HAVE YOU A COUGH? HAVE YOU BORE THROAT? Have you any of the premonitory symptoms of that most fatal disease, Con-SUMPTION?

DR. WISHART'S

PINE TREE

TAR CORDIAL,

Those who should be warned by these symptoma generally think lightly of them until it is too late. From this fact, perhaps more then any other, arises the sad prevalence and fatal-

ity of disease which sweeps to the grave at least "one sixth" of death's victims. Consumption has destroyed more of the hu-

man family than any other disease, and the best physicians for many years have despaired of a cure, or a remedy that would beal the lungs, but for more than two bundred years the whole medical world has been impressed

that there was a mysterious power and efficien-cy in the Pine Tree Tar to heal the lungs therefore they have recommended the use of Tar Water, which in many cases had a good effect ; but how to combine medical properties so as to heal the lungs, has ever been a mys tery until it was discovered by Dr. L Q.C WISHART, of Philadelohia, Pa., the proprie tor of "Wishart's Ping Tree Tar Cordial."

Many, not only of the people, but physicians of every school and practice, are daily asking me, "What is the principle or cause of your success in the treatment of Pulmonary Con-sumption?" My answer is this: sumption ?" My answer is this :

The invigoration of the digestive organs-BUGS, MOTAS IN TURS, WOOLENS, &C., INSECTS ON PLANTS, FOWLS, AMthe strengthening of the debilitated systemthe purification and enrichment of the blood

must expel from the system the corruption which scroful breeds. While this is effected by the powerful alterative (changing from disease to health) properties of the Tar Cordial, its healing and renovating principle is also acting upon the irritated surfaces of the lungs and throat, using training to each disensed part, relieving pain's subduing inflammation, and restoring a healthful tendency. Let this two-fold poner, the healing and the strengthening, continue to act in conjunction with constant recuperative tendency, and the pa-tient is saved, if he has not too long delayed a

resort to the means of cure. I ask all to read the following certificates

They are from men and women of unquestion able worth and reputation :---
