IMPORTANT AMENDMENTS TO THE ENROLLMENT ACT.

On Saturday week, both Houses of Congress finally passed a bill to abolish the $300 commutation clause of the enrollment act. The bill as passed embraces several other important changes in the present law, and is as follows:

The President of the United States may, at his discretion, at any time hereafter, call for any number of men as volunteers for the respective terms of one, two and three years, for military service. And any such volunteer, or in case of draft, as hereinafter provided, any substitute, shall be credited to the township, ward or city, precinct or election district, or of a county towards the quota of which he may have volunteered or engaged as a substitute. And every volunteer who is accepted and mustered into the service for a term of one year, unless sooner discharged, shall receive and be paid by the United States a bounty of one hundred dollars; and for a term of two years, unless sooner discharged, a bounty of two hundred dollars; and, if for a term of three years, unless sooner discharged, a bounty of three hundred dollars; one-third of which bounty shall be paid to the soldier at the time of his being mustered into the service, one-third at the expiration of one-half of his term of service. And, in case of his death while in service, the residue of his bounty unpaid shall be paid to his widow, if he shall have left a widow; if not, to his children; or, if there be none, to his mother, if she be a widow.

In case the quota or any part thereof of any town, township, ward, or city, precinct, or election district, or of any county not so sub-divided, shall not be filled within the space of fifty days after such call, then the President shall immediately order a draft for one year, to fill such quota, or any part thereof, which may be unfilled; and in case of any such draft, *no payment of money shall be accepted or received by the Government as commutation to release the enrolled or drafted man from personal obligation to perform military service.*

3. It shall be lawful for the Executive of any State to send recruiting agents into any of the States declared to be in rebellion, except Tennessee, Arkansas and Louisiana, to recruit volunteers under the provisions of this act, who shall be credited to the States and to the respective sub-divisions whereof which may procure the enlistment.

4. Drafted men, substitutes and volunteers shall be assigned to organizations from their own States, and, as far as possible, of their own selection.

5. Every person under sixteen, entered or mustered without the consent of parents or guardians, shall be immediately discharged upon repayment of bounty by him; and officers knowingly enlisting or mustering such person, shall be dismissed the service with forfeiture of pay and allowances, and be subject to court martial.

6. Drafts shall be for one hundred per cent. in addition to the number required to fill the quotas.

7. Drafted persons shall be allowed transportation to the place of rendezvous.

8. All persons in the naval service of the United States, who have enlisted in said service during the present rebellion, who have not been credited to the quota of any district by reason of being in said service and enrolled prior to February 24th, 1864, shall, upon satisfactory proof of residence made to the Secretary of War, be enrolled and credited to the quota of their place of residence.

9. Drafted men absent from home shall be notified as soon as possible, but shall not be determined deserters till reasonable time is given them to return.

10. The existing law is not changed with regard to persons conscientiously opposed to bearing arms.

How They get Food for Powder.—A most iniquitous decision under the Conscription law is to the effect, that, for every drafted man who fails to report another one shall be drawn to fill his place—the first one drafted, if subsequently captured, to be credited to the district on any future call. By these means the citizen who remains at home, determined to pay his commutation or enter the service, is made to suffer for the delinquency of the man who runs away, and is compelled to cover up the results of carelessness and incapacity on the part of Government officials. Justice is not at all to be regarded. No matter what man it is so that they get the number demanded. A man is but a machine—a something only necessary to complete numerical results.—So appear to think the Drafting Bureau. So do not think the people.—*Patriot & Union.*

☞ The man who is anxious that "the last dollar and the last man" shall be used in order to crush the rebellion and slavery was in town yesterday. He came to bid farewell to his son, who was just about leaving for Canada—for the benefit of his health!

☞ The Worcester *Palladium*, Republican, says: "There is a deep feeling among the people against perpetuating the order of things that has had prevalence the last three years."

☞ The Charleston *Mercury* states that twenty-seven Yankee prisoners there lately took the oath of allegiance to the Confederacy, and were released.

D., 1864, according to the provisions of an Act of the General Assembly of Pennsylvania, entitled "An Act prescribing the time and manner of submitting to the people, for their approval and ratification, or rejection, the proposed amendments to the Constitution."
