A Great Railroad Line in Prospect. A majority of the stock in the Gettysburg Rullroad has been transferred to a party of heavy capitalists in New York, and it is said to be their intention to construct a road from Columbia to New Oxford, and from Gettysburg on the old "Tapeworm" southweetward-making a direct line from New York, via Easton, Reading, Columbia, York, N. Oxford, Gettysburg, Hagerstown, &c., to Knoxville, Tenn. The Cumberland coal and if so, the proper efforts will doubtless be made to extend the road there as early as possible. A meeting was recently held sylvania Volunteers, at Monterey to further the object-Capt. McCurdy, the President of the Gettysburg Railroad, and D. Wills, the Secretary, being sion of the road. In addition, Mr. J. S. Gitt her comminced the survey of the route between New Oxford and Wrightsville.

This looks like work, which will be good news to all our people. With a great railroad line through it, this section, though "looking up" for some time, will make a big stride forward. Speed the work!
