LABOR SAVING

WASHING MACHINE

The undersigned is now selling the right for the sale of C. W. TIPTON'S CELEBRATED WASHER at Gettysburg, and would say to any person wishing to purchase a labor-saving machine that this is positively the best machine now in use. It is constructed on entirely new principles, and is the best that has been offered to the public. Among the many advantages of this machine over all others are the following: It washes the clothes in less than half the time required by any other machine now in use. It does not injure the most delicate fabric. It will wash a tub full of clothes in two minutes. It will wash as clean in cold water as any other machine will in hot water. It will wash as clean in hard water as in soft water. It will wash as clean in dirty water as in clean water. It will wash as clean in muddy water as in clear water. It will wash as clean in salt water as in fresh water. It will wash as clean in sour water as in sweet water. It will wash as clean in alkali water as in acid water. It will wash as clean in any kind of water as in any other kind of water. It will wash as clean in any quantity of water as in any other quantity of water. It will wash as clean in any temperature of water as in any other temperature of water. It will wash as clean in any condition of water as in any other condition of water. It will wash as clean in any color of water as in any other color of water. It will wash as clean in any smell of water as in any other smell of water. Certificate.

I, [illegible] COUNTY, PA., do hereby certify that I have used one of the above WASHING MACHINES, manufactured by [illegible] and sold by C. W. TIPTON, of Gettysburg, and that I consider it a valuable improvement on the old mode of washing clothes. I would recommend it to all persons in the county who desire a labor-saving machine. The machine is constructed on entirely new principles, and is the best that has been offered to the public. Among the many advantages of this machine over all others are the following: It washes the clothes in less than half the time required by any other machine now in use.
