HORRORS OF WAR.

If the choicest stores of Hell's harrors were at human command, could any negro, or negro advocate, find anything more dreadful, than some of the scenes present war, as enacted at the South? We sympathize deeply, with the sufferers of our own border, and would gladly do every thing in reason, to relieve the homeless and penniless people of Chambersburg, but it is simply the part of manhood now and ever to denounce the madness which called into this context black demons incurnate, instead purpose of employing Teachers to take charge. thing in reason, to relieve the homeless and of men. Numbers of names are mentioned of personal process. sons who were stripped of every particle of food and all their farming implements, &c., the negroes saying they were to have farms in Maryland, and would need tools. Their line of march produced a desert. Says the Richmond Enquirer :

Mr. Ben. English, after having every thing destroyed, was stripped, tied up, and given thirty-nine lashes with the cowhide. And more horrible, but only too true, twenty-five or thirty ladies were, violated by this party of negroes. I could give names, but deem it not best. Neither age nor color was spared by these demons, who were encouraged by their white officers.

A WORD TO AFPRENTICES.

In what way do you spend your leisure evenings? In idleness-in trivolous amuse ments—or in the company of those who will corrupt your morals? Remember if you would prepare yourselves for future usefulness, you must devote every spare moment to study. First, be industrious in your several employments during hours of business; never complain that it is your lot to work; count it an honor; go is your lot to work; count it an hohor; go about it with cheerfulness and alserity; it will become a habit and by becoming so will be a pleasure and a delight. Make it your first business to promote the interest of your employer; by taking care of his you will learn to take care of your own.

Bemember, that it is one of the besetting. Have constantly on hand a very large as-

sins of the young men of this extravagant and indolent age, to endeavor to get rid of work; to seek for easy and lazy employments, and the consequence is that many of them turn out worthless vagabonds. Avoid this whirlpool as you would a plague spot; banish from your bosom the desire to live without work. Labor is honorable, dignified; it is the parent of health, weaten, and happiness; look not upon it as a burden liersh, Esq., and a curse. Shun idleness and sloth; pursue some honest calling, and be not all kinds of PRODUCE. Also, sell at the bwest prices, LUMBER, COAL and GROCERES, of every description.

I will conclude by relating three cures I have made in New York, and which are all different, and wish any one who feel any interest in the matter to visit them. First is Mrs. Farlow, residing GREAT SUCCESS ATTENDING IT!!! then at No 107 Houston street. Her husband called upon me at my rooms, 32 Bond street, and wished me to call and see her. He said I could do no good; that he had had all the best medical attendance, and all said she was too far gone with Consumption to be cured; but she had heard or some great cures I had made, and he desired to gratify her wishes.— I called, and found her lying confined to her bed in the last stage of prouchial consumption, and without doubt must have died soon.

I examined her luggs, found both bronching

ed, howels costive, to appetite, and fast sink ing into the grave. The said tumor had been specified in the grave. The said tumor had been specified in the significant for an unlimited period, in the eighteen Colstrup, Tonic and Pills, and told her to take leges comprising the "chain."

Tuplomas are awarded to those only who came back to my rooms, 34 Bond street, in two fulfill the prescribed course of study, and pass came back to my rooms, 3 | Bon I street, in two week, somewhat better; her tongue had beweek', somewhat better; her tongue had be-gun to clean a little around the edges, her skin whiter and her eyes brighter, and the tomor discharging very offensive matter, much faster than it had ever done before. She kept gradually improving, and in about two months gradually improving, and in about two months she came to my rooms very unch frightened, saying that the tumor had nearly stopped running, and was healing up, and that every doctor had told her that if it ever healed it would cause her death. I told her that the disease had all left her system, and nature would heal the ulcer up. They are now healed, and have been for about a year, and she is as hearty and robust a woman as you will find in a day's walk. She is glad for any one to call on her, and takes great mains to visit any one that she and takes great pains to visit any one that she hears has anything like her case, and tries to et them to come and see me.

Thirty years ago I was in the last stages of Pulmonary Consumption, and given up to die. I resided in Philadelphia, and Dr. Joseph Pairrish, then of the city, ordered me to Moretown, N. J., a distance of uine miles, which took me two days to get there. On my arrival I was put to bed, and there laid for many weeks. This was my native place, where all my family lived and had died of Consumption. will leave her before June.
