meet the expectations of the then Secretary of War by advancing into Tennessee with only 20,000 badly armed and ill-disciplined men.

When asked what force was needed he replied that before an efficient advance on the several lines proposed could be safely made there should be 200,000 men in the Department. This reply was made the subject of severe comments by the press, but his friends say that subsequent events have shown the wisdom of the estimate.

☞Gen. Strong, the present military commander of the post at Cairo, Illinois, had all the Government stores removed to wharf boats, or placed in the upper stories of the national warehouses, when the recent flood came. Finding the danger imminent, he offered a large price for the services of laborers for a few hours in securing Government property. Although there were a large number of unemployed men in town, they almost uniformly refused, demanding a most exorbitant price for their services, thinking probably he would have no other alternative than to give it. Highly incensed at this unpatriotic and ungenerous conduct, Gen. Strong ordered out the military patrol, and seizing on some thirty idlers whom he found loafing at the corners of the streets and in various saloons, he set them to work at the point of the bayonet. The hint was not lost and he soon had a plenty of workmen at a fair price.

A BRAVE WOMAN AND DEVOTED WIFE.—Among the women who have figured during the present war, and whose name will appear hereafter on the pages of history, is Mrs. Brownell, wife of Orderly Sergeant R. D. Brownell, of the Rhode Island Volunteers, and cousin to the avenger of the lamented Ellsworth. Mrs. Brownell accompanied her husband to Newbern, and was in the midst of the battle at that place. On account of the suddenness of the engagement, the regiment had not brought out their colors. In this emergency Captain Grant drew forth a small American flag from his bosom and gave it to Mrs. Brownell, who held it up and cheered the men as they rallied about it.

Fifteen minutes afterward, hearing that her husband had been wounded, she hastened to his side and assisted in carrying him off the field to the hospital, where she nursed him, with all the other wounded men brought in. On one occasion she was insulted by a Rebel officer, when she drew a revolver and shot him, wounding him badly. The fellow succeeded, however, in getting away. Mrs. Brownell is only 20 years of age, and a very charming lady.—Her husband, though badly wounded, is doing well and will soon be enabled to resume his duty.

☞A well sunk at any point along Saginaw river, Mich., to the depth of 700 feet, will bring to the surface the strongest and purest salt brine found anywhere in the United States. It is now but two years since its discovery, and already over $200,000 have been invested in this branch of business, and new companies are forming almost daily to sink new wells and manufacture salt. The result, as proved, is, that salt can be made at 60 cents per barrel, and sold at the works at $1.30 to $2 per barrel.

☞Gen. Scott is now living at Elizabeth city, N. J. He was received there, a few days ago, by the citizens, in a very cordial manner. He says his bodily ailments press severely upon him, and his limbs are fast giving way, but that he can read and write as well as in his younger years, and his faculties are in no way impaired.

☞Emigration from England to Utah, of Mormon proselytes, still continues steadily on the increase. Does the London *Times* deem this an evidence of the superior inteligence of the English masses? Who can tell?

BEAUTIFUL ILLUSTRATED MAP

ON THE PRESERVATION AND CULTURE OF FRUIT AND ORNAMENTAL TREES.

COPIES are being published, which contain many magnificent Engravings, such as Trees and various kinds of fine Fruit and Fruit Trees, some of the finest specimens that have ever been put on paper. The Fruit Trees are set with abundant burdens of fruit, similar to that which nature presents in proper season. The trees are represented as having their roots running through the soil in a natural position, and the Engravings of Trees are beautiful and grand. It also contains a fine Engraving which represents the innumerable thread-like roots of a vigorous tree running through and over the soil. The Root Engraving covers ten inches in diameter of paper, and also forms a magnificent engraving, which cannot help but prove gratifying to the eyes of all who may behold it. Such an engraving has never been printed on paper before. The engraving of roots not only proves admirable to the sight of the eye but is designed to prove of great import ce to all who take an interest in the cultivation of fruits and how to treat fruit trees properly.

A COPY contains Two and a Five different Engravings of Trees, Fruits, etc., composed of Evergreens, Forest, Ornamental, Peach, Dwarf Pear and Pear on Quince Trees, &c. The Fruit Engravings comprise Raspberries, Gooseberries, Blackberries, Currants, Grapes, Plums, Apricots, Pears, Peaches, Apples, etc., and are all colored to depict to perfection. The Engravings are accompanied with printed matter of great importance, and forms a copy in size 32 by 40 inches on drawing paper, with muslin back and four varnished.

A COPY, with its numerous engravings, will be gratifying to the eye, and forms an admirable ornament for the wall of the parlor, and will visibly beautify any apartment with horticultural matter of much importance and interest. These copies are published at a very heavy expense. Twenty-five dollars have been paid to a scientific artist for forming the plates of single engravings of trees, roots, etc. But, in order that many can obtain such copies at a trifling figure, the price for a copy will be made so low, that fifteen persons can now obtain copies for the sum that has been paid for single engravings of trees, etc.

A COPY contains printed matter of much importance and great value. It will tell how to treat all kinds of Fruit Trees to render them very vigorous and productive, even in unfavorable seasons. It will tell how to prepare the soil without inconvenience before planting the trees in; to strengthen trees much in vigor, and to prove the productiveness of abundant crops, even in unfavorable seasons or locations, with proper and easy after treatment.

A COPY will tell how to prepare and plant all kinds of Fruit and Evergreen Trees, so as to prove successful, with scarcely ever proving a failure in a lot of many trees when properly treated as directed. It will tell how to train and plant Dwarf Pear Trees. It contains the most successful treatments for the culture of the Plum. It will tell how to train and cultivate the Grape.

A COPY will tell how to cultivate and treat Strawberries, Currants, Raspberries, Blackberries, Gooseberries, etc.

A COPY will tell how to treat Peach trees, to restore their roots healthy from the disastrous effects of worm insects. It will tell how to make use of an application over the soil surrounding the tree to protect the Peach and other tender fruits from the effects of being winter-killed in the bud. The same application also restores Peach trees from taking the yellows. The application has the beneficial effects to present the foliage of the trees healthy and the tree vigorous, and proves to the productiveness of luscious fruits. The application to be applied is not expensive. All have sufficient materials on their plantations.

A COPY will tell how to Preserve all kinds of Fruits with little or no sugar. It will tell how to keep Apples with much success. It will tell how to treat and manage Pears to mature perfectly, and to attain to the highest flavor.

A COPY presents its numerous pictures all at a glance, and forms such an ornament for the wall as will be admired by all lovers of art, drawn from nature's products.

These copies are published by

DURING the past year we have introduced to the notice of the medical profession of this country the *Pure Crystal Chloride of Propylamine*, as a REMEDY FOR RHEUMATISM, having received from many sources, coin from physicians of the highest standing an immense quantity of the MOST FLATTERING TESTIMONIALS OF ITS REAL VALUE in the treatment of this painful and obstinate disease, we are induced to present it to the public in a form READY FOR IMMEDIATE USE, which we hope will commend itself to those who are suffering with this afflicting complaint, and to the medical practitioners who may feel disposed to test the powers of this valuable remedy.

ELIXIR PROPYLAMINE, in the form above spoken of, has recently been extensively experimented with in the PENNSYLVANIA HOSPITAL, and with MARKED SUCCESS (as will appear from the published accounts in the medical journals.)

☞It is carefully put up ready for immediate use, with full directions, and can be obtained from all the druggists at 75 cents per bottle, and at wholesale of

MOTHERS, TAKE HEED!

BROWN'S BRONCHIAL TROCHES

A Slight Cold, Cough, Hoarseness, or Sore Throat, which might be checked with a simple remedy, if neglected, often terminates seriously. Few are aware of the importance of stopping a Cough or Slight Cold in its first stage; that which in the beginning would yield to a mild remedy, if not attended to, soon attacks the lungs.

Brown's Bronchial Troches were first introduced eleven years ago. It has been proved that they are the best article before the public for Coughs, Colds, Bronchitis, Asthma, Catarrh, the Hacking Cough in Consumptian, and numerous affections of the Throat, giving immediate relief.

***Public Speakers and Singers,** will find them effectual for clearing and strengthening the voice.*

Sold by all Druggists and Dealers in Medicine, at 25 cents per box.
