

## THE HUBBARD.

THE undersigned are agents for the sale of . Hubbard's celebrated Mowers and Reapboth combined and single Mowers and Self-Bakers. Farmers would do well to examine our specimen machines before purchassale. The advantages of the Hubbard as a Mower, are its light draft, great strength, simplicity and durability, freedom from all simplicity and durability, freedom from all side draft, no weight on the horses necks, and is easy work for two small horses. The main features and advantages of the Hubbar d as a Mower are retained in the Resper, and can be changed from a Mower to a Reaper by chinging three boits and two shoe pins. The ra-ker, with one easy natural motion, brings the ample room for the machine to pass next time election, subject to the decision of the Demo-around. The Self-Rake has no equal; it is a cratic County Convention. Should I be nomaround. The Self-Rake has no equal; it is a cratic County Convention. Should I be nom-real and a rake combine I. Barron's Safety Lamps,

LIG-RO-INE (Rel) FLUID,

THIS Lamp apparently burns without enjthing to field it. It has however, a mathe fisme, partly from the war, and partly in the form of gas, but so as to produce perfect compusion, and is very economical and sate. It is used without a chimney, and perfectly trimmed, does not emoke or smell; it is therefore e-pecially adapted to the purposes of a "ran about," might, mir-a, alo p or hotel lame, or lantern. The cost of broken chimneys, tomers and the public generally, that alone, will more than pay the cost of this lamy, they have now on hand, and continue to man. Every tamily needs one or mo e.
