SPECIAL NOTICES.

The Singer Sewing Machines.—Our LETTER A FAMILY SEWING MACHINE is fast gaining a world-wide reputation. It is beyond doubt the best and cheapest and most beautiful of all Family Sewing Machines yet offered to the public. No other Family Sewing Machine has so many useful appliances for Hemming, Binding, Felling, Tucking, Gathering, Guaging, Braiding, Embroidering, Cording, and so forth. No other family sewing machine has so much capacity for a great variety of work. It will sew all kinds of cloth, and with all kinds of thread. Great and recent improvements make our Family Sewing Machine most reliable, and most durable, and most certain in action at all rates of speed. It makes the interlocked stitch, which is the best stitch known. Any one, even of the most ordinary capacity, can see, at a glance, how to use the Letter A Family Sewing Machine. Our Family Sewing Machines are finished in chaste and exquisite style.

The folding Case of the Family Machine is a piece of cunning workmanship of the most useful kind. It protects the machine when not in use, and when about to be operated may be opened as a spacious and substantial table to sustain the work. While some of the Cases, made out of the choicest woods, are finished in the simplest and chastest manner possible, others are adorned and embellished in the most costly and superb manner.

It is absolutely necessary to see the Family Machine in operation, so as to judge of its great capacity and beauty. It is fast becoming as popular for family sewing as our Manufacturing Machines are for manufacturing purposes.

The Branch Offices are well supplied with silk twist, thread, needles, oil, &c., of the very best quality. Send for a PAMPHLET.

THIS old established Hotel, at the forks of the Baltimore and Emmitsburg roads, in the south part of Gettysburg, Pa., is now kept by the undersigned. His table is always supplied with the best the market affords—his bar with the different kind of liquors—whilst his chambers are spacious and comfortable.—There is large stabling attached to the Hotel, attended by a good hostler, and the yard is calculated to accommodate any number of wagons. The Hotel is located within a short distance of the Cemeteries, rendering it very convenient for persons visiting the battle ground. No effort will be spared to render satisfaction, and keep up the old popularity of the House. DAVID BLUEBAUGH.

ANDREW WINEMILLER, Idiotic, escaped from the Alms House of Adams county about six weeks ago, since which he has not been heard of, though every effort has been made to discover his whereabouts. His age is probably between 40 and 45 years, and his height say 5 feet 8 inches. When he left he had on a high-crowned black hat, a dark colored roundabout and drab colored pants. He does not speak English, and when asked where he is going, almost invariably answers, "to Kindlich's." Has a down look when spoken to. Any person giving information as to where he may be found will receive the thanks of

BANK OF GETTYSBURG will furnish 10-40 U. S. BONDS to any persons wishing to invest their money in that way.

GEO. ARNOLD, Cashier.

April 25, 1864.

C. O. D.

I HAVE placed my books in the hands of A. J. Cover, Esq., for collection.

Persons indebted to me for fees, &c., during my term as Register and Recorder, will have the goodness to walk up and settle immediately, as no further indulgence will be granted.

C. A. MARTIN.

U. S. 10-40 Bonds.

THESE Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in United States notes, or the notes of National Banks, adding fifty per cent. for premium,) or receive them drawing interest from the date of subscription and deposit. As these Bonds are

Exempt from Municipal or State Taxation,

their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay

OVER EIGHT PER CENT. INTEREST

in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest tender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 31 day of March, 1864, was $708,965,000. The inter-st on this debt for the coming fiscal year will be $47,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over $100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations to $150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not received from the United States Treasury until March 20, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the

First National Bank of Philadelphia, Pa.
Second National Bank of Philadelphia, Pa.
Third National Bank of Philadelphia, Pa.
AND BY ALL NATIONAL BANKS

which are depositaries of public money, and all RESPECTABLE BANKS AND BANKERS throughout the country (acting as agents of the National Depositary Banks,) will furnish further information on application and

AFFORD EVERY FACILITY TO SUBSCRIBERS.

SCREW POWER COMBINED REAPER AND MOWER,
IMPROVED FOR THE YEAR 1864.

Farmers wishing to purchase a good Machine—one of the most simple and durable that has been manufactured in our knowledge—a machine acknowledged by Mechanists, not surpassed to come the

of anything they ever saw. The machine has no side draft, no pressure on the horses' necks, and for lightness of draft

CANNOT BE SURPASSED.

It can be easily worked with a span of small horses, in the heaviest of grain or grass without clogging. It is easily changed from a

MOWER TO A REAPER.

This machine has given satisfaction wherever sold and used. Certificates have been published to that effect, which will be found in my circ
