THE peculiar taint or infection which we call School ta lurks in the constitutions of multitudes of men. It either produces or is produced by an en-techled vitiated state led vitinted state he blood, wherein that fluid becomes inthe vital forces in their vigorous action, and leaves the system to fall into disorder and

The scrofulous contamination is variously caused by mercarial disease, low living, disordered digestion from unhealth? food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, is seems to be the rod of Him who says, "I will visit the imquities of the fathers upon their visit the immittees of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin equative and entangons affections. the skin, eruptive and entaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these theorems. these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. Aver's Sarsaparilla 🐷

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumora, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and indeed the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AVER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be because the state of the series of the s learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of there considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of ATER'S SARSATARILLA. Although it is composed of ingredients, some of which exceed the lest of Sarapavilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester the ball of the suffering that the suffering the suffering that the suffering that the suffering the suffering that the suffering the suffering that the suffering the suffering the suffering that the suffering the suffering that the suffering that the suffering that the suffer in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which hark within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Susaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abun dant trial, and there remains no question of its surpassing excellence for the cure of the Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effeetual than any other which has ever been

Such cases are dying hourly under the ordinary treatment of physicians, and just such are cured by the proper use of Schenck's Pulmonic Syrup, Seawerd Touic, and Mandrake Pills.

I am now a healthy man, with a large cavity in the middle lobe of the right lung, the lower lobe very much hebatized and complete ad-hesion of the pleura. The left lung is sound, and the upper lobe of the right lung is in a tolerably healthy condition. The great reason why physicians do not cure consumption is they try to do too much; they give medicines, to stop the cough, to stop chill, to stop night sweats, hectic fever, and, by so doing, they derange the whole digestive power, locking up the secretious and eventually the pa-tient sinks and dies. She kept gradually improving, and in about two months she came to my rooms very much frightened, saying that the tumor had nearly stopped running, and was healing up, and that every doctor had told her that if it ever healed it would cause her death. I told her that the disease had all left her system, and nature would heal the theer up. They are now healed, and have been for about a year, and she is as hearty and robust a woman as you will find in a day's walk. DYSPEPSIA! DYSPEPSIA!

Dr. Wishart :- I have been's constant sufferer with Dyspepsia for the last eighteer years, during which time V cannot say that I ever enjoyed a perfectly well day. There were times when the s; mptoms were more aggrava-ted than st others, and then it seemed it would be a great relief to die. I had at all times an unpleasant (celing in my head, but atterly my DISSOULTON?

A POSITIVE CURE FOR DYSPREMA HEAR WHAT MR. JOHN M. BARCOCK STT.

No. 1028 Olive Street, Philadelphia, Jun. 221, 1833. Dr. Wishatt—Sir:—It is with much plassure that I am now able to inform you that, by the use of your great American Dyspers Pills. I have been entirely cured of that distressing complaint, Dyspepsia. I had been grievously afflicted for the last twenty-eight years, and for ten years of that time have not been free from its pain one week at a time. I any disease in any part of the body, it will remain there and docay more and more until you can get the stomach in the condition to digest food and make new blood to take the place of diseased matter. This is the only way to heal cavities in the lungs and ulcerated bronchial tubes. Correct the stomach and bronchial tubes. Correct the stomach and have drain medicines are great purifiers of the blood. When blood is care great purifiers of the blood. When blood is eased the same as the diseased matter in the system; but get the apparatus in order, the liver and stomach, and give it plenty of mourishing food it will make new blood, which will take the place of that which is diseased.

Schenck's Pulmonic Syrup is one of the best preparations or iron in use, it is a powerful to dissolves the mucus in the stomach, and it is carried off by the aid of the Mandrake Pills, the Pulmonic Syrup is made into blood. This have had it in its worst form and have dragged drink.* If you think proper, you are at liberty to make this public and refer to me. I will cheerfully give all desirable information to any

one who may call on me.
