The negroes, as a general thing, it is further said, are not in favor of the organiza-tion. Large numbers of them have fled, fearing that if they remained near the army

President Lincoln on Monday issued the following important proclamation:

HILTON HEAD, S. C., May 9, 1862. "GENERAL ORDERS, No. 11 .- The three States of Georgis, Florida and South Caroline, comprising the Military Department of the South, having deliberately declared themselves no longer under the protection of the United States of America, and having taken up arms against the said United States, it became a military necessity to declare them under martial law. This was accordingly done on the 25th day of April, 1862. Slavery and martial law in a free country ere altogether incompatible.
