Great Remedy for Colds.

BELL'S PECTORAL
BALSAMIC CORDIAL, OR
EXPECTORANT!

A Remedial Agent prepared to meet the urgent demand for a prompt and safe Antidote for all Pulmonary Disorders. If properly used it will give instant relief in almost every instance, and will prove an effectual cure in a majority of the following cases of affections of the THROAT AND LUNGS! such as Colds, Coughs, Asthmatic Tendencies, Whooping Cough, Soreness of the Breast and Bronchial Affections.

When we first commenced manufacturing the Expectorant for our home consumption it was not our intention nor our desire to put it before the public as a "cure-all," nor to publish a long list of testimonials as an evidence of its curative properties, but the demand for it being so great and decidedly on the increase, has induced, and in fact compelled us to prepare it on a much larger scale, and also to establish agencies throughout this section of the country.

All we ask is that those thus afflicted may give it a fair trial, that it may prove its many advantages over other preparations of a similar nature now being employed.

The price too throws it within the reach of all, being but 25 and 40 cents a bottle.

Bell's Worm Syrup!

THE MOST INNOCENT, PLEASANT AND EFFICIENT REMEDY IN USE—A REMEDY PERFECT IN ITSELF.—*No Castor Oil to be Taken.*—In this Preparation we have included such remedies only as have been tried for years and are known to possess powerful anthelmintic virtues, combined with mild aperients, pleasant aromatics and sugar. Anthelmintics of themselves cannot perform their peculiar functions or have the desired effect, unless the bowels are kept moderately open. To produce this, gentle purgatives are necessary and such only ought to be used that cannot interfere with the anthelmintic employed. The advantages we claim for this Syrup are:

1st. Its power of DESTROYING AND EXPELLING WORMS!

2d. Its mild aperient effect upon the bowels.

3d. Its pleasant taste and odor are advantages possessed or claimed by very few Vermifuges.

4th. Its harmless influence upon the system, consequently no injurious effects will result from its use should the patient have no Worms, but an apparent disease, arising from some other unknown cause, which is frequently the case.

The constituents of this Syrup and its effects are known to many Physicians, who are now using it in their practice to a large extent.

Price 25 cents a bottle.

The Greatest Liniment in Use.

BELL'S WHITE OIL!—*The Blandest, Cleanest, most Penetrating and most Economical Liniment in Use.*—A powerful Oleaginus Compound for the Speedy Cure of Rheumatism, Strains, Sprains, Wounds, Numbness of the Limbs, Frosted Feet and Hands, Spavin, Saddle Galls, Poll-Evil, Ring Bone, Bruises, Swellings of all kind, and in fact every disease for which an Embrocation is applicable, either in Man or Beast. Price 25 cents a bottle.—This preparation, which is original with us, will be found to be one of the nicest and at the same time one of the most reliable applications extant.

Having been employed very extensively since its introduction and feeling satisfied of its remedial properties, we recommend it with the utmost confidence, knowing that no one will be disappointed in its use. It is, as its name implies, a white liniment of the consistency of cream, containing nothing offensive, but, on the contrary, will be found more pleasant than otherwise.

Bell's Alterative,

OR CONDITION POWDERS
FOR HORSES, CATTLE & SWINE.

25 cents a paper, or five papers for $1.

The immense sale of these Powders during the short period they have been before the public, is a sufficient guarantee of their great popularity, and the decided benefits derived from their use.

They are confidently recommended not only as a preventive, but as a complete cure for all diseases incident to the HORSE, COW or HOG, as Loss of Appetite, Coughs, Heaves, Yellow Water, Distemper, Glanders, &c., &c.

By their use the Horse's Appetite is improved, all derangements of the digestive organs corrected, softening the skin and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredients which can injure a horse, whether sick or well.

They cleanse the breathing apparatus by ejecting from the air cells coagulated matter, or that formation which so severely clogs them, causing a tightness in breathing, and by their peculiar action on that part, they cause the mucus membrane to resume its natural dimensions, thus equalizing the circulation of the blood and restoring the distended vessels to their natural size.

For fattening cattle they are invaluable, also possessing peculiar properties in increasing the quantity of milk in Cows, thereby giving them an importance and value which should place them within the hands of all interested.

All diseases to which the Hog is subject, as Coughs, Ulcers in the Lungs and Liver, and as a general purifier of the blood we guarantee their efficacy if once fairly tried.
