Local & General.

REMOVAL.

The COMPILER OFFICE has been removed two doors north of the old location—that is, two doors nearer the Post Office. Our new quarters are much more commodious—more convenient and desirable. We are pleased with the change, and think our friends will be on visiting us.

Our facilities for executing work have been considerably enlarged. With two presses, and an increase of materials generally, we will be enabled to do jobbing more expeditiously than heretofore.

We have incurred some expense in these improvements, which it is hoped those in arrears will not overlook. A little help from them would come very good to us.

ABOLITION MOB IN PHILADELPHIA.

The Ruffians Tear Off the News Bulletin and Threaten the Age Office—Cowardice of the Mayor and Police.

The Philadelphia *Age* of Saturday week contains the following account of a very gross outrage:

The excitement in the city of Philadelphia has, as all know, been great during the last few days, relative to an anxiety for obtaining the latest and most reliable news from the seat of war, and as a consequence, the offices of all the leading newspapers have been continually crowded, and every line placed upon their bulletin boards read with intensified eagerness and avidity.

The office of the *Age* being situated upon the most prominent part of Chestnut street, the leading thoroughfare of the city, in conjunction with the belief prevailing in the community, that the current events of the day would be truthfully and without unnecessary display, announced from its door, kept around it from early morn until late at night a constant throng of anxious inquirers, most of whom felt concerned because of having dear and loved ones away from their homes, fighting to maintain the Constitution and the laws, and to perpetuate every privilege gained in days of yore—one, and not the least of which was, to enjoy freedom of the press—to publish to the people all matters of fact and opinion which interest and concern them.

The custom has long prevailed amongst the newspapers of announcing upon their bulletin boards, in placard form, the titles of the leading articles of each edition, and also publishing in like manner important telegraph news as soon as received. This practice has been conformed to by the *Age* from the morning of its first publication, and yesterday there appeared upon the board placards with the following inscriptions:

On the east side of the Board:

"Another terrible disaster—Retreat of our army—Rebel cavalry advancing on Falmouth—Capture of Grand Gulf—500 prisoners, arms, &c.

EDITORIAL.

General Sigel Snubbed.

The moral of the campaign.

The arbitrary arrest of Clement L. Vallandigham."

On the west side of the Board:

"From the seat of war.

Our army retreated to Falmouth.

Rebel cavalry advancing on Falmouth.

Capture of Grand Gulf, 500 prisoners, arms, &c.

EDITORIAL.

General Sigel Snubbed.

The moral of the campaign.

The arbitrary arrest of Clement L. Vallandigham."

In the afternoon, a little before three o'clock, a crowd collected around the board, and one of them made a furious passage at the placard on the east side, and tore it to fragments. One of the employees in the office, feeling outraged at this [illegible] action of the meanness, stepped forward and remonstrated with the ruffian. The [illegible] man was immediately set upon by a gang, one of whom flourished a knife, and it was fortunate for the clerk that he was safely ensconced inside the doors before it could be used upon him.

A vast multitude soon gathered around the doors and the police appeared in force, but the party who made the premeditated and unprovoked attack upon the premises were not arrested. Another placard was placed upon the Board bearing a similar inscription to the one removed, but it was no sooner posted there than again torn off by the miscellaneous crowd, who cheered exultingly as they saw no disposition up on the part of the police to arrest the offending parties.

Mayor Henry shortly afterwards appeared upon the ground, and obtained an interview with one of the proprietors of *The Age*. The Mayor suggested that the bulletin board had better be removed, to which Mr. Glossbrenner, representing the establishment, objected, stating that it was the means of advancing a legitimate business in a legal manner, and he desired to know if his Honor recommended a dispensation with that well-established right, to gratify a clamorous mob.

The Mayor replied that he did not recommend it to conform to the wishes of *the mob*, but he only gave it as the advice of a private citizen, and it must not be taken as his recommendation as chief magistrate of the city.

Mr. Glossbrenner declined to act upon the suggestion of the Mayor, and the bulletin board remained at the door.

By this time nearly the entire police were gathered around, and formed into platoons.—The chief of police gave general orders, and the guards extended in Chestnut street, from Fourth to Fifth, on Fifth street to Library, through Library street, upon portions of Fourth street, and upon the Post-office avenue. None were allowed to pass excepting connected with *The Age* office, or the post-office; and this strange appearance of matters was novel for Chestnut street. Window panes in the front door were smashed in, and a general attack upon the building threatened and properly provided for; but, although every effort was made up to midnight to create a more general furore than existed, and instigate an attack, the attempt failed, and at this hour, (midnight) all is comparatively quiet. Hundreds of personal and political friends of the proprietors visited the office during the afternoon and night.

During the afternoon, at frequent intervals, demands were clamorously made to "put out the flag." The *Age* has constantly floating, in fair weather, the flag of the Union, but to a demand for its display, thus made, no attention was paid.

We forbear to make any comment in this local column upon this new attempt to suppress the liberties of journalists in this city, and perhaps to incite to riot and bloodshed, but the general reader can best judge from the facts presented how long such a state of things can be safely allowed to exist, and how far such an infringement of private rights can be endured.

THE CLERGY AND CONSCRIPTION.—The Episcopal *Recorder*, an acknowledged organ of the Protestant Episcopal church, takes the following just and sensible view of the refusal of Congress to exempt clergymen from liability to the draft:

"Nor will there be any serious consequences from the refusal to grant this exemption.—Wherever a minister of the Gospel is useful to his people, and prefers to minister to them of Christ, they will gladly contribute for his relief the three hundred dollars the law prescribes for commutation. Should they not be ready to do this, or should the drafted minister be without a church connection which will pay this amount for his discharge, we cannot see that he has any public claims to be excused from the performance of that service, which, distasteful as it may be, every loyal citizen is now called upon to render."

We are willing that every truly Christian minister shall be exempt from the coming draft, but every one of them who has preached politics instead of the gospel of Christ should be *forced* into the army, and compelled to stand in the front ranks of every battle. That is the only thing we know of that will cure them of the disease called "Nigger on the brain."

☞ That is what the Washington (Penn'a) *Review* thinks about it—and we rather think three-tenths of the people will say "Amen!"

KALBFLEISCH'S.

Dr. Robert Horner's

NEW FAMILY DRUG AND PRESCRIPTION STORE,
CHAMBERSBURG STREET, GETTYSBURG.

Having retired from the active practice of my profession, I take pleasure in announcing to the citizens of Gettysburg and vicinity, that I have opened a

NEW DRUG STORE,

in the room formerly occupied by Drs. R. & C. HORNER, as an office, where I will constantly keep on hand a large supply of all kinds of

FRESH DRUGS,
MEDICINES,
CHEMICALS,
PERFUMERY,
TOOTH POWDERS,
DYE STUFFS,

DRY PAINTS, and
PAINTS ground in Oil,
OILS, expressed and distilled,
STATIONERY of all kinds,
Inks, Pens, Pencils, Paper, Combs, Brushes, &c.
PATENT MEDICINES.

All the popular Patent Medicines, together with a selection of pure WINES, BRANDIES and WHISKEY, for medicinal purposes only, always on hand. In a word, my stock embraces everything usually found in a first-class store of this description.

A large supply of fresh Drugs has been received, and others are arriving, which I am offering to the public on very accommodating terms. My Medicines have all been purchased under my personal inspection and supervision from the most reliable houses. I can therefore not only recommend them as pure and fresh, but can sell them cheap.

N. B.—PARTICULAR ATTENTION given to the treatment of all chronic diseases.

Reaper and Mower!

MANUFACTURED BY JOHN WANBAUGH, YORK, PA.

GREAT IMPROVEMENT.

PERFECT AS ANY SINGLE MOWER!
PERFECT AS ANY SINGLE REAPER!

SUPERIOR TO ANY OTHER COMBINED MACHINE!

BALL'S
IMPROVED OHIO REAPER AND MOWER.

BEST FOR REAPING AND BEST FOR MOWING!

HUNDREDS of certificates and testimonials in reference to its worth and practical utility, are on hand;—also, accounts of field trials, both as Mower and Reaper, where it has invariably proved *victorious*; but space will not permit of insertion in this advertisement.

There are several good machines in the market. You wish, when you purchase, to get the best, one that will be cheapest in the end—one upon which you can rely with a certainty that it will not fail when the rush and hurry of harvest work comes on, that will do reaping of any kind of grain, as well as mowing of any kind of grass, in the very best manner. Give one of our machines a trial if you please, and see if it answers the warranty and recommend. We hope you will institute a comparison between this and other machines. To aid you in finding these peculiarities, differences and advantages, allow me to point out a few as they exist in Ball's Machine.

It has an Adjustable Tongue which can be moved to the right and left, to avoid Side Draft, in both Reaping and Mowing.

It is the only machine that possesses the Rolling Motion of the Cutter Bar; this, in connection with the perfect adaptation of the inner and outer shoes to any surface, cause it to pass over the roughest ground, without liability of plowing or gouging into the earth with the guards and cutters.

The carriage is mounted on two driving wheels; in connection with each of these is a spur wheel and pinion, making the machine strong and durable. The relation between these two driving wheels is such, that they operate conjointly or separately, as circumstances may require. The result of this is, that when the machine is mowing on a cure, either to the right or left, the speed of the knife is retained, clogging avoided, and turning and backing made easy.

It has not one pound of side draft; the adjustable tongue positively controls this.

The weight of the tongue on the horses' necks is no more than in a common wagon.

Its draft is some less than that of a two horse plow in stirring fallow ground, or in plowing corn stubble.

There are no wheels on either shoe, but slides, which conduct the cutter bar smoothly and easily over the roughest ground, and also prevent all clogging in the near shoe as it passes over the cut grass, to which the necessarily small wheel attached to any shoe is often liable.

The ease with which the machine can be thrown in and out of gear, whether in motion or standing, is unsurpassed.

When the machine is out of gear the cutter bar can very easily be folded up, when the machine is as portable as a gig or sulky.

THE ONLY PERFECTLY COMBINED MACHINE.

It cuts well at a very slow motion; no machine can exceed it in this respect.

The drive wheels have the cogs on the interior face, which is the best form for bringing the greatest number of cogs in contact with the cogs of the pinion, thereby lessening the pressure on each, and of course diminishing the liability to break and wear.

The gearing is effectually protected from sand and dirt. The journals run in iron boxes *babbeted*; except the pitman box, which is of composition.

The machine can be changed from a Mower to a Reaper, and back again in fifteen minutes.

ADVANTAGES AS A REAPER.

The grain is delivered at the side of the platform, (which is the only true method of delivery,) entirely out of the way of the next round, so that the whole field can be cut without binding a gavel.

The Reaper is as light of draft as the Mower, easily drawn by two common horses. It will reap one and one-fourth acres per hour with a span of horses without injuring them. The raker rides on the carriage, where his weight does not increase the side draft, and where he can perform his work with ease, and deliver the grain in the best condition for binding.—The bar is made of cast steel, and has steel faced guards.

The weight of the Machine being all upon the two driving wheels, instead of one, the Machine is not so liable to sink in soft ground, having a bearing surface of ten inches.

The weight of the carriage as well as that of the raker and driver is thrown directly upon the driving wheels, by which the following advantages are gained: 1st. The wheels do not slip on the ground, causing the knife to clog. 2d. A powerful stroke of the knife is produced, enabling the Machine to cut the most difficult grain and grass without clogging. 2d. Side draft is thereby avoided.

The Machine, both as a Reaper and Mower, has a flexible cutter bar, which adapts itself to the uneven surface of the ground.

☞ With one span of common horses, Ball's Mower will cut from 10 to 15 acres per day.—Reaper from 15 to 20 acres.

Farmers will please remember that this Machine is made in York, and should it happen to break, it can be easily and soon repaired, without the trouble and expense of sending a distance for castings, &c.

☞ I also manufacture BRANT'S LANCASTER COUNTY GRAIN RAKE, the best in the market, and all other kinds of AGRICULTURAL IMPLEMENTS, constantly on hand.

JOHN WANBAUGH,
South Newberry St., York, Pa.

☞ Farmers wishing to purchase the above Machine can be supplied and get all the necessary information by calling on JOHN HOKE, Agent, at his residence, in Gettysburg.

Hardware

AND GROCERIES.—The subscribers has just returned from the cities with an immense supply of HARDWARE AND GROCERIES, which they are offering at their old stand in Baltimore street, at prices to suit the times. Our stock consists in part of

BUILDING MATERIALS,
CARPENTER'S TOOLS,
BLACKSMITHS' TOOLS,
COACH TRIMMINGS,
SHOE FINDINGS,
CABINET MAKER'S TOOLS,
HOUSEKEEPER'S FIXTURES,
ALL KINDS OF IRON, &C.,
GROCERIES OF ALL KINDS,

Oils, Paints, &c., &c. There is no article included in the several departments mentioned above but what can be had at this Store.—Every class of Mechanics can be accommodated here with tools and findings, and Housekeepers can find every article in their line. Give us a call, as we are prepared to sell as low for cash as any other house out of the city.

JOEL B. DANNER,
June 9, 1862. DAVID ZIEGLER.

Vinegar—Vinegar.

THE undersigned has commenced the manufacture of Vinegar, on Washington street, a few doors north of West Middle street, Gettysburg. He has been manufacturing this Vinegar for nearly one year, and it has given general satisfaction. The superiority of this Vinegar over all other manufactured Vinegar, consists in it being made entirely of grain, no acid of any kind being used in its composition, and free from everything injurious. It is strong, and at the same time pleasant to the taste, and has all the preservative qualities found in pure Cider Vinegar. He is prepared to wholesale this Vinegar in any quantity. Call and examine for yourselves. ADAM DIEHL.

Certificate.

WE, *the undersigned, hereby certify* that we have used in our families, for various purposes, the Vinegar manufactured and sold by ADAM DIEHL, and find it to be all that he represents it to be. We have fairly tested it and believe it to be superior in every respect, to any other manufactured Vinegar we have ever used, and would recommend it to all *persons*.

N. B.—See the index board near Flora Dale Post office. T. E. COOK & SONS,

Sept. 2, 1861. *Proprietors.*

DR. TOBIAS' celebrated Derby Condition Powders, for Horses and Cattle, for sale at Dr. HORNER'S Drug Store.

READY ROOFING,

NO. 73 MAIDEN LANE, NEW YORK.

This article is made of an extremely thick and strong woven fabric, invented and manufactured expressly for our own use, and is several times thicker than the cotton sheeting commonly used in all other composition roofing, and consequently far more durable.

From the superior thickness of this cloth, it receives, in saturation, a far greater amount of the water-proof composition, and when finished with the fire-proof coating on the surface, presents the most completely finished—and, we are confident, most durable—roofing now known. It needs no final coat applied on the roof, as all other kinds do.

IT IS "READY" TO NAIL DOWN.

It is manufactured and put up in rolls about one hundred feet long, and three feet wide; requiring only to be unrolled, and nailed on the roof.

In this convenient and finished state, it is especially worthy the attention of

HARDWARE MERCHANTS,
TINNERS, BUILDERS,

and all who buy to sell again. We do not hold out to such the prospect of enormous profits immediately, but we offer a really merchantable article, in demand every where, and at all times.

WE CALL ATTENTION TO A FEW POINTS!

1st. It costs only about half as much as tin, and is twice as durable.

2d. It is adapted to all kinds of roofs, whether steep or flat.

3d. It is not affected injuriously by heat or cold.

4th. Any ordinary workman can apply it.

5th. It is not the "cheapest" roofing.

6th. It is the best roofing.

This Roofing has been used in every variety of climate, from Canada to California, and we can most positively recommend it to be entirely proof against the changes of heat and cold that are so destructive to many other kinds of Roofing.

IT WILL NOT SOFTEN AND RUN IN HOT WEATHER.

IT WILL NOT CRACK IN COLD WEATHER.

It is a perfect protection against fire from the falling cinders and fragments from burning buildings adjoining this Roofing.

It is so elastic and strong that the

SHRINKING OF ROOF-BOARDS

does not injure it.

It is particularly valuable on Factories, Foundries, Sugar Refineries, Distilleries, and all buildings where the air is impregnated with gases or moisture, which rapidly corrode, from the inside, all tin and metal roofs.

FOR STEAMBOAT DECKS,
CAR-TOPS, PIAZZAS,

and all roofs used for walking on, this article answers far better than any metal roof—as it will bear such usage without cracking or breaking.

It is easily applied over old

SHINGLE ROOFS,
WITHOUT REMOVING THE SHINGLES.

Also the

GUTTERS

can be formed of this material, saving the expense of METAL ONES.

The cost of applying it is very light, and any ordinary roof can be finished in the same day.

PRESERVE YOUR ROOFS!

IF YOUR TIN ROOF LEAKS,

IF YOUR TIN ROOF HAS
SMALL RUST-HOLES IN IT,

IF YOUR TIN ROOF NEEDS RE-PAINTING,

our
LIQUID
GUTTA-PERCHA CEMENT

will effectually close up all the smaller RUST-HOLES, and form a heavy elastic body over the whole surface, that will prevent RUST and last many years longer than ordinary paint.

IF YOUR SHINGLE ROOF LEAKS,

IF YOUR GUTTERS LEAK,

IF THE JOINTS AROUND YOUR CHIMNEY LEAK,

IF YOUR SLATE ROOF LEAKS,

our
COMPOUND
GUTTA-PERCHA CEMENT

will completely fill up all the crevices in shingles, cover over the broken joints in tin and slate, form permanently adhesive, elastic coating around chimneys, sky-lights, etc., in all these situations will outlast any other article for this purpose now in use. This article is a thick, tenacious compound of

GUTTA-PERCHA,

and ingredients used extensively in Europe in the process of Kyanizing or preserving wood in railroad structures exposed to moisture and decay. This very useful property tends directly to arrest and prevent decay in the shingles, and will often save the necessity for several years of putting on a new roof. It is all that is worthy of a trial.

☞ All the above ROOFING MATERIALS will be furnished to

CHURCHES AND CLERGYMEN

at a reduction of

TWENTY-FIVE PER CENT. FROM OUR REGULAR RATES.

LIBERAL ARRANGEMENTS MADE WITH RESPONSIBLE AGENTS.

☞ CIRCULARS and SAMPLES sent free by Mail, Address

READY ROOFING CO.,
NO. 73 MAIDEN LANE,
NEW YORK.
