THE "CENTRAL DIRECTORY" REPORT.

Thad. Stevens' Reconstruction Committee has, after five months' delay, reported a plan of "reconstruction." It is one of the most iniquitous measures yet proposed, and has for its principal object the postponement of a restoration of the Union of the States.

The plan proposed is a constitutional amendment, to the effect: First—No distinction on account of race or color in civil rights. Second—Representation to be founded on population, excluding all males above twenty-one years of age in States where they are not allowed to vote. Third—all persons who participated in the rebellion to be disfranchised until after 1870, so far as voting for federal officers is concerned. Fourth—Repeal of the insurrection debt. Fifth—The power of Congress to enforce these demands is declared.

In addition, laws are proposed by which none of the States which were involved in the rebellion can be represented in Congress until they have ratified the foregoing amendment, which disfranchises the great mass of their white population, while it seeks to force them to confer suffrage at once upon the blacks indiscriminately, or suffer corresponding reduction of representation.

As an inducement, the States adopting the amendment may exempt the payment of any portion of the direct tax of 1861 which may remain due, and have ten years in which to meet the obligation. Another proposed law declares ineligible to any office under the government of the United States certain classes of persons, as the President and Vice President of the late Confederacy; its agents in other countries; heads of departments of the United States; officers of our army and navy, and persons educated at the military or naval academy, judges of United States courts, and members of the Thirty-sixth Congress, who gave aid or comfort to the late rebellion; also officers of the Confederate army and navy above the grades of colonel and master; Governors of any of the Confederate States, and those who treated captured United States officers, soldiers and sailors otherwise than lawfully as prisoners of war.

Such laws whole scheme of the committee; and if it is not designed to prevent reconstruction, it is difficult to see what other purpose it could possibly have. It can hardly be supposed that the committee or the majority in Congress would expect this illiberal scheme to be acceptable to the people, or that the requisite number of States would ratify the proposed constitutional amendment.

HOPEFUL REPUBLICAN OPINION.
The New York Times, the most influential Republican paper in this city, thus expounds the dangerous tendencies of the Federal scheme reported by Stevens' Committee of Fifteen:

As a plan of pacification and reconstruction, the whole thing is worse than a burlesque. It might be styled a farce, were the country not in the midst of a very serious drama. Its proper designation would be "a plan to prolong indefinitely the exclusion of the South from Congress, by imposing conditions to which the Southern people never will submit." This being the obvious scope and tendency of the proposition, we are bound to assume that the committee "do not intend to propose the committee to nearly five months ago to take exclusive charge of the question of reconstruction, now offer as the result of all their labors what would in fact render reconstruction forever impossible.

This is the language of an honest Republican editor, who cannot support the despicable measures proposed by the leaders of his party. He is sincerely for the restoration of the Union, and being so, is compelled to denounce this last and most radical of Stevens' schemes. Which side will honest Republicans hereabouts take?

The Reconstruction Plan as Seen Through the Eyes of an Honest Republican.
The Philadelphia Daily News, a consistent Republican newspaper, but one which cannot be induced to endorse all the infamous schemes of the Radical Democrats, thus speaks of the plan of reconstruction proposed by Thad. Stevens' Committee of Fifteen:

After five months of severe labor the revolutionary session of Congress has at last brought forth what is called by their journals "a plan of reconstruction," the main part of which is a proposed amendment to the Constitution, which, when stripped of verbiage, is as follows:

Section 1. Negroes shall be made citizens. Sec. 2. States which do not give negroes the privilege of voting shall not count them as population in the apportionment of representatives.

Sec. 3. Only negroes and white men who opposed the rebellion shall vote at the next presidential election.

Sec. 4. Slave owners shall not be paid for the loss of their slaves by emancipation, and neither States nor the Federal government shall pay any one to see to the return of any slave to his owner.

Sec. 5. Congress shall have power to pass any law it may see fit to pass, without regard to the constitutional rights of the people and of the States, and without fear of an executive veto.

It will be seen that the first two sections give equality and franchise to negroes, whether they have been loyal or disloyal; and the third one deprives a large number of white men, who have not been owners of any slave, of the rights of citizens. This is something more than negro equality, and it will require more than ordinary common sense to enable any one to see the justice of granting that States shall give the right of citizenship to negroes who have given "aid and comfort" to the rebels, and deprive white men of it.

MASS MEETING AT WESTMINSTER.
A grand mass meeting of the friends of the policy of President Johnson, will come off at Westminster, Md., on Saturday, the 25th of May inst. Among the speakers expected are Senators Cowan, Donnell, Hendricks and Beveridge Johnson, Hon. Montgomery Blair, Col. W. P. Mansley, and other prominent Conservatives. The demonstration will no doubt be an immense one.

Auditor General Hays and Surveyor General Campbell offered upon their duties on Tuesday. The retiring officers, Messrs. Slinger and Barr, filled these positions with great credit to themselves, and profit to the Government.

THE REPUBLICAN PARTY FOR NEGRO SUFFRAGE.

Horace Greely is the leading writer of the Republican party; indeed, he is the father of it; and hence, what its ends and aims are, and how it would achieve them, he has analyzed in the Monday's issue of the Tribune. He analyzes the proclivities of the Republicans in both Houses of Congress, and winds up by declaring that "out of 39 Republican Senators, only four are clearly understood to be opposed, on principle (or interest) to an extension of suffrage to the negro. A similar analysis of the Lower House would show a similar result."

Only five out of thirty-nine Republican Senators who are not in favor of negro suffrage, and a similar ratio in the Lower House. It is not that sufficient to show where the party stands? Let this fact be paraded before the people! In the present campaign in Pennsylvania, if the eyes of the masses are not blinded, the Republican party will be swept out of existence.

WHAT IT COSTS TO SUPPORT THE RE-

Thad. Stevens has introduced a bill into Congress making appropriations for the support of the Freedmen's Bureau for 1866. The following are the items:

Salaries of commissioners..... \$17,800
Salaries of clerks..... 4,105,150
Stationery and printing..... 63,000
Quarters and fuel..... 15,900
Clothing for the negroes..... 1,710,000
Provisions..... 4,105,150
Transportation..... 1,800,000
School superintendents..... 21,000
Sites for school houses..... 3,000,000
Telegraphing..... 18,000

Total..... \$11,512,000
Over eleven million dollars a year to support the lazy idle negroes of the South, and their plundering superintendents, under the Freedmen's Bureau as it now exists; and it Andrew Johnson had not vetoed the bill, the expense would be nearer seven millions a year. And yet we hear Republicans that are supposed to have common sense, also President Johnson for saving us sixty millions a year. Have the people become crazy, or what is the matter with them? Why should these negroes be fed and clothed at public expense at all? All these millions of dollars that are expended to feed and clothe these negroes have to be made up by the farmers and the mechanics of the country. The negroes should be made to go to work and support themselves, the same as white people do.

CONSERVATIVE REPUBLICANS.
In our daily walks we have now and then come across a Republican who claims to be opposed to negro suffrage, and who asserts that he would not vote for a man, or act with a party, who or which advocates such a measure. Now, as the Republican party stand committed to this doctrine, by the votes of their members in Congress, the decisions of their Judges, and the resolutions of their State and County Conventions, we are anxious to ascertain what these Conservative Republicans propose to do. We ask you, conservative man, whether you will swallow your words, and tote with the party that betrayed you, or will you cut loose from your party and identify yourself with those who are open and undisguised against negro suffrage? Will you go with those who are in favor of sustaining the President of your choice, or will you unite your political fortunes with the Radicals, who are opposing the President and endeavoring to destroy the country by violating every principle of the Constitution?

The issues are before you—negro suffrage and centralization on the one side, and a white man's government, the Union and the Constitution of Washington and his patriots on the other. Choose you between these two, and choose you wisely.

QUESTIONS FOR GEARY TO ANSWER.
The Sunday Mercury asks General Geary to stand up like a man and answer, yes or no, the following plain interrogatories:

1st. Are you in favor of negro suffrage?
2d. Do you approve of President Johnson's veto of the Freedmen's Bureau Bill?
3d. Do you approve of President Johnson's veto of the Civil Rights Bill?
4th. Do you approve of President Johnson's speeches against Radicals and Democrats, delivered, respectively, on the 22d of February and 18th of April, 1865?
5th. Are you in favor of a general railroad law?

6th. In the event of your reelection, would you consider it an indorsement of President Johnson's reconstruction policy?
These are simple questions, and require only simple answers. Gen. Geary need not waste words, but merely say to each inquiry, yes or no. Come, General, be plain and brief. In your present situation you must, as Hamlet says, "Speak by the card, for equivocation will undo you."

The Washington (D. C.) Republican declares that Gen. Geary must be defeated unless he disavows the platform of the Convention that nominated him. It announces officially that there must be a third candidate to lead the incorruptible host within the Union party," and Gen. Dok Coiler, of Westmoreland, is proclaimed the man. The purposes of the Geary party, it further says, must be resisted, and adds that "no one in the land more clearly sees this fact than the patriotic President of the United States."

Things is working!
The United States Senate has rejected the appointment of Gen. Frank Blair as Internal Revenue Collector at St. Louis. Surprise is expressed at this action, and among other by Lieut. General Grant, who says that Gen. Blair prevented Missouri from seceding, and rendered other very valuable services.

See prospectus of the Age, in another column. The Age is one of the most independent, fearless and high-toned Democratic journals in the country, and deserves the largest patronage.

The plan of Thad. Stevens' Committee of Fifteen, which was framed and designed to prevent a restoration of the Union, will prove to be a deadly boomerang. It will kill the Republican party in the rebound. The action of the Cabinet in regard to the matter renders this true. Good bye, Geary! Good bye, spoils!

The Radical Journals are urging the soldiers to form Geary clubs. We imagine that they will not be very ready to go into such a work in the interest of a shoulder-strapped tyrant who refused to sit down to a hotel table because a private soldier occupied a seat there. They owe him nothing.

Don't fail to read the political matter on our fourth page.

NEW LICENSE LAW.

The following Act relative to the licensing of Hotels, Inns, Taverns and Restaurants, in this State, was passed by the Legislature at its late session, and is now a law. It is more restrictive in its provisions than the former license laws:
