VARIOUS.

For the Compiler.

MISCELLANEOUS ENIGMA.

I am composed of 28 letters.

My 11 20 9 18 5 is an animal.

4 27 12 8 is an element.

18 11 26 21 13 7 16 is the name of a General.

4 15 28 26 2 11 is a lady's name.

1 12 17 16 is one of the seasons.

2 6 28 is what many have lost in battle.

14 23 22 8 is what we all use.

19 16 5 27 is an insect.

8 25 10 3 3 24 5 18 is the name of a female.

My whole is becoming very fashionable, but to many it is very unpleasant.

London, Pa.

THE BANK OF GETTYSBURG.—The following statement of the Bank of Gettysburg, we take from the last Annual Report of the Banks and Saving Institutions of the Commonwealth, just published. The report was rendered on the 7th of November, 1864:

ASSETS.

Gold and silver,	$56,798 67
Notes, checks and bills of other banks,	
Bills and notes discounted,	20,813 20
Judgments held and owned by the bank,	1,853 45
Real estate,	6,400 00
Due from solvent banks,	18,102 63
Public and corporate stocks and loans,	301,195 69
Bonds held by the bank,	2,846 86
Expenses,	1 95
Other property of the bank,	57 48
	$547,562 51

LIABILITIES.

Capital stock actually paid in,	$115,150 00
Notes in circulation,	321,752 00
Deposites,	85,085 57
Due to the Commonwealth,	8,621 90
Due to banks,	7,435 94
Surplus, contingent or sinking fund,	69,400 00
Other items not enumerated above,	10,124 10
	$547,569 51

DIVIDENDS.

1864, May 3. Dividend 8 per ct. on $145,150,	$11,612 00
1864, Nov. 1. Dividend 6 per ct. on $145,150,	8,709 00

IMPORTANT TO DISCHARGED SOLDIERS.—It is or ought to be known to soldiers who go to Washington to get arrears of pay and bounty, that the cost of transportation to and from that city is deducted from their account. This deduction, the Pittsburg Chronicle says, can be saved to the soldier by enclosing cert.ficate of discharge and blank vouchers, signed, to Col. Frank Jordan, the Pennsylvania State Agent at Washington. Such accounts can be collected without the presence of the soldier, and whenever the papers are dispatched as herein directed, Col. Jordan will see that all accounts thus entrusted for settlement to his department are collected, and the sums received immediately remitted to the soldiers.

☞It is understood that the Committee of Ways and Means of the House of Representatives are, with a single exception unanimously in favor of the repeal of the important duty on printing paper. We trust that no member of the House, whose constituents read, will fail to record his vote against this tax upon knowledge. The duty not only produces no revenue, but adds about one million of dollars per annum to the cost of government printing.

☞Marie Antoinette is the Empress Eugenie's passion. She has a drawing-room at the Tuileries which is filled with relics, portraits, autographs and furniture of that ill-starred queen, and she has agents constantly employed hunting every thing which is associated with her.

☞The military committee of the United States Senate have refused to appropriate $50,000 for the erection of a national monument at Gettysburg, they considering such an expenditure not warranted at present.

☞The friends of Lieut. General Grant in Congress are said to be not unfriendly to the promotion of Major General Sherman to the rank of Lieutenant General, provided that the former is promoted to the rank of General.

☞Brevet Maj. Gen. Terry, who commanded the land forces in the attack on Fort Fisher, was a lawyer in Connecticut; was commissioned a colonel at the outset of the war, and was promoted and brevetted for services in Virginia, North Carolina and Florida.

☞Gen. Butler has been removed. We presume all the dogs in the South have been killed, the women put to their "avocations," and that no elections are to be held soon in New York city.

☞The new three cent fractional currency will soon be issued by the Secretary of the Treasury.

☞General Sherman is to be presented with $100,000 by the citizens of Ohio.

Provision Store.

THE undersigned has opened a PROVISION STORE at George Little's old stand, in West Middle street, Gettysburg, where he will always keep on hand, for sale,

BEEF, MUTTON, VEAL, PORK,
POULTRY, APPLES, SWEET AND IRISH POTATOES, CABBAGE, BEETS, TURNIPS, with everything else in the provision line.

He will sell at small profits, and spare no effort to please.

Fat Cattle, Hogs, Sheep, Calves, &c., wanted, for which the highest prices will be paid.

☞Don't forget the place, Chambersburg street, opposite the Lutheran Church, Gettysburg, Pa. JOHN L. HOLTZWORTH.

Nov. 21, 1864. tf

Quaker City Business College

N. E. Corner Tenth and Chesnut Streets, PHILADELPHIA,

UNDER THE MANAGEMENT OF

L. FAIRBANKS, A. M.,

for the last four years Principal and chief business manager of BRYANT & STRATTON'S Commercial College.

A MODEL BUSINESS COLLEGE,

Conducted on a new system of Actual Business Training, through the establishment of legitimate Offices and Counting-Houses, representing different departments of Trade and Commerce, and a regular Bank of Deposit and Issue, giving the student all the advantages of actual practice, and qualifying him in the shortest possible time and most effective manner for the various duties and employments of business life.

The Course of instruction in the Theoretical Department embraces Book-keeping, Commercial Calculations, Lectures on Business Affairs, Penmanship, Commercial Law, Forms, Correspondence, &c.

In the

BUSINESS DEPARTMENT

the student enters upon the Graduating Course, which includes a continuance in the above studies, with their practical application in all their details. He will in turn fill the position of Accountant and Proprietor in the various Departments of Wholesale and Retail Trade, Forwarding, Jobbing and Commission Business, Banking, Manufacturing, Mining, Steamboating, &c., and finally will act as Cashier, Book-keeper and Teller in the Bank, in each of which positions has previous knowledge will be put to the fullest practical test.

This institution offers to young men numerous advantages not possessed by any other commercial college in the State. It is complete in all its appointments. It is the only institution in the State conducted on actual business principles. The course of instruction is unsurpassed, and may be completed in about one half the time usually spent in other institutions, in consequence of an entirely new arrangement, and the adoption of the new practical system.

Diplomas awarded upon the completion of the Commercial Course, which embraces all except the higher sets of Banking, Manufacturing, Railroading, &c.

Send for a Circular.

Feb. 1, 1864. 10m

Stratton Bryant & Co.

INTERNATIONAL CHAIN OF COMMERCIAL COLLEGES,

Established in the following cities:

PHILADELPHIA,

S. E. Corner of Seventh and Chesnut Sts.,

New York, Brooklyn, Albany, Troy, Providence, Portland, Hartford, Burlington, Newark, Rochester, Buffalo, Toronto, Cleveland, Detroit, Chicago, Milwaukee and St. Louis.

Thorough theoretical and practical instruction in all branches pertaining to a finished Business Education.

The Philadelphia College stands first in the State, both in point of reputation and local advantages. The point aimed at is, to place Commercial Education where it belongs—in the front rank of useful instruction. To this end, a most thorough course of business training is adopted and carefully enforced, under the personal supervision of competent Professors in the various departments. The most perfect system of practical training ever devised has been put in operation, and is successfully carried out, affording to students advantages such as have hitherto been considered possible only in connection with the counting-house. After becoming proficient in the Science of Accounts, Penmanship, Commercial Calculations and Commercial Law, the student is advanced to the Practical Department, where he becomes an actual Book-keeper and Merchant; passes through the different Houses; acts in turn as Teller, Cashier, &c. learns the duties and responsibilities of each office, and becomes thoroughly informed, not only in the forms which are in universal use, but in managing the affairs of business with system and despatch.

Scholarships issued at one point, are good, for an unlimited period, in the eighteen Colleges comprising the "chain."

Diplomas are awarded to those only who fulfill the prescribed course of study, and pass the requisite examination.

For further information send for a circular.

Universal Clothes Wringer.

SELF-ADJUSTING AND ADJUSTABLE, WITH COG-WHEEL REGULATOR.

FOR SALE BY

SHEADS & BUEHLER,

GETTYSBURG, PA.

From innumerable recommendations, we gather the following:

Letter from Mrs. Henry Ward Beecher, in 1861.

I am most happy to speak in the very highest terms of the "Universal Clothes Wringer." The hardest part of "washing-day" work is, in my opinion, the wringing; and the inventor of this machine may have the satisfaction of feeling that he has changed one of the most toilsome parts of woman's work into a very attractive amusement. The laundress looks upon it as a great blessing. I look upon it as among the most useful articles in the house.

Brooklyn, October, 1861.

Price—$7 00. [May 2, 1864.

FOR RATS, MICE, ROACHES, ANTS, BED BUGS, MOTHS IN FURS, WOOLENS, &c.; INSECTS ON PLANTS, FOWLS, ANIMALS, &c.—Put up in 25c. 50c. and $1 00 Boxes, Bottles and Flasks. $3 and $5 sizes for HOTELS, PUBLIC INSTITUTIONS, &c.

"Only infallible remedies known."
"Free from Poisons."
"Not dangerous to the Human Family."
"Rats come out of their holes to die."

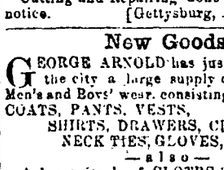
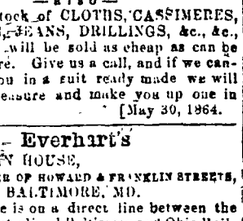
FOUTZ'S CELEBRATED Horse and Cattle Powders.



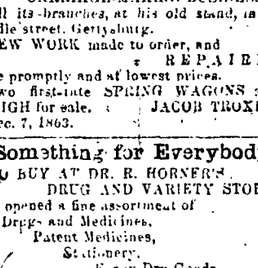
These Powders will strengthen the Stomach and Intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure preventive of Lung Fever, and a certain remedy for all Diseases incident to the Horse, such as Glanders, Yellow Water, Distemper, Founder, Heaves, Slavering, Coughs, Fevers, Loss of Appetite and Vital Energy, &c.



In poor, low-spirited animals, it has the most beneficial effect.

The use of them improves the wind, strengthens the Appetite, and gives to the Horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal.

FOR MILCH COWS.



The property this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which should place it in the hands of every person keeping a Cow. By actual experiment it has proven that it will increase the quantity of Milk and Cream twenty per cent., and make the Butter firm and sweet. In fattening Cattle, it gives them an appetite, loosens their hide and makes them thrive much faster.

HOGS.

In all Diseases of the Swine, such as Coughs, Ulcers in the Lungs, Liver, &c. By putting from half a paper to a paper of these Powders in a barrel of Swill, the above Diseases can be cured or entirely prevented. By using these Powders the Hog Cholera can be prevented.

Price 25 cts. per Paper, or 5 Papers for $1.

Dec. 19, 1864. 6t

WALL PAPER! WALL PAPER!—All new styles, just received at Dr. R. HORNER'S Drug and Variety Store.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses**, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

OF DR. SCHENCK'S OWN CASE,

WHILE LABORING UNDER CONSUMPTION.

And how he Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills act on the System in Curing that Disease, and the

GREAT SUCCESS ATTENDING IT!!!

The above is a correct likeness of Dr. Schenck taken many years ago after he had recovered from Consumption by a course of his "SCHENCK'S PULMONIC SYRUP." The likeness, although it does not represent him anything like as bad as he was at the worst, yet it is in strong contrast with the hale and vigorous looks of the Portrait below, which is the true likeness of him at the present time. The contrast between these two portraits is so great that many would not believe them to be the same person. Yet there are hundreds of persons, in and around Philadelphia, who will recognize both portraits to be true representations. When the first was taken he weighed 167 pounds; at the present time his weight is 220 pounds.

NEW YORK, Wednesday, March 30, 1864.

TO THE PUBLIC.

Thirty years ago I was in the last stages of Pulmonary Consumption, and given up to die. I resided in Philadelphia, and Dr. Joseph Parrish, then of this city, ordered me to Moorestown, N. J., a distance of nine miles, which took me two days to get there. On my arrival I was put to bed, and there laid for many weeks. This was my native place, where all my family lived and had died of Consumption. Dr. Thornton, who attended my father in his last illness, was called, and gave me one week to fix up my affairs. He had seen all my family go that way, and thought I was to go, too. Then I heard of the remedies I now offer to the public, which cured me. It seemed to me that I could feel them penetrating my whole system.

They soon ripened the matter on my lungs, and I would spit off more than a pint of offensive yellow matter every morning. As soon as that began to subside, my cough, fever, pain, night sweats—all began to leave me, and my appetite became so great that it was with difficulty I could keep from eating too much. I soon gained my strength and I have been growing in flesh ever since. For many years I have enjoyed uninterrupted good health, keeping the liver and stomach healthy with the Seaweed Tonic and Mandrake Pills, as I am of a bilious temperament. My weight is two hundred and twenty pounds. On my recovery people would send for me far and near, to see if their cases were like mine. For this purpose I pay professional visits in the large cities. The consumptives wish to see the one that makes these medicines, and who was cured of consumption by them. To make new lungs, is impossible; but cavities in the lungs and chronic ulcerations of the bronchial tubes can be healed. Such cases are dying hourly under the ordinary treatment of physicians, and just such are cured by the proper use of Schenck's Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills.

I am now a heal by man, with a large cavity in the middle lobe of the right lung, the lower lobe very much hepatized and complete adhesion of the pleura. The left lung is sound, and the upper lobe of the right lung is in a tolerably healthy condition. The great reason why physicians do not cure consumption is they try to do too much; they give medicines to stop the cough, to stop chill, to stop night sweats, hectic fever, and, by so doing, they derange the whole digestive power, locking up the secretions and eventually the patient sinks and dies. After I make a careful examination of the patient with the Respirometer, and find lungs enough left to cure, I instruct the patient how to use the three remedies. Remove the cause and they will stop of their own accord. No one can be cured of consumption, liver complaint, dyspepsia, catarrh, canker, ulcerated throat, unless the liver and stomach are made healthy. In New England this canker, chronic catarrh, ulcerated throat, elongation of uvula, is more prevalent than in any other section of the country. This is frequently caused by a foul stomach.—You may burn it out with caustic time and again, and all they will get is temporary relief. Correct the stomach and liver, and they will heal up themselves.

Good nutrition is the remedy. If you have any disease in any part of the body, it will remain there and decay more and more until you can get the stomach in the condition to digest food and make new blood to take the place of diseased matter. This is the only way to heal cavities in the lungs and ulcerated bronchial tubes. Correct the stomach and liver, and nature will do the healing. Many persons have an idea that certain medicines are great purifiers of the blood. When blood is once diseased it cannot be purified; it is diseased the same as the diseased matter in the system; but get the appetite in order, the liver and stomach, and give it plenty of nourishing food it will make new blood, which will take the place of that which is diseased.

Schenck's Pulmonic Syrup is one of the best preparations of iron in use, it is a powerful tonic of itself, and when the Seaweed Tonic dissolves the mucus in the stomach, and it is carried off by the aid of the Mandrake Pills, the Pulmonic Syrup is made into blood. This is the only way to cure consumption. If I cannot get a good appetite, and food does not digest, I cannot cure the patient. Never mind the cough; remove the cause and it will stop of itself. This is the most trouble I have with my patients at my rooms. They say, "Doctor, I feel stronger; I can eat; my night sweats are better, and I feel better every way; but my cough is so bad yet;" and they are astonished to hear me say that does not matter, remove the cause and the cough will stop of itself. Schenck's Seaweed creates a good appetite in about nine days, when there is no lung disease, unless the liver is so congested that the Mandrake Pills cannot unlock the ducts of the gall bladder in that short space of time, in order to allow the stale bile to pass off. Keep the liver and stomach healthy and there is less danger of consumption or any other disease. It is hard to take cold when those organs are healthy. Those that are bilious, low spirited, dreary, feeling stupid, coated tongue, poor appetite, nervous, stomach full of wind, everything that is eaten lies heavy, loss of memory, try one bottle of SCHENCK'S SEAWEED TONIC and one box of SCHENCK'S MANDRAKE PILLS. It is only a cost of one dollar and twenty-five cents, with full directions. This is sufficient, in many cases, to satisfy what the medicines are. Frequently one bottle makes a great change in the system. Any person that enjoys ordinary health, by using the Seaweed Tonic and Mandrake Pills occasionally, must get the digestive organs in such a healthy condition that they become fleshy. I can produce a number of my old consumptive patients now enjoying good health, weighing nearly 200 pounds. I will conclude by relating three cases I have made in New York, and which are all different, and with any one who feels any interest in the matter to visit them. First is Mrs. Farlow, residing then at No 197 Houston street. Her husband called upon me at my rooms, 32 Bond street, and wished me to call and see her. He said I could do no good; that he had had all the best medical attendance, and all said she was too far gone with Consumption to be cured; but she had heard of some great cures I had made, and he desired to gratify her wishes.—I called, and found her lying confined to her bed in the last stage of bronchial consumption, and without doubt must have died soon. I examined her lungs, found both bronchial tubes very much affected, but no cavities had formed, her cough was very severe, the spit-box was half full of thick pus. Pulse 140, legs swollen very much; and worse than all, she had chronic diarrhœa. Her bowels had been moved eleven times that day. I told her that she had lungs enough to be cured, but that this diarrhœa had been of long standing, and her stomach was in such an ulcerated condition that I was afraid nothing could be done. She insisted I should try and do what I could for her, observing that she could not last long in the condition she was in, and I could not make her any worse. I gave her first a dose of my Mandrake Pills, and the Tonic and Syrup freely. That was on Tuesday, and by the next Sunday the diarrhœa was carried off, her appetite had returned and she could sit up in bed and eat her dinner. She is now well, and gave me a long certificate, certified to by the Rev. Dr. Dowling.

Mrs Bartholomew, 83 West Forty-fifth street, came to my rooms with a tumor on her liver. She was low-spirited, skin sallow, tongue coated, bowels costive, no appetite, and fast sinking into the grave. The said tumor had been running over fourteen years. I gave her Syrup, Tonic and Pills, and told her to take them just as the directions were printed. She came back to my rooms, 34 Bond street, in two weeks, somewhat better; her tongue had begun to clean a little around the edges her skin whiter and her eyes brighter, and the tumor discharging very offensive matter, much better than it had ever done before. She kept gradually improving, and in about two months she came to my rooms very much frightened, saying that the tumor had nearly stopped running, and was healing up, and that every doctor had told her that if it ever healed it would cause her death. I told her that the disease had all left her system, and nature would heal the ulcer up. They are now healed, and have been for about a year, and she is as h
