infection which we call SCROPCLA larks in the cour maltitudes of thes. It either produces or is produced by an en-feebled, vitisted state of the blood, wherein competent to sustain the vital forces in their rigorous action, and

leaves the system to decay. The errofulous contamination is variously caused by meravial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be he origin, it is hergitary in the constitution; descending the original to children nation. descending "from parents to children usto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the Luthers upon their children." The diseases it originates take various names, according to the organs at attacks. In the lungs, Scrobila produces tubercles, and finally Consumption; in the glands, swellings which supported and become piccrous sores; in the stomach and bowels, derangements which produce indi-gestion, dyspepsia, and liver complaints; on the skin, cruptive and entaneous affections. These, all having the same origin, require the same remedy, viz., purification and insignra-tion of the blood. Parify the blood, and these dangerous distempers have you. With feeble, foul, or corrupted blood, you cannot have health with that "life of the flesh healthy, you cannot have scrofulous disease. Ayer's Sarssparilla

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far supethe disorders it entains. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multimde of publisly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions. Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Formale Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Aven's American Almanac, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are bealthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of buman life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed, the test of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the fout corruptions that rot and feeter in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers vast importance of these considerations has functions, and thus expels the distempers which lurk within the system or burst out

on any part of it. We know the public have been deceived by many compounds of Karaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have liken proven by abun-dant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is assery different medicine from any other which has been before the people, and is far more ef-fectual than any other which has ever been

AYER'S CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Con-sumption, and for the relief of Consumptive patients in advanced stages of the disease This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to deall it has ever done.

DESPERSIA, DESPERSIA, DYSPERSIA. I, Elizancen Baauson, of Brandywine, Del. formerly of Old Cheeter, Oct. do certify that, for one year and a kall I suffered everything but death from that awfur disease called Dyspepsis. My whole system was prustrated with reakness and pervers debility; I could not digest my food; if I at even a crarker or the smallest amount of food, storould return just us I swallowed it; I become so costrois my bowels that I would not have a possege in less than for form our and other in its interest. than from four and often eight days; under this immenue sufficing, my mind seemed en-tirely to give way. I had dreadful horror and evil forebodings. I thought everybody based me, and I hated everybody; I could not bear my husband nor my own children, everything appeared to be horror stricken to me; I had o ambition to do an thing: I lost all my lore t family and home I would ramble and wander from place to stace, but could and be con-tended; I telt that I was doomed to hell, and that there was no heaven for me, and was of-fen tempted to commit suicide, so near was my whole nervous system destroyed, and sho ny mind, from that awful complaint, Dyapopa, that my friends thought hast to have me laced in Dr. Kirkbride's Hospital, West Phil. adelphin; I remained there aine weeks, and thought I was a little better, but in a few days my dreadful complaint was raging as and as ever. Hearing of the wonderful cares per-formed by Dr. Wishart's Great American Dyspepsia Pills and his treatment for Dyspepsia, my husband called on the Wishart and stated my case to him. He said he had no doubt he would cure me. So in three days after I called and placed myself under the Doctor's treated ment, and in two weeks I began to digest me food, and felt that my diseasewas fast giving way, and I continued to recover for aboutshree months, and at the present time I onjoy the feet health of body and mind, and I most sale. cerely return my thanks to a merciful God and Dr. Wishart, and to his great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an Insane Asylum and premature grave. All persons suffering with Dyspepsis are at liberty to call on me or write, as I am willing to do all the good I can for suffering bumanity. ELIZABETH BRANSON.

DYSPEPSIAL DYSPEPSIAL Dr. Wishart :-- I have been a constant sufferer with Dyspepsia for the last eighteen years, during which time I cannot say that I ever enjoyed a perfectly well day. There were times when the symptoms were more aggrava-ted than at others, and then it seemed it would he a great relief to die. I had at all times an umpleasant feeling in my head, but atterly my sufferings so much increased that I became al most unfit for business of any kind; my mind was continually filled with gloomy thoughts and torehodings, and if I attempted to change their current by reading, at once a sensation of icy coldness in connection with a dead weight, as it were, rested upon my brain; also, a feeling of sickness, would occur at the atomach, and great pain to my eyes, accompanied with which was the continual fear of losing my reason. I also experienced great lassitude, debility an ! nervousness, which made it difficult to walk by day or sleep at night. I became averse to society, and disposed only to seclusion, and having tried the skill of a sameber of eminent, physicians of various schools, finally cauge to the conclusion that, for this disease at my presentings (15 pears) there was no cure in existence. But, through the interference of Divine Providence, to wham I devoutly offer my thanks, I at last found a sovereign remedy in your Dyspepsia Pills and Tac Cordial, which seem towave effectually removed almost the last trace of my long list of eiler ed almost the last trace of my long list of sil-ments and bad feelings, and in their place health, pleasure and contentment are my every-day companions.
