HONEST FROM NECESSITY!

The Republican papers of this Senatorial district now *acknowledge* the "return" of the vote of the 77th Regiment to be fraudulent. It is wondered whether they would have been so "magnanimous," if the Democratic press had not thoroughly exposed the attempted cheat.

At first, notwithstanding the unmistakable marks of FRAUD upon its face, our opponents were inclined to bolster up the "return;" but now, finding that it will not answer their purpose, and anxious to escape from the odium connected with it, they whip round, and treat their readers to no little "virtuous indignation" on the subject. But being honest when they *must*, is hardly a virtue.

We hope that a full investigation will be had, and the guilty participants in the fraud punished. Republican manipulators of "soldier votes" have gone "Scott free" long enough. "Let the fur fly."

The Radicals and the President.

The *World's* Washington correspondent, in his letter of December 31, says: Some of the leading Radical Congressmen have already returned. Among the well-credited *on dits* to-day is one that the Radicals are preparing some plan of compromise to prevent a split in their party on the question of reconstruction. They seem to feel that the President's position will force a wide issue upon them unless they yield in certain points. Some of the Radicals are favoring the admission of the Tennessee delegation, believing that it would be satisfactory. But so far as they can learn the President makes no exception in their case, but desires the admission of all properly qualified Southern representatives elect.

☞As a reason for leaving Senators Saulsbury and M'Dougall off the standing committees of the Senate, it is stated that they are intemperate. The correspondent of the Chicago *Times* wants to know, if that is the true reason, why Sprague, of Rhode Island, the son-in-law of Chief Justice Chase, who was drunk during the whole of the eventful period of *last session*, and Dick Chandler, of Michigan, a confirmed toper, are not similarly treated. Intemperance hasn't anything to do with it. If it had, a number of prominent Republicans would be served in a similar manner.

☞Georgetown, in the District of Columbia, held an election on Thursday week upon the question of negro suffrage. There were 704 votes against and *one* in favor of the measure. The correspondent of the Baltimore *Sun* says that that vote was cast by *a drunken man*. Alas, for the grand moral idea party in Georgetown! However, it may mitigate the "loyal" mortification here to know that their party there voted "as one man"—in "solid column"—tight.

☞After the Radical Republicans get through with their tinkering of the Constitution and have made it agreeable to the 'coming man," it is presumed they will then proclaim a regular set-to against the Creator for making a distinction between the races on account of color.

Important Decision.—The Hon. William M. Meredith, Attorney General of Pennsylvania, has just given an important opinion, in writing, to the Auditor General, to the effect that National Banks are liable to income tax under the second section of the act of the 30th of April, 1864, and the Auditor General, it is understood, will proceed at once to settle accounts against the banks in accordance with said opinion. This important opinion will no doubt be speedily laid before the public.

☞Negro suffrage resolutions were offered in the New York Legislature on Wednesday. We shall next hear of the same sort of a movement at Harrisburg. Will not the *whits* people of this country soon open their eyes?

☞Elijah C. Penn, a soldier of the garrison, was shot in a fracas at Carlisle on Christmas day. He died instantly. Several parties have been committed, though it is not known who fired the fatal shot.

☞On the 23d ult., whilst an auction was being held in a carpenter shop, over a carriage way, in Mechanicsburg, Cumberland county, the floor broke down, seriously injuring seventeen persons—two or three with legs broken, and others with arms and ribs broken.

☞Hon. Henry Winter Davis died in Baltimore yesterday a week, of pneumonia. He was a prominent politician, and served several terms in Congress. He leaves a wife, daughter of Hon. Reverdy Johnson. His age was nearly 49 years.

☞The Governor of Ohio, in his Message to the Legislature, denounces the Monroe Doctrine in bitter terms.

☞Joseph H. Maddix has brought suit against Secretary Stanton, in the Supreme Court at New York, for false imprisonment. He claims $100,000 damages.

☞It is rumored in Washington that a Presidential proclamation declaring the Union completely restored will be issued in two or three weeks.

☞Edwin Booth re-appeared in the character of Hamlet, at the Winter Garden, in New York, on Wednesday evening, and was greeted by an immense house.

☞Secretary Stanton and Judge Holt have both declined to deliver the eulogy on President Lincoln.

☞A house in Hoboken, New Jersey, was burned on Wednesday, and two children perished in the flames.

☞An old man was brutally murdered and his wife severely wounded by colored soldiers at Dorchester, Md., on the 24th ult.

☞On the 23d of December Andrew Johnson was fifty-seven years old.

THE LEGISLATURE.

The Legislature met at Harrisburg on Tuesday.

Among the new Senators sworn in was C. M. Duncan, of this district.

David Flemming, of Dauphin county, was elected Speaker of the Senate. The Democrats voted for William Hopkins, who received 11 votes, to 20 for Flemming.—The latter was sworn in, and delivered an address, when the Senate adjourned.

James R. Kelly, of Washington county, was elected Speaker of the House. Wm. M. Nelson, of Wayne, was the Democratic candidate, who received 31 to Kelly's 65 votes. The Speaker was sworn in, and addressed the House, as usual. After some unimportant business, the House adjourned.

On Wednesday, in the Senate, Mr. Householder presented the petition of D. McConaughy, contesting the seat of C. M. Duncan, Senator from this district. The following committee was drawn on the case: Messrs. Bigham, Graham, Montgomery, Shoemaker, Lowry, Londonland Worthington.

Geo. W. Hammersly was elected Clerk of the Senate; Lewis Rodgers Assistant Clerk; Joseph Riblett Sergeant-at-Arms; John Martin Doorkeeper; William Duffy Messenger; Jacob Stykers Librarian.

The House elected A. W. Benedict Clerk; Wm. H. Dennison Assistant Clerk; J. D. Kirkpatrick Postmaster; Charles E. Ilell Sergeant-at-Arms; James H. Cowan Doorkeeper; James McCauley Messenger.

Both Houses made nominations for State Treasurer—among them the following: Wm. H. Kemble, Wm. V. McGrath, Jacob Ziegler, John F. Spangler, J. M. Kreiter. Mr. Kemble, the present incumbent, will doubtless be re-elected.

A Message was received from the Governor, which was read:

Message from the Governor.

GENTLEMEN: The toils and anxiety of the late four years have, from time to time, brought on me sev ere attacks of disease. From the most severe of these I am slowly struggling towards recovery. I find that to give my constitution an opportunity to continue this struggle it is absolutely necessary that I should, without delay, make a short sea voyage, and sojourn in a milder climate.

Under the pressure of this necessity I go to the Island of Cuba. It is my hope and intention to return in good season to welcome you on your arrival at the seat of government, but if it should be found indispensable that my visit to Cuba should be prolonged to the latter part of February, this message will serve to lay before you the cause of my absence at the commencement of your session. In this case I feel sure that you will adopt such course as shall comport with your wisdom, and with the affectionate consideration which I have always received at your hands. It would, however, not become me to forget that the issues of life are in the hands of the One above all, and that many have found death waiting for them on the foreign shore to which they have been sent in search of health.

Should such be my fate, I shall draw my last breath with a sense of the deepest gratitude to the people of the Commonwealth and their Representatives, for the cheerful, manly, and unfailing support which they have given during the last four years to the general cause of the right, and to me in my efforts to maintain it; and with a prayer of thankfulness to Almighty God, that he strengthened till the end of the cruel rebellion, and thought me worthy to be permitted to continue that time as Chief Magistrate of the people of Pennsylvania, and to have my name connected in that relation with such a people during such a time, ought to be enough to fill the highest measure of any man's ambition.

ANDREW G. CURTIN,

EXECUTIVE CHAMBER,
HARRISBURG, November 27, 1865.

After the reading of the Message the House adjourned until 10 o'clock A. M. on Wednesday next.

The Republican Party Must Split.

That the Republican party will soon be split in twain is as certain as anything can be. Even if it can hang together on the question that now threatens it with speedy disruption, it will split up as soon as that question is disposed of. The old Tariff issue is showing signs of life, and upon this it will be impossible for the Republicans to agree. Those in the New England States, not satisfied with the enormous profits they are making now, will insist upon raising the duties. Senator Sprague, of Rhode Island, has already made a move in that direction in the United States Senate. The Republicans of Pennsylvania will follow their lead, but those of New York and the Western States will insist upon a reduction instead of an increase of the Tariff. There has already been a Free Trade League organized in New York. Its leading and most active members are influential Republicans, and its principal organ is the New York *Evening Post*, whose editors may be classed among the fathers of the Republican party.

The commercial interests of New York would be promoted by a reduction of the duties on imported goods. The same is true of the agricultural interests of the West. Branches of the Free Trade League of New York may therefore be expected to be organized in the west, where they will supersede the "Loyal Leagues" now or lately in existence. With the Republicans of New England and Pennsylvania struggling for an increase of duties, and those of New York and the Western States fighting for "free trade," a permanent division of that party would seem to be altogether certain.

On this, as on all other questions, the great body of the Democratic party happily hold no extreme views. They hold, and have always held, that a Tariff which will afford sufficient revenue to defray the ordinary expenses of an economical administration of the government, will also, if levied with discrimination, afford sufficient protection to the American manufacturer to give him a fair profit on his goods.

☞The French Emperor has got a new "elephant," and one that promises to give him some vexation. Stephens, the Head Fenian, having escaped from Dublin to France, the British government, (according to the last news) has demanded his extradition, under the treaty between the two countries. This treaty, like all others, excludes political offences, so that the English authorities to recover their lost prisoner, have been driven to the subterfuge of demanding him on the charge of "breaking jail." To this the French government answers that Stephens would not have broken jail if he had not been imprisoned for a political offence. Napoleon, therefore, declined to deliver the Fenian chief. But the matter has raised some discussion in the French newspapers, looking to the abrogation of the extradition treaty.

☞Maximilian does not intend to leave Mexico. The French Minister at Washington has been so advised.

The Gettysburg Mineral Spring.

As many ignorant persons suppose that it is necessary that mineral water should possess an unpleasant taste or odor in order to be medicinal, we publish the following account of the *Berkshire Soda Spring* of Massachusetts, which in this respect bears a striking resemblance to the Gettysburg water.

Dr. Clarkson F. Collins thus speaks of it in a letter to the celebrated Dr. Valentine Mott, dated May 17th, 1852:—"I must not close this letter without mentioning a very remarkable mineral spring situated among the mountains a short distance from this village, and which has for many years past, had a high *local* reputation for the cure of scrofula and eruptive diseases of the skin. The people in this part of the country consider it a specific for the cure of all that class of eruptive diseases which are popularly called by that vague and indefinite term of *salt rheum*. During the past year, by way of experiment, I have placed several obstinate cases of Eczema, Ecthyma, Acne, Porrigo, etc., under the exclusive treatment of this water, and the results have been very satisfactory; indeed, I may say that, in some cases, its effect was most extraordinary. So pleased was I with the use of this mineral water, that I sent a jug of it to New York city, and had it analysed by Prof. Doremus and Dr. Hake, the former assistant of Professor Silliman. It was found to contain soda, chlorine, carbonic acid, and a trace of alumina. *Yet there is but little taste in it other than that of pure water.* When bathed in, it imparts to the skin the most delightful softness of any that I have ever used, causing even a rough skin to feel smooth."

The Counterfeit $50 Greenbacks.—We were yesterday shown the most perfect of the fifty-dollar counterfeit greenback notes that we have yet met with. It is excellent in the engraving, the paper, the printing, and, indeed, in its whole appearance, it is well calculated to deceive any but the most perfect of the experts in such matters. The only mark to which we can venture to direct public attention as a caution, is that of the absence of the button mark on the lappel of the coat on the figure of Hamilton, in the body of the bill. In the genuine bills the buttons are rather indistinct, but in the counterfeits but one is to be seen.—*Phila. Ledger.*

☞Edward B. Ketchum, the unrivalled forger, was sentenced on Saturday week, in New York city, to an imprisonment in the State Prison, for four years and six months, which would naturally be supposed to be a punishment light enough to satisfy all parties except the victims of his forgeries and the public; but it seems that a strong party of friends have already gone on to Albany to solicit his pardon from Governor Fenton. As the delegation includes some very influential names, it is whispered that the new year will not be very old before the prince of defaulters is restored to his family.

Mr. Stevens's Position.—Throughout the whole of the late war, when the rebels had entire possession of from seven to ten States, the Government and the people of the United States maintained that those States were still in the Union; now that the war is over and the rebels have been conquered and their bogus governments displaced, and we have possession, it is proposed to consider those States as *out* of the Union. This is an absurd position, and it is the one that Mr. Stevens desires to put the country in.—*Phila. Ledger.*

☞On the evening of the 29th three of the four boilers of Cordelia Furnace, two miles from Columbia, exploded, laying the entire furnace in ruins, killing John Lutz, and severely injuring Jeremiah Conkling, George Shiffer and Daniel Neff. Lutz was blown over the casting house, striking and carrying the bell with him, into a run about a hundred yards distant. His head and one arm were torn off. The uninjured boiler was carried about one hundred yards, and half of one of the others was found five hundred yards away. No cause is assigned for the explosion.

Great Flood.—WILLIAMSPORT, Pa., Dec. 29,—There is an ice gorge and flood in the west branch of the Susquehanna river, causing great damage. It is estimated that from sixty to seventy millions of feet of sawed logs, valued at $1,000,000, have passed here adrift in the last twenty-four hours. This is the heaviest loss ever sustained by the lumber men of that section.

☞The Memphis *Commercial* of the 21st says:

"*Sherman and Joe. Johnston at the Gayoso.*—For the first time since his deposition by Jefferson Davis, Joseph E. Johnston met General Sherman, evening before last, at the Gayoso House. It is needless to say that the greeting of these soldiers was kindly and cordial."

The principal part of the malice engendered by the war now remains among the cowardly stay-at-home politicians of the North.

☞On Christmas morning, at Portsmouth, Virginia, a large number of negroes gathered for a riot, but the military guard promptly suppressed their demonstrations. A white man and boy were shot and one negro. Too much Christmas whiskey was the matter.

☞The Secretary of the Treasury estimates there will be a deficit of $112,000,000 for the year ending 1st June, 1866, and that the fiscal year following will bring the expenditures over $100,000,000 below its revenues.

☞*Reduce the Government Expenses.*—This is the advice thrust upon members of Congess from all parts of the country, and should be heeded. The people were comparatively indifferent as to the amount when enormous appropriations were voted to carry on the war, but profligate expenditure will never be encouraged, at least until the burden of national indebtedness and consequent taxation is lightened. Economy in the administration of the government is a vital necessity, and will be insisted upon by the popular voice.

☞The War of the American Revolution closed about eighty-three years ago; and it is announced that, of all the many thousands that once figured as Revolutionary soldiers on the pension rolls of the Government, barely two remain: William Hutchins, of Penobscot, Maine, and Samuel Cook, of Clarendon, Orleans co., New York. Several have died within the last year; and it may be that 1866 will witness the closing of the books. We trust the Government will promptly announce the fact by a proclamation or military general order, and that the death of the last Revolutionary soldier will be fitly and generally commemorated.

☞The following from the New York *Tribune*, is too good to be lost:

If no other reason existed for the pardon of Davis, this would do: If he is hanged whom can the "loyal" organs abuse? When Wirz was living, he was a most fruitful subject. If Davis goes, their case will be distressing. We would recommend—as an emergency victim—the Czar of Russia, or the King of Abyssinia. By all means let us have the King served up.

☞Efforts are being made in Virginia to secure a home for General Lee at Lexington, where Washington College, of which he is President, is located. The land has been purchased, and appeals are now being made for money with which to erect a dwelling.

☞Six men were suffocated by an escape of gas in a room of the Bremen Hotel, Chicago, on the 23d. Five of them were dead when found, and the sixth was thought to be past recovery.

Town & County.

TWO OLD CITIZENS GONE.—Capt. A. B. Kurtz died, at his residence, near this place, on Tuesday last, aged 64 years and 6 months. The deceased spent most of his life here, and was an active and prominent citizen—at one time holding the office of Prothonotary. His remains were interred on Friday, the old Beneficial Association and the Odd Fellows, with many other citizens, turning out, as a tribute of respect to his memory.

On Friday evening, another old citizen passed to his long home. Jacob Culp, Esq., late Steward at the Alms House, breathed his last, at the age of 63 years 10 months and 23 days. His remains were interred yesterday, the Odd Fellows and old Beneficial Association again turning out, with a large number of friends and townsmen. Few enjoy the respect of the community to a more unlimited extent than did Jacob Culp.

DONATION PARTY.—Rev. Mr. Breidenbaugh, Pastor of St. James Lutheran Church in this place, and his family, were visited on New Year's evening by a large number of the ladies and gentlemen of the congregation—each bearing a basket containing something in the provision line, the whole making up a collection of substantials and delicacies only to be seen on such occasions. The surprise must have been highly agreeable, and of course gladdening to the hearts of the recipients.

POST MORTEM ON YOUNG HAMILTON.—On Wednesday last, Dr. O'Neil, of this place, made a post mortem examination of young Hamilton, who came to his death at Graffenberg Springs Hotel, on the 23d ult., from a musket ball fired by young Hostetter. The body had been interred at the Furnace, and was taken up for this autopsy. The Doctor found a bruise on the head, but the skull bones and brain were uninjured; whilst the femoral artery and vein, (in the thigh,) were both severed, from which death must necessarily have resulted in a short time. Young Hostetter is in Jail.

HEAVY DIVIDEND.—The Gettysburg National Bank has declared a dividend of FIFTY PER CENT., out of the surplus fund. This indicates an unusual degree of prosperity in the Bank, and is a high compliment to all concerned in its management. When Geo. Swope, Esq., some years ago, became its President, it was not, (we have since learned,) in as flourishing a condition as was generally supposed; but by his energy and close application to his duties, the state of things was changed—old and doubtful debts were collected, unproductive real estate was disposed of, and the business of banking carefully but vigorously carried forward. He was, we doubt not, properly seconded—and as the result, we have to record the large distribution of fifty per cent., beside the handsome dividends regularly declared.

AGRICULTURAL SOCIETY ELECTION.—The annual election for officers of the Adams County Agricultural Society was held at Bendersville on Monday last—resulting as follows: President, John Burkholder; Vice Presidents, George Peters and Elijah Wright; Recording Secretary, Wm. B. Wilson; Corresponding Secretary, Cyrus Griest; Treasurer, Jonas Rauusahn; Managers, Elisha Penrose, Henry Eppelman, Henry J. Stahle, William Walhay and Samuel Meals. Election to be held in Bendersville School House in 1867.

FEASTS OF GOOD THINGS.—On the 27th ult., St. John's Day, the Masons had a handsome entertainment in their Hall. We were not among the lucky ones present, but are informed by several who were, that there was any quantity of ice cream, with wine and cakes, fruits, confections, et cetera, on hand, which were partaken of by a large company of ladies and gentlemen. Altogether, it must have been a very enjoyable affair.

On New Year's evening, the Encampment Odd Fellows had a sumptuous supper in the Hall of the Order. There were gallons of stewed oysters, stacks of celery, baskets of crackers, with pyramids of cakes, and other nice edibles, topping out with plenty of the most choice segars. After supper, speeches became the order, and several hours were thus spent in the most delightful manner.

On Friday evening, the Red Men had a first class supper in their Hall, combining all the substantials and delicacies of the season. We understand that nothing was wanting, and that the occasion was one of much pleasure to all participating.

DANCING.—The dancing season has been fully inaugurated. On Christmas evening the "Blue Cross Assembly" had a large cotillion party at their Hall in this place, and everything passed off in the most pleasant manner. On New Year's evening they had another, and it proved a similar success. The ball at Carwell's, on the Mountain, on Christmas evening, was largely attended, and afforded a high degree of pleasure to all present.

A large party was held at Littlestown on Tuesday evening, and the "light fantastic toe" was tripped from dusk to dawn.

This evening our German friends intend to enjoy themselves in a variety of "round dances" at McConaughy's Hall, and they anticipate an agreeable time of it, which they will no doubt have.

READY.—The Tickets to the course of Scientific Lectures to be delivered by Prof. Mayer in the College Chapel, are now ready for delivery. Those entitled to tickets will call upon Dr. Robert Horner or Col. C. H. Buehler.

☞Rev. D. T. Carnahan, Pastor of the Presbyterian Church in this place, received through the Post Office on New Year's day, from the gentlemen of his Congregation, the handsome sum of one hundred dollars, as a token of respect and esteem.

☞Rev. Dr. Benjamin Kurtz died in Baltimore on Friday week, after a lingering illness. He was 71 years of age at the time of his death, and was among the most prominent divines in the Lutheran Church in this country.

☞The first Presbyterian Church of Pittsburg has given a unanimous call to Rev. Sylvester F. Schofield, of Springfield, Ohio.—Rev. W. M. Paxton, D. D., recently pastor of that church, has been called to the pastorate of the First Presbyterian Church of New York city.

☞Our Carrier requests us to return his thanks for the liberal reception given his "Message" on New Year's day. It was his first "official paper," and the fact that it brought in more money than any Address from the office ever before did, he feels proud of—and desires us to say so among the locals.

☞Lieut. Isaac Bucher has purchased a property, of 54 acres, with improvements, in Franklin township, from Henry Speck, for $3000 cash.

John Felix, Sr., has sold his farm in Mountpleasant township, to Michael Fink—88½ acres, for $2,400 cash.

☞Railroad Electing to-day, and Bank Elections to-morrow.

☞If all indebted to the Printer knew what a trouble he has to meet his enormous expenses, (paper is as high now as at any time during the war,) they would all, no doubt, be quick to help him to what they may severally owe him. But they *don't* know it, and therefore let him manage to get along as best he can without. To such an extent has this neglect gone in some quarters as to compel publishers to adopt a rigid CASH SYSTEM, and now we notice announcements in the papers of Chambersburg, Reading, and other places, that only those who pay "cash down" can have their papers or their work. The Reading *Gazette* says: "With all our heavy expenses to meet weekly *in cash*, we cannot consent to let about two thirds of our earnings go *upon credit*." This sort of business won't do; *it is not expected of men in other occupations*, and should not be expected from the Printer." There is much truth in what the *Gazette* says, and if paper keeps up much longer, all publishers, in order to live at all, will be compelled to resort to the cash system, and adhere to it strictly.

But there is one effective way to avert it. Let all who owe PAY UP! Besides, this is the beginning of the year, and therefore a fitting time to begin so good a work. And next week being Court week, will afford many opportunities for doing it with us.

LARGE PORKERS.—Mr. Henry B. Wesner, of Straban township, slaughtered, a few days ago, two hogs, only seventeen months old, one of which weighed 379 pounds, and the other 410 pounds—making an aggregate of 789 pounds.

HORSES STOLEN.—Two valuable horses were stolen in Straban township on Friday night last—one from Capt. Henry Witmor and the other from Mr. George Lower.

COLDEST OF THE SEASON.—Prof. Jacobs' thermometer, this morning at sunrise, indicated *ten degrees below zero!* Weather so intensely cold is rare in this latitude.

—The COMPILER is a little late this morning, paper, form, rollers, everything, having been frozen.

☞The New York *Tribune* calls the U. S. House of Representatives "Speaker Colfax's Menagerie." Horace does tell the truth occasionally, even though not complimentary to his friends.

☞William Lloyd Garrison's *Liberator* has expired. The final number was issued last week.

☞The steamer Constitution was wrecked off Cape Lookout on the 27th ult. She had fifty-two souls on board, of whom forty-one were lost.

SPECIAL NOTICES.

A BILIOUS FEVER.

Never get frightened if you find yourself seized with an attack of Bilious Fever. If taken in time it is always curable. Any experienced physician will know what to do, though his prescriptions may not be infallible. He cannot afford to visit you two or three times for less than ten dollars, and he may do his best but still fail to restore you to health. It is not so with Radway's Regulating Pills. They never fail to effect a cure. Some people dislike to get well so easily and so cheaply; but those who are not so singular have only when taken down with Bilious Fever, to administer to themselves six of Radway's Regulating Pills, and if they do not operate in five or six hours, to repeat the dose. The second dose will be certain to produce the desired effect. No prostration, no weakness will follow the action of these Pills. They exercise no such pernicious influence. As soon as the Pills have operated the patient feels relief. He feel that he is already convalescing. From two to four Pills per day must be taken afterward, until the pain, sickness, &c., disappear, and lo! the patient is well at an expense of 25 cents or so for Radway's Regulating Pills, instead of ten dollars or more to a medical attendant. We beg to say that this is a plain matter of fact statement and no fancy sketch whatever. We have not exaggerated the happy effect of Radway's Pills in a case of Bilious Fever. We have simply depicted the truth, as any one may know who will try these excellent Pills under almost any circumstances.—They speak for themselves. Their merits need no empty puffery. They cure a variety of complaints, and Bilious Fever with speed and certainty. Sold by Druggists.

N. B.—Radway's Pills are composed of Vegetable Extracts, possessing remarkable medicinal powers. *They are an extract Pill*, hence their superior strength and purity to all other pills. One or two are sufficient to keep the *Bowels, Liver, Spleen, Kidneys, &c., regular* and healthy, and when a thorough purge is required, five to six are sufficient.

I gave him six of your pills every four hours, and gave him warm drinks of boneset tea. In twenty-four hours he was convalescent; is now at work and perfectly healthy. [Jan. 8. 2w
