VITHOUT COG GRARING. THE LIGHTEST DRAFT MOWER IN THE WORLD.—It is the object of Farmers in purchasing a Machine to buy the best and chaptest. Both these objects will be attained by buying Russell's Screw Power. The great amount of Mower and Reaper in the world. This fact has been fully demonstrated by the various tests by Dynomometer and otherwise, to which the machine has been subjected during the last two seasons. Among the various points of superiority in this machine are the following:

The use of open malable iron guards, with a steel plate or face, ground to a cutting-edge. This with the knives, gives a perfect, sheer cut. Double Hinged Finger Bar.—No Mower can do good work, on all kinds of meadows, without a flexible bar. This bar can be raised and securely fastened, while passing from field the field. Patent Adjustable Reel, performing its work equally as well upon rough ground as upon a level field. There is no side Draft, or weight upon the horses' needs. New and peculiar form of Shoe, which will not clog when mowing, with a light play when the Reaper is attached. The subscriber who is Agent for this machine has fully tested it the last season, far wheat, grass, clover and oats, and feels satisfied that all who see this machine work will have no other. A specimen machine can be seen by calling on the subscriber, near Gettysburg on the Harrisburg road. CERTIFICATES,—We certify that we went to the farm of William Wible last harvest, for the purpose of examining the work done by him with Russell's Screw Power Mower and Reaper. We found Mr. Wible catting some of the very worst kind of lodged grain, and feel satisfied it could not have been done better by any other machine. It is the lightest draft machine we ever suw.
