revival of learning in the twelfth century, and received an undying impetus in the ages of the Reformation, and of discovery which followed. With the exception of the Italian republics, which possessed no enduring vitality, and at a later day those of Holland and Switzerland, monarchy, everywhere, the world over; was the only accepted form of policy.

It, was at length, after six thousand years of struggles by the race for the attainment of a perfect Government, that our wise forefathers, struck with the favorable conditions for a renewal of the experiment, reditions for a renewal of the experiment, rethe world over; was the only accepted form of policy.

Alast that these reflections should find so practical an application in the events of the times. We had a good Government. We possessed already what reductions in softer Governments set out to attain, and no prefersions to statesmanship should have been admitted which sought to jar the system or break it up.

I have read of a kinglet of the middle ages who was sing possessor of a shield of extraordinary refunces and workmanship. The inaternal way of the finest gold, and the device was emblayeaned with the rarets skill of the fartist. The whole was of matches becauty. It was yet defigured by a single blemish. In an evil hour its possessor, lestened to the heat of the furnace. The extraordinary proposed form of a shield of the firm of the fir He might make a new shield of the gold, but the one so consingly sculptured, and said day, when attendance will be given and so lengthly prized, was gone, alas! forever, terms made known by

The people of the United States are in the position of the knight, and their priceless third extheir constitution of the knight, and their priceless.
