ODDS AND ENDS.

News, Politics, Wit and Humor, and What Not.

THE NAIL STRUCK ON THE HEAD.

It is reported that Commodore Vanderbilt, (whose munificent gift to the Union, at the outbreak of the rebellion, of a splendid steamer valued at half a million dollars, so gratified the national heart), being called on a few evenings since, gave the following sentiment:

"*The health of the President of the United States.* If he say his recent speech is vulgar, I say it is *just.*"

The Spirit of the Radicals.

Mr. Clark, a Republican member of Congress, made a speech on Wednesday, in which the vicious inclination of the radicals to continue the negro agitation was well displayed, he asserted that "Our fathers did not make this a government of white men or of black men, but of all men; and to those who were sick of this controversy, he would say that it would end when *the black man was treated with exact justice and equality with the white man.*"

This is the way to get up another rebellion, and we have not the least doubt but that *is the object.* Sumner, a few days ago, made a still more startling threat in the U. S. Senate. All we have to say is, let them attempt to carry out their threats of *forcing negro equality.* They will find plenty of men to fight against; men who will fight under the old flag, without a single star blotted out, and with a white man for a leader. The white men of the country will not submit to nigger rule.

DOWN ON HIM.

The Abolition leaders and presses are down on President Johnson for vetoing the Bill to oppress and tax the *white men* of the country, to support idle and worthless negroes, in pretty much the style of the Bank-bought politicians against President Jackson, for vetoing Biddle's monster bank.

But the bank politicians couldn't put down Jackson, although Congress was against him, because *the people* rallied in his support. And the Sumners, Stevens, Kelleys, Broomalls and Forneys, won't be able to put down Johnson, now, because the *white freemen* of the country will rally around him.

The more the negro-worshipping politicians abuse and denounce Johnson, the better for the country and for him, if he only perseveres in the path of constitutional right and duty, as did "Old Hickory."—*Jeffersonian.*

☞ Baldwin, Radical member of Congress and editor of the Worcester (Mass.) *Spy*, heard the President's speech the other evening, and thus writes as to the manner of that famous address:

His voice is clear, harsh, powerful and penetrating. When he seems speaking with most excitement, *he is evidently the coolest man in the world.* I watched him with awakened interest as one who felt the magnitude of the crisis the speaking was creating, *and am convinced that all he said was weighed and measured, and meant to bring about certain results.* When the tumult of applause which greeted his strongest denunciation and most virulent attack was surging around *those cold eyes and that cruel smile could be seen calculating the entire scene and its accessories.*

This shows how cruelly malicious were the statements that the President was under the influence of liquor. He knew what he was about, and the action of Congress since the speech was made proves it to be as politic as it was personal.

☞ Hon. Robert J. Walker comes out in a strong letter in favor of President Johnson's policy. He says it "will go conquering and to conquer." The policy of the Radicals he declares would bring repudiation, disgrace and ruin, and probably the extinction of republican institutions throughout the world.

☞ Whilst Secretary Seward was absent, making a speech in New York, on the 22d, he received several dispatches, denouncing the President's speech made in the afternoon at Washington. This was done with a view to prejudice Seward against what the President said. But on the next day he saw the speech, and promptly telegraphed to Washington, endorsing the President's speech, and pronouncing it "triumphant."

☞ The President has struck the first great blow at the radical disunionists and in favor of the Union and the Constitution. The Senate has halted in its course and failed to pass the Bill over his head, by a two-thirds vote. President Johnson has appealed to the people, and they are everywhere rallying to his support. From Maine to Texas they are speaking out in his favor, through their Press, and in monster public gatherings. Salvos of artillery and the ringing of the bells announce the glad tidings of joy and hope, and the great American people once more hold up their heads with pride and confidence. Nearly one-half of the Republican party—the Union Republicans—including most of the New York Press, the Cabinet, with perhaps one exception, and many leaders, such as Henry Ward Beecher, Robert J. Walker, Wm. Cullen Bryant, and the most prominent and influential men in the land, sustain President Johnson. And the United Democracy rally as one man to his support. In this death struggle, with the support he has, the President cannot but triumph, and successfully restore the country to Union and prosperity.—*York Gazette.*

Republican Revolt against Stevens.—There are a large number of Republicans who are dissatisfied with Thad. Stevens as a leader, and who have expressed a willingness to try and see if some plan of adjustment cannot be arranged. They do not like the look of things, and their anathemas are deep and loud against the men who have led them. So says a Washington dispatch.

☞ A few evenings ago Colonel Forney was serenaded by a crowd of negroes in Washington city, and he responded in a speech. He came out fair and square in favor of negro suffrage. He stated that he believed he had been advocating the President's policy, but now finds it was a mistake; nevertheless he avows himself in favor of testing "the trial of that great experiment" of negroes governing white men.

☞ Radicalism in the Rump Congress is hanging fire. The Rumpers are afraid to complete the job for fear of the President's veto. By turns they are threatening and blandishing the President—one delegation that waits upon him promises a second term, and when that falls, (as it always does) the next arrival boldly hints at impeachment. But all without avail—the President persists in declaring that he cannot be wheedled nor driven from his position—that the Southern States are not out of the Union, and that negro suffrage cannot be forced upon any portion of the people.

☞ The eloquent and gifted Vorhees, who has been read out from his seat in the House, will canvass Connecticut for the Democracy.

Take Notice.

FARMERS AND DEALERS IN FERTILIZERS will please take notice that we have adopted the following Trade Mark to protect ourselves, and prevent those who use our RAW BONE SUPER PHOSPHATE from being deceived when purchasing manures.

We have been obliged to give this protection to our customers, in consequence of several parties having unlawfully used our distinctive name, viz: "Raw Bone," in offering their article to the public. This Trade Mark is adopted in addition to the title "Raw Bone," which is our exclusive property, and we caution all manufacturers from using it in future. We would state to the trade and consumers, that they will find it to their interest to see that the "Trade Mark" is upon every bag and barrel they purchase, as none other is genuine.

BAUGH & SONS.

BAUGH'S
RAW BONE
Super Phosphate of Lime,
Manufactured by BAUGH & SONS,
No. 20 South Delaware Avenue,
PHILADELPHIA.

The great popularity of our article has been found sufficient inducement to certain imitators to manufacture and advertise "Raw Bone Phosphates," a name which originated with us, and is our own rightful property. We will state for the information of all, that we are the exclusive manufacturers of this article—the original and sole proprietors of it—having been manufactured by us for a period of twelve years. Also that it is covered by several letters patent, held only by ourselves.

We are now ready to supply it in large quantities—having made recent additions and improvements. Vessels drawing 16 feet of water can load directly from the wharves of the works, which are located at the foot of Morris Street, Delaware River. We call the attention of DEALERS to this great advantage.

The present indications are that we shall have a greatly increased demand over last spring and fall seasons, and we advise Farmers to send in their orders to their respective Dealers at an early day, that all may be supplied promptly.

Soliciting your continued orders,
We remain,
Yours very truly,

The Great Bone Fertilizer.

BAUGH'S
RAW BONE PHOSPHATE,

containing 53 per cent. of Phosphate of Lime, and 4.05 per cent. Ammonia.

It should be borne in mind that the Phosphate of Lime in this article being obtained exclusively from RAW BONES and a TRUE BIRD GUANO, there is NO PORTION of it INOPERATIVE, as in the case of SUPER PHOSPHATES made from MINERAL GUANOS—but being entirely SOLUBLE in the SOIL, continues to IMPART its FERTILIZING qualities to the CROPS for YEARS.

The REMARKABLE SUCCESS which has attended its use for years past, is a sufficient GUARANTY to induce those who have not tried it to do so.

The GRAIN CROP where this FERTILIZER has been applied is supposed to have been INCREASED from 25 to 50 per cent. by its use, while for TOBACCO and GRASS LANDS its success has been EQUALLY DECIDED.

New Skirt for 1866.

THE GREAT INVENTION OF THE AGE IN HOOP SKIRTS.—J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT.—This invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tigutly and firmly together; edge to edge, making the toughest, most flexible, elastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful Shape more than twice as long as any Single Spring Skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress.

A Lady having enjoyed the Pleasure, Comfort and Great Convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

The Hoops are covered with 2-ply double twisted thread and will wear twice as long as the single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use.

All are made of the new and elegant Corded Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect Shape possible, and are unquestionably the lightest, most desirable, comfortable and economical Skirt ever made.

Great Remedy for Colds.

BELL'S PECTORAL
BALSAMIC CORDIAL, OR
EXPECTORANT!

A Remedial Agent prepared to meet the urgent demand for a prompt and safe Antidote for all Pulmonary Disorders. If properly used it will give instant relief in almost every instance, and will prove an effectual cure in a majority of the following cases of affections of the THROAT AND LUNGS! such as Colds, Coughs, Asthmatic Tendencies, Whooping Cough, Soreness of the Breast and Bronchial Affections.

When we first commenced manufacturing the Expectorant for our home consumption it was not our intention nor our desire to put it before the public as a "cure-all," nor to publish a long list of testimonials as an evidence of its curative properties, but the demand for it being so great and decidedly on the increase, has induced, and in fact compelled us to prepare it on a much larger scale, and also to establish agencies throughout this section of the country.

All we ask is that those thus afflicted may give it a fair trial, that it may prove its many advantages over other preparations of a similar nature now being employed.

The price too throws it within the reach of all, being but 25 and 40 cents a bottle.

Bell's Worm Syrup.

THE MOST INNOCENT, PLEASANT AND EFFICIENT REMEDY IN USE.—A REMEDY PERFECT IN ITSELF.—*No Castor Oil to be Taken.*—In this *Preparation* we have included such remedies only as have been tried for years and are known to possess powerful anthelmintic virtues, combined with mild aperients, pleasant aromatics and sugar. Anthelmintics of themselves cannot perform their peculiar functions or have the desired effect, unless the bowels are kept moderately open. To produce this, gentle purgatives are necessary and such only ought to be used that cannot interfere with the anthelmintic employed. The advantages we claim for this Syrup are:

1st. Its power of DESTROYING AND EXPELLING WORMS!

2d. Its mild aperient effect upon the bowels.

3d. Its pleasant taste and odor are advantages possessed or claimed by very few Vermifuges.

4th. Its harmless influence upon the system, consequently no injurious effects will result from its use should the patient have no Worms, but an *apparent disease, arising from some* other unknown cause, which is frequently the case.

The constituents of this Syrup and its effects are known to many Physicians, who are now using it in their practice to a large extent.

The Greatest Liniment in Use.

BELL'S WHITE OIL!—*The Blandest, Cleanest, most Penetrating and most Economical Liniment in Use.*—A powerful Oleaginus Compound for the Speedy Cure of Rheumatism, Strains, Sprains, Wounds, Numbness of the Limbs, Frosted Feet and Hands, Spavin, Saddle Galls, Poll-Evil, Ring Bone, Bruises, Swellings of all kind, and in fact every disease for which an Embrocation is applicable, either in Man or Beast. Price 25 cents a bottle.—This preparation, which is original with us, will be found to be one of the nicest and at the same time one of the most reliable applications extant.

Having been employed very extensively since its introduction and feeling satisfied of its remedial properties, we recommend it with the utmost confidence, knowing that no one will be disappointed in its use. It is, as its name implies, a white liniment of the consistency of cream, containing nothing offensive, but, on the contrary, will be found more pleasant than otherwise.

Bell's Alterative,

OR CONDITION POWDERS!
FOR HORSES, CATTLE & SWINE.

25 cents a paper, or five papers for $1.

The immense sale of these Powders during the short period they have been before the public, is a sufficient guarantee of their great popularity, and the decided benefits derived from their use.

They are confidently recommended not only as a preventive, but as a complete cure for all diseases incident to the HORSE, COW or HOG, as Loss of Appetite, Coughs, Heaves, Yellow Water, Distemper, Glanders, &c., &c.

By their use the Horse's Appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredients which can injure a horse, whether sick or well.

They cleanse the breathing apparatus by ejecting from the air cells coagulated matter, or that formation which so severely clogs them, causing a tightness in breathing, and by their peculiar action on that part, they cause the mucus membrane to resume its natural dimensions, thus equalizing the circulation of the blood and restoring the distended vessels to their natural size.

For fattening cattle they are invaluable, also possessing peculiar properties in increasing the quantity of milk in Cows, thereby giving them an importance and value which should place them within the hands of all interested.

All diseases to which the Hog is subject, as Coughs, Ulcers in the Lungs and Liver, and as a general purifier of the blood we guarantee their efficacy if once fairly tried.
