No other investment can be so easily convertible. The man who has a note for \$50, or \$100 or \$1000, can turn it into money more readily, and upon better terms, than if it were invested

npon bond and mortgage, or in railroad stocks.

The interest offered is higher than east be realized from say-other sale and convertible investment. It is, moreover, readily collectable when due. To each note are affixed five "coupons," or interest tickets, due at the expiration of each successive half-year. The holdder of a note has simply to out off one of these COUDORS, present it at the represt bank or Gove ernment Agency, and receive his interest: the note itself need not be presented at all. Or & coupon thus payable will everywhere be equiv-5 slent. when due, to money. Thus, while this forn presents great advan-

tages to large capitalists, it offers special inducements to those who wish to make a safe and profitable investment of small savings. It 9 is in every way the best Savings' Bank; for every institution of this bind must somehow invest its deposits profitably in order to pay interest and expenses. They will invest largeo ly in this loan, as the best investment. But 7 from the gross interest which they receive
