BLACKSMITHING

The subscribers respectfully inform the citizens of Lewisburg and vicinity that they have commenced the above business, at J. H. Hate's old shop on Second St.

one square south of Market, where they are prepared to Iron Buggies or Waggon, and make all articles in their business in the most workmanlike manner, at prices which they hope will induce those wishing anything done in their line to call and judge themselves before going elsewhere.

Repairing done on the shortest notice and on reasonable terms—also Shoeing which is a very important matter to those that have valuable horses, and should be entrusted only to persons of known skill.

We flatter ourselves that we are able to compete with any person in the country in Shoeing Horses: we ask only a trial, and let the work show for itself.

All work warranted. Iron and all kinds of country Produce taken in exchange. We hope by strict attention to business, and a determination to suit all, both in work and price, to receive a liberal share of public patronage.

HATE & FURRY, Lewisburg, May 22, 1849.

WORMS—WORMS—Various theories have been started relative to the origin of intestinal worms, and yet the question is a vexed one among medical authorities. Of course, however, all are informed, and in which all agree—the fatal nature of the influence they exert on children.

This season of the year is one at which attacks of worms are most frequent, as well as most dangerous, we take great pleasure in directing the attention of parents to Dr. M. Lane's Vermifuge. It is one of the most extraordinary medicines ever introduced, and has never failed of success when tried.
