The N. Y. Tribune and the Democracy.—The New York *Tribune* has for once diverged from its *erratic* course, and has blundered against an atom of candor, as will appear from the following sentence, characterising the northern Democracy: "The northern Democracy is not really pro-slavery, but anti-intervention; maintaining, not that slavery is right, but that we of the free States should mind our own business and let alone other people's."

☞President Lincoln has violated his faith, and Congress has violated its faith. Both have set the Constitution at defiance in the prosecution of the war. This is no injustice to those rebels who, of their own choice, are in arms against the Union, but is a tremendous injustice to all loyal and law abiding men throughout our country.—*Louisville Jour.*

Boston, Feb. 8.—The Malden Bank robber, and murderer of the son of the President of the Bank, has been arrested, in the person of Edward W. Green, the Postmaster of the place, who has confessed his guilt.—Most of the stolen money has been recovered.

Metropolitan Fair

IN AID OF THE UNITED STATES SANITARY COMMISSION.—TO OUR FARMERS—AN INVITATION.—The Ladies of the Metropolitan Fair in aid of the U. S. Sanitary Commission, address themselves with peculiar satisfaction to the Farmers of our Country.

We know that we appeal to generous natures—stout, warm hearts, ever ready to bestow of the gifts a good Providence has so munificently showered upon you, since the commencement of this deplorable war. You have given nobly of your hearts blood. Your sturdy sons and brothers are the glory of our Army and Navy; and those who remain to till the soil will cheerfully respond to our invitation, to assist in furnishing means for sustaining, nursing—comforting such as are suffering far from their homes.

Come then, we pray you, bring to us of the products which God has given you, whatever you can: oxen, cows, horses, (such have been already contributed,) or beef, mutton, pork, poultry, hay, oats, butter, cheese, eggs, grain or flour, apples, cranberries, nuts—anything that you can spare of your abundance.

The Fair will open on the 29th of March.—As it will probably continue for two weeks, contributors can send from time to time as may best suit their convenience.

Address all articles to Receiving Committee, West 14th Street, between 6th and 7th Avenues. Forward by any Express or Transportation Company.

Thorough theoretical and practical instruction in all branches pertaining to a finished Business Education.

The Philadelphia College stands first in the State, both in point of reputation and local advantages. The point aimed at is, to place Commercial Education where it belongs—in the front rank of useful instruction. To this end, a most thorough course of business training is adopted and carefully enforced, under the personal supervision of competent Professors in the various departments. The most perfect system of practical training ever devised has been put in operation, and is successfully carried out, affording to students advantages such as have hitherto been considered possible only in connection with the counting-house. After becoming proficient in the Science of Accounts, Penmanship, Commercial Calculations and Commercial Law, the student is advanced to the Practical Department, where he becomes an actual Book-keeper and Merchant; passes through the different Houses; acts in turn as Teller, Cashier, &c.; learns the duties and responsibilities of each office, and becomes thoroughly informed, not only in the forms which are in universal use, but in managing the affairs of business with system and despatch.

Scholarships issued at one point, are good, for an unlimited period, in the eighteen Colleges comprising the "chain."

Diplomas are awarded to those only who fulfill the prescribed course of study, and pass the requisite examination.
