YARIDUS.

There was one black cloud at Ric mond yesterilay that did not make the bearts of the people and, viz: the entran-of the colored regiments with the lightan of the old flag dancing over their heads, a the thunders of "John Brown" rolling fr their lips .- Furney's Press.

Before "John Brown" made his memo ble descent on Harper's Ferry, he and fellow-traitors organized a "Provision Government for the United States." " property he captured at Harper's Fe was the property of the United States. 7 forca sent, by President Buchanan to take that property carried the flag of United States. The marines killed a wounded in capturing Brown wore the u form of the United States. They were co manded by Robert E. We believe the extreme days of icclimm are ended. There is no doubt i the American people will speedily ret to their senses. Very soon reason must sume its sway. And then shall the mas fully slive to the follies of fanaticism, in that the great questions still before us adjustment shall be settled by statesn on statesmanlike principles. When day shall fully dawn, this occupation 'fanatical politicians and political preach shall be gone forever.

Not a few of the Abolition lead are cursing Grant, "not loud, but deep. He does not seem to have shown suffic malignity in his correspondence with Any manly and christian-like action t are unable to appreciate and unwilling approve. But, still, we believe that masses will stand by Grant in this ma -and with such backing-up, he may la the grumbling fanatics to scorn. A da common sense will again dawn upon country, and when it does, the madmen this hour will be compelled to find th proper level. Mark the prediction.

The Philadelphia Ledger states Gen. Grant telegraphed the following n sage to Secretary Stanton some time a "We are in possession of Richmond. part of jt is on fire; shall it burn?" At welve o'clock the Secretary read the patch ie a crowd of people in front of war office, and asked : "What answer s I return to Gen. Grant ?" The reply "Let it burn ?" But the more thoughtful road, in Gettysburg, where they will carry on the GRAIN AND PRODUCE DUSINESS, in all its branches. The highest prices will al-ways be paid for ried it, and the fire was "put out." Is this 'ried it, and the fire was "put out." Is this the way the Secretary ordinarily decides important questions ?

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitude of men. It either produces or is produced by an en-

feebled, vitiated state of the blood, wherein that fluid becomes inompetent to sustain in mount the vital forces in their igorous action, and leaves the system to fall into disorder and

decay. The scrofulous contamination is vacaused by mercurial disease, low living, disordered digestion from unhealthy food, impure air. filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and

these dangerous distances leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous discase. Ayer's Sarsaparilla t.

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far supe-rior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire. Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Aren's American ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofuls depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER's SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its pecu-liar virtues this remedy stimulates the vital functions, and thus expels the distemperation which lurk within the system or burst out

by many compounds of Saraparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abun-Although under the same name, it is a very different medicine from any other which has been before the people, and is far more ef-fectual than any other which has ever been available to them.
