THE MONITOR—A CALL UPON THE DEMOCRACY OF HUNTINGDON.

The subjoined call for a mass meeting of the Democracy of Huntingdon county to take steps to re-establish the *Monitor* newspaper, recently destroyed by an Abolition mob, speaks for itself in unmistakable terms. We commend the example the action of the earnest Democrats of Huntingdon is furnishing to their neighbors throughout the State. We hope should a like misfortune befall any other Democratic newspaper, such as befell the *Monitor*, the Democracy of its county or district may be found as ready to respond to the demands upon their generous support as the spirit of the call we publish below indicates the Democracy of Huntingdon to be in this instance.

The outrage suffered by the *Monitor* may be one of a series elsewhere, under the auspices of the administration and the Loyal Leagues, yet to come. If such be the case, it devolves upon the Democracy everywhere to organize and be ready for the crisis when it comes. It is time we made up our minds whether to submit to or resist mobocracy and oppression from any source. Let the Democracy stand together—a front so imposing will overawe the minions of mob law and teach the projectors of oppression and persecution the difficulty and danger of tampering with the liberties of the people. —*Patriot & Union.*

HUNTINGDON, Pa., May 21, 1863.

To the Democracy of Huntingdon county: An important hour in the history of our country is upon us. The question which presses itself home to every freeman now is, shall the rights and the liberties of the citizen be preserved, or shall the violence of a bloody mob override the majesty of the law, and destroy both property and life? In a crisis like this we appeal to the sovereign people; they are alike the source of virtue and power, and their will, to be obeyed, need but to be known. True to the sublime cause of constitutional liberty in the early struggles, they will not desert it now, when the fires of persecution light its grand march to victory!

Feeling deeply, as all citizens who love law and order must feel, the outrage committed on the office of the *Monitor*, on Wednesday, the 20th inst., we hereby unite in a call for a *mass meeting* of the Democrats of Huntingdon county, to be held in the Court House, on Friday, the 29th of May, *at 1 o'clock P. M., to give expression to our utter abhorrence* of such violence and brutality, and to renew our allegiance to the rights of the citizen and the Constitution of the Union.

Freemen of Huntingdon county! shall your voice be hushed by the mob? Shall your property be destroyed, and your persons endangered, and that, too, in the name of liberty? Never! By the sacred altars of our fathers, we swear never, NEVER!

Then come in numbers and in power to the mass meeting, and in obedience to the law of the land, let us both assert and maintain our rights. The *Monitor* must be re-established, and every moment of delay bounds peril to our cause. Let there be a *thousand Democrats* in council. There is no man who loves liberty that cannot devote one day to its holy cause.

DESIGNS OF THE RADICALS.

Peace with the South—Its relation to the North.

By a telegraphic dispatch from Washington, which we published yesterday, we learn that a clique of Philadelphia politicians calling themselves "Loyal Leaguers," but better deserving the epithet of Royal Leaguers, headed by Morton McMichael and Mayor Gilpin, had arrived at Washington, and that Senators Wade and Chandler and Mr. Forney are their invited guests. The object of the visit and caucus is to organize forces for breaking up all political organizations in the loyal States hostile to the Republican party and for the suppression of every sentiment that is not in strict accordance with the views of the radicals. The new movement is to begin in Philadelphia; but is soon to be extended to other cities and localities. It is evident that the design of the Abolitionists is to create an insurrection in the North, in order to obtain an excuse for making peace with the South. With the generals and the means they are employing they are unable to put down the Southern rebellion, which was *produced* by the anti-slavery question, as was stated a few days ago by George Denning, the negro governorship, at the Abolition convention in this city, and tacitly admitted by Garrison, Wendell Phillips, Greeley, and all the leaders present.—And now they propose to foment another rebellion at the North by the suppression of free speech. But, let them beware, lest, like Frankenstein, they raise another monster which they cannot quell.—*New York Herald.*

☞ The N. Y. Herald, in common with the whole press of New York, and the respectable papers of Boston and New England generally, deprecates the proceedings against the Hon. Mr. Vallandigham; and advises the Administration to set him at liberty; but the recommendation is couched in its own peculiar, quaint style, more amusing than elegant. Here it is:

"The fall elections of last year were a grave lesson to the Administration that such acts are condemned by the country. But, like the Bourbons, they are incapable of learning anything or forgetting anything. They then appeared to have abandoned their *arbitrary and high-handed measures, in obedience to the rebuke of the people*; but they returned, like hogs that were washed, to wallowing in the mire. The sooner they repudiate the course of General Burnside, and set Mr. Vallandigham free, the better for themselves and the cause of the Republic."

Great Vallandigham Meeting in Troy, New York.—8,000 to 10,000 Persons Out.—The meeting at Troy, New York, on Saturday night week, to remonstrate against the Vallandigham outrage, exceeded all anticipations in the number of persons present and in the force of the demonstration.—The "protest" was earnest and significant.

From eight to ten thousand people were present. Ex-Mayor Watkins presided, assisted by one hundred Vice Presidents.—Most of the leading men in Troy were officers or present at the meeting. Hon. D. L. Seymour, ex-member of Congress, was among the speakers. Judge Paige, of Schenectady, wrote a letter sharply condemnatory of the arrest.

☞ Secretary Stanton's avowal of his intention to nullify that portion of the conscription law which exempts the conscript upon the payment of $300 is suggesting to certain evil disposed persons who are liable to the draft the propriety of nullifying the rest of that enactment. If the Secretary of War is not bound by the law of the land of course no one else is under any obligation to submit to it. This will be the certain result of the teachings of the administration if they keep on in their present contemptuous disregard of the law. Tom, Dick, and Harry, will only be too happy to follow the dangerous example set by Elwin and Abraham.—*World.*

☞ The annual pow wow of the American anti-slavery society, in New York city, on the 12th, was the occasion of the usual amount of blasphemy against the Constitution—the resolutions repeating the allegation that it is a "covenant with death and an agreement with hell." One of the speakers "thanked God for the war." Another declared that all the "Union Leagues" are Abolition societies. Very well; let them "own the corn."

RUSSELL'S SCREW POWER COMBINED REAPER AND MOWER,

WITHOUT COG GEARING. *THE LIGHTEST DRAFT MOWER IN THE WORLD.*—*It is the object of Farmers in purchasing a Machine* to buy the best and cheapest. Both these objects will be attained by buying Russell's Screw Power. The great amount of power lost in overcoming the friction of all Cog-geared Harvesters is saved in the Screw Power, by which we can offer the lightest draft Mower and Reaper in the world. This fact has been fully demonstrated by the various tests by Dynamometer and otherwise, to which the machine has been subjected during the last two seasons. Among the various points of superiority in this machine are the following:

The use of open malable iron guards, with a steel plate or face, ground to a cutting edge. This with the knives, gives a perfect sheer cut. Double Hinged Finger Bar.—No Mower can do good work, on all kinds of meadows, without a flexible bar. This bar can be raised and securely fastened, while passing from field to field. Patent Adjustable Reel, performing its work equally as well upon rough ground as upon a level field. There is no side Draft, or weight upon the horses' backs. New and peculiar form of Shoe, which will not clog when mowing, with a light play when the Reaper is attached. The subscriber who is Agent for this machine has fully tested it the last season, in wheat, grass, clover and oats, and feels satisfied that all who see this machine work will have no other. A specimen machine can be seen by calling on the subscriber, near Gettysburg, on the Harrisburg road.

WILLIAM WIBLE, Agent.

CERTIFICATES.—We certify that we went to the farm of William Wible last harvest, for the purpose of examining the work done by him with Russell's Screw Power Mower and Reaper. We found Mr. Wible cutting some of the very worst kind of lodged grain, and feel satisfied it could not have been done better by any other machine. It is the lightest draft machine we ever saw.

PHILIP WEAVER,
GEORGE BOYER.

We certify that we saw Mr. Wible mow with the above machine both in standing and lodged grass, with but one span of horses, and we consider it the best mower we ever saw.
