MOB LAW.

The spirit of mob violence seems to prevail throughout the country to an alarming extent. The New York Express says that "there has been, and is still, a little too much of this gojng on, and it is not enough reprobated by the Republican press. Houses in this city, at the time inhabited only by women, were mobbed, on mourning. Ex-President Pierce was threatened in Concord, New Hampshire. Ex-President Fillmore had his house blacked in Buffalo. Presses have been mobbed in California, and an editor just killed in Maryland. See the lowest priced articles, either ready made or case reported to-day from Philadelphia. "If mobbing and killing becomes the order of the day, of course there will be two sides to such proceedings. In this city there are probably five thousand pickpockets, thieves and robbers, who would delight in a mob, on any side, for anything, and the locate of their operations In other cities, doubtless, there is more or less of a like population. Hence, it becomes the mings, as well as an assorted stock of READY interest of everybody to denounce mob law, MADE MILITARY GOODS. just as they would assessination -- for assassination is but a higher order of mob law. The laws are the only gharantees of social order prepares himself to break another."

Mos Justice. - The unreasonable character of a mob, and the injustice it is to commit, are ezemplified in a case which occurred last week in the oil region. Mr. Stevens, a Jerseyman, reasurer—E. G. Fannestock.

Executive Committee—Robert McCurdy, Antograph of Booth, the assessin, was taken into custody by two detectives. When he gosto Titusville, he found the news had preceded him, and a crowd, clamorous for hanging him.

An interval of the control of the on the spot, followed him to the hotel. An in-vestigation there showed who he was, and D. Himes, New Oxford; Wm. B. Wilson, Benyestigation there showed who he was, and though the two stupid detectives who arrested him told the mob that he was not Booth, they still insisted that he ought to be hung. When the detectives said he belonged to the State of New Jersey and the Camden and Amboy Railroad Company, some chap in the crowd said — "Well, d—n him, he ought to be shot any how." Apy innocent man's life may be put in dearges from such ignocence and brutelity as great of the county of Adams. It has been in operation for more than 14 years, and in that period has made but one assessment, having danger from such ignorance and brutality as this. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your Sansapantilla. It immediately made my face worse, as you told me it might for a time; but in a few works the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I sim without any symptoms of the disease that I know of. Erysipelas—General Debility—Purify the Blood.

From Dr. Robl. Serin, Houston St., New York.

"Dn. Ayen. I beldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your SARSAFARILLA, and I have just now oured an attack of Malignant Erysipelas with it. No alterative we possess equals the SARSAFARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I true all the eclebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcera were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAFARILLA. Took two bottles, and some of your PILLS. Together they have cared me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Soro Eyes.

From Harry Sickler, Esq., the able editor of the Tunkkannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathaome and virulent sore, which covered his face, and actually blinded his eyes for some days. A ckilful physician applied nitrate of silver and other remedies, without any apparent effect. For Heen days we guarded his hands, lest with them he should tear open the featering and corrupt wound which covered his whole face. Having true every thing clac we had any hope from, we begun giving your Salesat-Antilla, and applying the lodde of potash lotton, as you direct. The sore began to heal when we had given the lirst bottle, and was well when we had given the lirst bottle, and was well when we had inhished the second. The child's cyclashes, which had como out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

From the well-known and widely-celebrated Dr. Jacob Morrill, of Ciucianati.

"I have found your Sarsar Milla an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhea, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."
