The friends and fellow churchmen of Deacon Pugh took sides against the Quaker antagonist, and the shop boys of Abraham, seeing their employer thus beset, came to the rescue, while two Irishmen, believing it to be a "free fight," tried their hands and sticks upon the com batants indiscriminately, so that in less than half an hour the happy village of Frog-town was shaken from its propriety by one grand, sublimely ridiculous and most ter rific battle. Heads and windows were smashed, chil-

A GOOD SHOT.

A portly city gent who had been on a hunting excursion was asked by a friend, "how much game did you kill?" "How much? A deer, certainly; som geese and ducks, and so forth."

"Did you shoot a deer?" "Why, yes. I think I did; I saw one and shot at him, and the next day a boy found one that looked exactly like him, not far off. I think there can be no doubt that I shot him." 'Yes, how many ducks did you kill?"

"Two, I believe, all told; but I killed a magnificent gosse. Yes," thinking a mo-ment, and bursting into a laugh, "yes, I killed a magnificent goose, and came very near killing another."

"Ab, how did it happen ?" we inquired. "Why, you see, I was riding out one day on horseback with a gun in my hand, and no particular object in view, when suddenly what should fly under my very nose but a great wild goose. It was so far ahead of me, however, before I got ready to fire, as to be out of range; and determined not to lose the shot, I put spurs to my horse and rapidly overhauled him. Just as I came within range I fired, and down came the goose on one side. At the very same in-stant the girths parted, and down came the

GEN. SHERMAN. The assaults on Gen. Sherman and his army still continue in the extreme Abolition press, and, so far as we have seen, without rebuke from any of the Republican organs or leaders. As in the case of Gen. McClellan, the noble services of Sherman are cast aside, and they only know or pretend to know that he has not proved faithful to the Republican creed. A sam-ple of the sort of abuse they indulge in ple of the sort of acuse they include the files comparison. from the Washington correspondence of the New York Independent:

TWO DOLLARS A-YEAR.

NO. 40.

New York Independent: WASHINGTON, June 5, 1865. Gen. Sherman has left the capital and gone westward toward his new field of luty. I am convinced that Gen. Sherman

initist in both was greatly to blance in irritating the South by the agitation of this question in past years. Sherman's army is, in many respects, like himself—brave, patriotic, but negro-nating. Most of the troops under the im-mediate command of Gen. Sherman seem to hate the black man. This has exhibited itsoff in various ways in this city. Sher-man's troops, while/here, got into frequent quarrels with colored men. On one occa-sion a serious fight seemed imminent, but was averted hy getting two or three obnox-haps would be polite to cover up these facts; but as they naturally grow out of the opinions of the world-renowned head of the armies of Georgia and Tennessee, it is due armies of Georgia and Tennessee, it is due in truth to them. ABOLITION MILLENIUM.

A BRIEF NOTICE OF JUDGE UNDER From the Peteraburg News.

John C. Underwood, an ilinerant school-John C. Underwood, an interant soncor-master from a Northern State, settled many years ago in the county of Fairfax, Virginia, took charge of a country school, and began in a modest way to correct the ignorance time he married a very worthy lady of that opunty, and obtained, through her connec-tions, a large and useful acquaintanceship is that region which he improved for in that region, which he improved finan-cially and otherwise. His sertiments on the subject of slavery were obnoxious to the people, and, therefore, modestly con-cealed, until an opportunity for their safe exposition was afforded, as he thought, at the time of the Fremont campaign we be lieve, when, in the midst of a few fishermen he raised a pole at Occoquan, bearing a flag inscribed with the name of the Abolition candidate for the Presidency. This was more than his neighbors left like enduring, and Underwood was forced to leave, to avoid sharper castigation than he had been want to inflict on the rising heirs of Fairfax. During the war he was appointed to a judgeship—why, we cannot conceive; pro-bably on the ground that as there was noth-ing to be done, he could do no harm; but the conclusion of peace leaves him the highest judicial officer in the Eastern Dis-trict of Virginia: and the first official func-tion of a public character which he dischar-ges on the return of peace, is to launch against a citizen of this State, the latchets of whose school he is unworthen to have of whose shoes he is unworthy to have, a proclamation which, for violence, blaphemy and unfounded aspersion of a brave and chivalrous people, beggars imagery and de-

moning of a cloud of witnesses before the grand jury, in order to base on the the dence an indictment against General L Gen. Grant could afford, not only to perform

fully. I am convinced that Gen. Sherman never had an anti-slavery conviction in his life. He was a pro-slavery man, and, to all intents and purposes, is so to day. Doubtless he acquiesces in the overthrow of slavery, as Vallandigham does. But he believes slavery right enough in jtself, and thinks the North was greatly to blame in irritating the South by the agilation of this ourse could diff be surender.
