There was this difference in the effect of these medicines from all others:-Instead of drying up the secretions and matter, as other medicines had done, they seemed to ripen the matter and expel it in the form of expectora-tion, which was very collins, at the same time the secretions were restored to their na CAR-TOPS, PIAZZAS, tural and healthy condition, and the blood began again to circulate naturally.

Yours, truly, G. W. LANNIN Place of business, 607 Arch sti, Philada. PHILADELPHIA, Pa., Dec. 27, 1861. Dn. J. H. SCHENCE-Dear Sir: As it is doubted by many that Consumption is ever reader will listen to the following plain state-ment of facts:—In the fall of 1860 I contracted a heavy cold, which produced a dry, hacking cough, attended with headache, loss of appetite, constipution and an increasing debility.
I placed myself under the care of an eminent physician of this city, and remained under his care several months, and followed the directions strictly; but kept getting weaker and worse all the time. I lost in three or four months, twenty-eight pounds of flesh. I was exceedingly feeble, had a very bad cough and pain in my chest, hectic fever and conjous night sweats. About this time I was taken with an excessive bleeding from the lungs, and raised

nearly a quart of blood.

In this alarming condition I felt I must die TURING COMPANY soon if I was not speedily helped, and many of my friends thought there was not much hope for me. I procured some of Dr. SCHENCK'S
PULMONIC SYRUP, which seemed to agree
with me. I then sent for Dr. Schenck, who came over to my residence, in Mantua, and examined my lungs carefully with his respirometer, and found my right lung very much diseased and my other lung in an ulcerated condition. He prescribed, in addition to his Syrap, the free use of his MANDRAKE PILLS and SEA-WEED TONIC. I determined to give his medicine a fair trial, as I felt that if he could not cure me no one else could. It was not long before I felt his medicines were doing

I continued using the medicines for three or four mouths, until all the matter was expelled from my lungs, and they were entirely healed and sound. I regained were entirely healed and sound. I regained my flesh and strength, and am well and hearty to-day, and able to attend to my business as usual. I have recommended Dr. Schenck's medicines to many of my friends who were complaining always with benefit. I am satiscomplaining, always with benefit. I am satis-fied I had the Consumption, and was entirely cured by Dr. Schenck; and I am fully persuaded that, if the consumptives would persevere in the use of his medicines and follow strictly the TWENTY-FIVE PER CENT. FROM OUR directions, the majority of them would be cured.
