## "Home again ?"

Our arrival home, last night week, was announced in a postscript in the Lompiler of the following morning. The reader will, therefore, no doubt expect to see quite a "nagrative" of our "travels" in this issue; but the expectation may not be fully realized, solely because we have not as much majorial for the undertaking as may be magniful. Still, we cannot allow so important an event in our history to pass without some mention.

On the afternoon of the fourth of July, we were waited upon at our residence by a military officer, who informed us that General, we have forgotten the name, at the Cometery, desired to see us. We went there, accompanied by a soldier, and for the first time received an intimation that of the way.

After remaining there until Saturday, the 18th, exactly two weeks from the date of our arrest, he agreed, no charges having arrived, to parole us, to report to that headquarters when required. Connected with this was the oath to support the Constitution of the United States and the Government founded mon the Constitution. A pass out of took our leave.

As to the nomination for the Legislature. our friends must permit us to say, we decline. We have always resisted similar solicitations, and have not changed our mind in the premises. There could be only one contingency in which we would allow ourself to be placed in the field and that contiugency the sensible part of the Republican leaders will never allow to arise.

APPEAL

N BRHALF OF THE THEOLOGICAL SEMINARY AND COLLEGE OF GETTYSBURG

The undersigned, representatives of the Theological and Collegiate Institutions of Gettysburg, feel alike called on and authorised by the present emergency, to address the Christian Public. In the Providence of God our quiet and orderly town, karetofore known only for its nurseries of literature science and religion, has been accepted. ture, science and religion, has been selected as the theatre for one of the fiercest, most extensive and eventful conflicts of the age; in common with all our loyal citizens; we ejoice that a gracious God has, notwith standing our national and individual sins, granted us a glorious victory. With humble gratitude/we rejoice in the hope, that this result will incline the enemies of our country to lay down the arms of their rebellion, and will tend to restore the unity, peace and prosperity of our government. For this victory, whilst we concede all due credit to the military genius of our officers, and the unsurpassed bravery of our soldiers, we desire to ascribe the chief glory to Him, who rules among the armies of heaven and inhabitants of earth, and without whose support and aid, all human efforts are vain.

In the meantime our Theological and Collegiate Institutions, together with the Professors' houses, have been made a sad scene of devastation and ruin. The ridge on which the greater part of these buildings Franklin county was not completed when the planted in the vicinity of these edifices, which were occupied by the enemy during the several days of conflict, and constantly THE FALLEN PENNSYLVANIANS AT principle of the existence of the State Constitution unimpaired, and no legal act having transpired that could in any way deprive them of the advantages conferred by the Constitution. But it is not only to those that our appeal is directed. Our Inot all creeds have been educated in them.
