TO THE PUBLIC.

Thirty years ago I was in the last stages of Pulmonary Con-umption, and given up to die. I resided in Philadelphia, and Dr. Joseph Parrish, then of this city, ordered me to Morestown, N. J., a distance of nine miles, which took me two days to get there. On my arrival I was, put to bed, and there laid for many weeks This was my native place, where all my family lived and had died of Consumption Dr. Thornton, who attended my father in his last illnes-, was called, and gave me one week to fix up my affairs. He had seen all my family go that way, and thought I was to go, too. Then I heard of the remedies I now offer to the public, which cured me. It seemed to me that I could feel them penetrating my whole

system. They soon ripened the matter on my lungs, and I would spit off more than a pint of offensive yellow matter every morning. As soon as that began to subside, my cough, fever, pain, night sweats-all began to leave me, and my appetite became so great that it was with difficulty I could keep from eating too much. I soon gained my strength and I have been grow-ing in flesh ever since. Few cases can be found more inveterate and distressing than this, and it took several Jozen bottles to cure him.

Loucorrhees, Whites, Female Weakness

Leucorrhees, Whites, Female Weakness, are generally produced by internal Scrofulous U-ceration, and are very often cured by the alterative effect of this SARSAFARILLA. Some cases require, however, in aid of the SARSAFARILLA, the skillul application of local remedies. From the well-known and widely-celebrated Dr. Jacob Morrill, of Clucinsati. "I have found your SYRSAFARILLA an excellent alterative in discass of females. Many cases of Irregularity, Leucorrhees, Internal Ulceration, and local debility, arising from the serofulous disthesis, have yielded to it, and there are few that do not, when its effect is properly aided by local iretament." s the only way to cure consumption. If I tion. Address annot get a good appetite, and food does not digest, I cannot cure the patient. Never mind he cough ; remove the cause and it will stop of itself. This is the most trouble I have with iny patients at my rooms. They say, "Doc-tor, I feel stronger; I can eat; my night sweats are better, and I feel better every way; but my cough is so bad yet;" and they are astonished to hear me say that does not matter remove the cause and the cough will stop of itself. Schench's Seaweed creates a good appetite in about nine days, when there is no lung disease, unless the liver is so congested that the Mandrake Pills cannot unlock the ducts of the gall bladder in that short space of time, in order to allow the stale bile to pass

off. Keep the liver and stomach healthy and there is less danger of consumption or any other disease. It is hard to take cold when those creans are healthy. Those that are bili-ons, low spirited, dreary; feeling stapid, coated tongue, poor appetite, nervous, stomach full of wind, everything that is caten lies heavy, loss of memory, try one bottle of SCHENCK'S SEAWEED TONIC and one box of SCHENCK'S MANDRAKE PILLS. It is only a cost of one dollar and twenty-five cents, with tull direc-tions. This is sufficient, in many cases, to satisfy what the medicines are. Frequently Prepared by J. C. AYER, M.
