

Various Matters.

La Crosse, Wisconsin, which has for years given a strong Republican majority, has just elected the entire Democratic ticket by nearly three hundred majority. 'Buck Pomroy' must have been jolly when the returns came in. A colored man in Cincinnati sued the judge at an election for refusing his vote. He claimed ten thousand dollars damages, and the jury gave him one cent. The Toledo Blade (Republican) says: 'Universal suffrage would be an unmitigated curse to the country. The negroes now concentrated in the District of Columbia are fully up to the average of the people in the Southern States, and how any one having any knowledge of them can vote to put the ballot in their hands, with no further preparation, passes our understanding.' Gerry won't answer whether he is opposed to negro suffrage and equality. The Hon. Henry J. Raymond, of the New York Times, believes that 'the nation has done so much for the negro, and at such cost, that it does not feel justified just now to do much more.' It is also the opinion that 'there can be no doubt that the country is tired and disgusted with the extreme and extravagant style in which the claims of the negro have been pressed.' Josh Billings says: 'I could never find the meaning of the word "colored" in Worcester or Webster; but riding the other day on the New York Central Railroad, I saw it all. It is the attempt of two trains to pass each other on a single track. If I remember correctly, it was a signal failure.' It is but a short time since we were told by the press of 'the Union party,' that there was no rupture between the President and Republican party, and that there was going to be none. There seems to be a great deal of trouble in the 'Union' ranks now. What is the matter? Has there been a rupture? Will some 'Union' journal please inform us? The President recently remarked to the wife of a Union officer that he did not consider Clement C. Clay as culpable as Thad. Stevens and his clan. The most extraordinary instance of patience on record, in modern times, is that of a Judge, who listened silently for two days, while a couple of worthy attorneys contended about the construction of an act of the Legislature, and then ended the controversy by quietly remarking, 'Gentlemen, the law is repealed.'

CHOLERA PREVENTIVE!

THE GREAT ZINGARI BITTERS. THIS WONDERFUL REMEDY was discovered by Dr. S. Cheopsus, an eminent Egyptian Physician. He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure. The great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in vogue. Thus he was led to a patient suffering from cholera, and after ten years of study and experiment, he presented to his fellow man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most skeptical minds were converted to his views upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus, the Public Benefactor—was presented to him by the Victor. The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success that it has been introduced into nearly all the general hospitals of the world. The only safe and certain preventive is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used. All pathologists now agree that the cholera poison acts on the system, through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effect on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fevers. The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon in its proper manner. It is pleasant and its effects prompt and lasting. Numerous cases of the following diseases have been cured by it: Cholera, Diarrhoea, Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Headache, Stomachic Disorders, Dyspepsia, Flatulency, Colic, Scour, &c. Price, one dollar per quart bottle. Principal Depot at the Walnut street Wharf, Harrisburg, Pa. Sold by Druggists, Hotel-keepers & Grocers. F. RATHER, Sole Proprietor. For sale by Wm. J. Martin, sole Agent for Gettysburg. April 16, 1866. 11
