nore peace and harmony to a distracted and divided people. In time of war it faright to burn willages, sack cities and desolate fields, to lay waste a country and crir ple and reduce the epemy; but in time of reson, the reverse of that course is precisely the right one, and the true policy of a nation is to rebuild its cities, restore its villages, penew its fields of agriculture, and occupations of peace and prosperity are to be restored. I know there are some who have been at home calculating during the war. and who bring to the consideration of questions of peace and harmony and the occupations of civil life, all the feelings of resentment which animated us when the excite ment was up and running high, but take the of Sumper, Stevens & Co., and those who inve men who sustained field and on the wave, and you will find! better feelings and better judgment on these gard to the President's position.
