"As a veteran in the Whig army in times past, standing by it in all its disasters, as well as it its brief period of triumph, I appeal to my brother Whigs in K-utucky, what will you do? With which of the two great parties now dividing the country will u co operate? Are you for the neare or the white mun? If you coincide with me in opinion, then I entreat you to assemble with the Democrats, and all others of similar yiows in your respective counties, and send your wisest and best men to Louisville, to hold counsel together to save the State, and restore the Union as our immortal Revolutionary fathers made it. The recent veto message of President Johnson, and the action of the Senate sustaining it, is calculated to warm the hearts of freemen, and give hope that the usurpers and tyrants in Congress will soon be put down, and honest men take their places,"

TRIUMPH OF CIVIL LIBERTY. A very important case was recently tried

before the Supreme Court of the States, involving the constitutionality of the trial of citizens not in the military service, by Court Martial. The case was the appeal from a United States Court in Indiand to the Supreme Court of the United States. Three citizens of Indiana.had been tried before a Court Martial in that State. convicted of some great but undefinable of established and well known stand on Baloffense and sentenced to death. Lincoln approved of the finding and sentence, and the victims were to have been hung on the 19th of May. 1805. A writ of habeas corpus was taken out, and the matter was brought before a Circuit Court of the United States and thence it went to the Supreme Court. On the beginning of March, 1806, the case was argued at Washington, before all the most eminent Attorneys were concerned for and against the prisoners, who lortunately had to this time been sayed from death, but were kept as felons in some Federal prison in the West. The question was, and the late of the case of the content of the satisfied and well known stand on Baloffens and the fourth for the Court of the finding and senfence, and the store in the victims were to have been hung on the timore street, one squars south of the Court of the finding and senfence, and the store in the victims were to have been hung on the timore street, one squars south of the Court of the finding and senfence, and wool Plaids, Delay of Plaids, Calicoes, Ging-hams, Plaid Gisella, Coburgs, Cloths for Ladies' Dreas Goods is complete, consisting of French Merinoes, very low plants, and sales and the plants, and repair of plants, the case of plants and the court in the supreme court. On the beginning of March, 1866, the case was argued at Washington, before all the business, we are better prepared than ever to satisfy the wants of all those who may need anything in our line. We sepecially call the southed anything in our line. We sepecially call the southed anything in our line. We sepecially call the southed anything in our line. The question was, can the bureau of Military Justice organize a Court Martial and try before it a cutsen not conpected with the army or navy, in a State where the Courts are open for the trial of criminal offences. HIT BETWEEN THE EYES,

An ignoramus named Nye, who has somehow found his way into the United States Senate from Nevada, tried to cast a slur on President Johnson one day last week, but only succeeded in bringing out a fact which his shrewder Radical associates in the Senate would gladly have concealed. Senator Johnson, of Maryland, in concluding his reply to Senator Trumbull on the Negro Rights bill, said; Thave but one word more, Mr. President;

my friend adverts in rather severe terms to the President. The President stated that, in his opinion, the bill is unconstitutional, and thinking so, it was his duty to interpose his objections. If he had not done so he would have been false to his plighted faith.
As to any suspicion of disloyalty against him, his whole political course disproves that. In 1861 I was here, but not a member of the Senate; and I heard him standing in the midst of those who were plotting to destroy the Union, and, in words that butned. denounced their attempts at rebellion.

Mr. Nye-Will the Senator allow me to a question? Mr. Johnson-Certainly.

Mr. Nye-Did he not at the same time admit the right of secession? Mr. Johnson-Certainly not. Quite the reverse. The most prominent public man who adented it was the lute igmented President Lincoln in a speech in 1817.

Dr. Schenck-Dear Sir:-About two years When we first commenced manufacturing ago I was taken with a very troublesome cough When we first commenced manufacturing the Expectorant for our home consumption it was not our intention nor our desire to put it before the public as a "cure-all," nor to publish a long list of testimonials as an evidence of its curative properties, but the demand for it being so great and decidedly on the increase, has induced, and in fact compelled us to propare it on a much larger scale, and also to establish agencies throughout this section of the country.

All we ask is that those thus afflicted may give it a fair trial, that it may prove its many spirit-world. I was confined to my bed two advantages over other preparations of a similar nature now being employed.

such remedies only as have been tried for years and are known to possess powerful anthelmintic virtues, combined with mild aperients, pleasant aromatics and sugar. Anthelmintics of themselves cannot perform their peculiar functions or have the desired effect, unless the bowels are kept moderately open. To produce this, gentle purgatives are necessary and such only ought to be used that cannot interfere with the anthelmintic employed. The advantages we claim for this Syrup are:

1st. Its power of DESTROYING AND EXPELLING WORMS!

2d. Its mild aperient effect upon the bowels.

3d. Its pleasant tasts and odor are advantages possessed or claimed by very few Verm-
