

Wit and Humor.

A Calculating Bridegroom.

I've known some very mean men in my time. There was Deacon Overreach, now, he was so mean, he always carried a hen in his gig-box when he traveled, to pick up the oats his horse wasted in the manger, and lay an egg for his breakfast in the mofing. And then there was Hugo Himmelman, who made his wife dig potatoes to pay for the marriage license. I must tell you that story of Hugo, for it's not a bad one; and good stories, like potatoes, ain't as plenty as they used to be when I was a boy. Hugo is a neighbor of mine, although considerably older than I be, and a mean neighbor he is, too. Well, when he was going to get married to Gretchen Kolp, he goes down to Parson Rogers, at Digby, to get a license. 'Parson,' says he, 'what's the price of a license?' 'Six dollars,' says he. 'Six dollars?' says Hugo; 'that's a dreadful sight of money! Couldn't you take no less?' 'That's what they cost me to the Secretary's office at Halifax.' 'Well, how much do you ax for publishing in church, then?' 'Nothing,' says parson. 'Well,' says Hugo, 'that's so cheap I can't expect you to give no change back. I think I'll be published. How long does it take?' 'Three Sundays,' 'Three Sundays?' says Hugo, 'Well, that's a long time, too. But three Sundays only are a fortnight after all; two for the covers and one for the inside like; and six dollars is a great sum of money for a poor man to throw away. I must wait.' So off he went a jogging towards home, and a-looking about as mean as a new-sheared sheep, when all at once a bright thought came into his head, and back he went, as hard as his horse could carry him. 'Parson,' says he, 'I've changed my mind. Here's the six dollars. I'll tie the knot to night with my tongue that I can't undo with my teeth.' 'Why, what in natur?' is the meaning of all this?' says parson. 'Why,' says Hugo, 'I've been figuring it out in my head, and it's cheaper than publishing bans, after all. You see, sir, it's potato-digging time; if I wait to be called in church, her father will have her work for nothing; and as hands are scarce and wages high, if I marry her to-night, she can begin to dig our own to-morrow, and that will pay for the license, and just seven shillings over; for there ain't a man in all Clements that can dig and carry as many bushels in a day as Gretchen can. And besides, fresh wives like fresh servants work like smoke at first, but they get saucy and lazy after a while.' [Life in a Colony.

"Mysterious knockings" are all the rage now, from the land of "wooden nutmegs" to the "corn cracking" state. Most of the rappings are without sense or meaning, but the Poughkeepsie Eagle chronicles an interesting exception. The editor was disturbed in his sanctum, while overhauling his accounts, by the knockings of a delinquent subscriber whose name he was about to place on the black list, but who was now thundering at the door, with the cash in hand.

As a respectably dressed man was walking down Broadway recently, where the new stores are being erected, through the carelessness of one of the hod carriers who was mounting a ladder, a quantity of mortar fell upon his coat and hat, somewhat marring their beauty. Horn the inveterate, who saw the accident, assures us he never saw a man so completely mortar-fied in his life. [N. Y. Pathfinder.

Children and fools, (says an old adage) always tell the truth. "Mother sent me," said a little girl to her neighbor, "to ask you to come and take tea with her this evening." "Did she say at what time, my dear?" "No, ma'am, she only said she would ask you, and then the thing would be off her mind: and that was all she said."

An old Jew, being in an out of the way alhouse, treated himself to some ham and eggs; but just as he was about to raise the forbidden morsel to his mouth, a clap of thunder startled him. He dropped the fork, saying, "Mein Gott! all dish fish chust because old Moshea is eating a little bit of bacon!"

An orator in an Indiana debating society exclaimed, "Mr. President! I'd rather hear the clatter of hammers and stones on twenty tin pans and nine brass kettles, than the din—din—din of the scolding wife. Yes, sir-ree, Mr. President, a smoking chimney is no more to be compared to a scolding wife, than a little nigger to a dark night."

The Missouri Expositor says that Mr. Benton "likes an encounter of hand to hand." We think, that in his late affair with the Mississippi Senator, he manifested a decided inclination for an encounter of foot to foot. [Louisville Journal.

The engine that blew up and killed so many passengers, the other day, has just been indicted—the Coroner's Jury having decided that no blame was attached to the Engineer!

There is a man in Dover street, who has got such a cold in his head, that all the milk he drinks turns into ice-creams. Why is a man who uses false weights, like a soldier in ambush? Ans. Because he lies in wait (weight).

The Summer Session of the LEWISBURG ACADEMY,

WILL commence on Monday the 29th of April. Instruction will be given, as formerly, in all branches necessary to a thorough Academic course. Our endeavor shall not be simply to communicate knowledge, but to excite the youthful mind to act for itself. When this is fully attained, the progress of the student becomes at once certain and rapid. The kind of learning which most of our youths in this country need, is that solid literature, which, while it matures their minds, prepares them also for the practical duties of life.

Composition and Declamation will receive their full share of attention—particularly the former. The Primary Department shall have special care. From the disposition manifested to sustain the Institution, the subscriber feels stimulated to renewed exertions.

The Session will consist of two Terms of 11 weeks each—a short vacation intervening. Tuition—\$6 for the common branches, \$8 for the higher English, and \$10 for Languages, per Session—per Term, one half.

WORMS—worms!—Various theories have been started relative to the origin of intestinal worms, and yet the question is a vexed one among medical authorities.

One fact, however, all are informed, and in which all agree—the fatal nature of the influence they exert on children. As this season of the year is one at which attacks of worms are most frequent as well as most dangerous, we take great pleasure in directing the attention of parents to Dr. M'Lane's Vermifuge. It is one of the most extraordinary medicines ever introduced, and has never failed of success when tried.

Adapted, Ross Co, Ohio, Feb 18, 1848. Messrs J. Kidd & Co: We wish to inform you that we have sold all your Worm Specific left with us. We wish you to send us some more as soon as possible, as it has given general satisfaction here. We have many calls for it since we are out of the article. It has succeeded all other preparations in this county, and for this reason we wish to keep a supply on hand.

The above is one of hundreds of similar communications which the proprietors of this medicine are daily receiving. Where it has been introduced, it has become the most popular remedy in use.

Bradreth's Pills are sold at 25 cts per box (with full directions)

BY J. HAYES & CO., Lewisburg, and by only one Agent in every town in the Union. Each Agent has a Certificate of Agency, Examining the box of pills always and compare it with the fac-simile labels on the Certificate of Agency. As there is a counterfeit of the pills, and this is of much importance, as there is a decided difference between the appearance of the true labels and those of the counterfeit, the counterfeiter is due on some of the genuine article. The appearance of the printing on the counterfeiter is ragged and blurry; the genuine label is the very pink of neatness, both in printing, paper, and general execution.

Be very careful and do not to the Agent, when you send Bradreth's Pills; then you are sure of the genuine article. When you purchase otherwise, inquire of the seller whether he knows the pills he offers you are the genuine Bradreth's! Every man knows whether the article he offers is true or false. Beware of cheats!

CURE FOLLOWS CURE! More Proofs of the Efficacy of DR. SWAYNE'S COMPOUND SYRUP OF Wild Cherry,

The Original and Genuine Preparation! Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, spitting Blood, difficulty of Breathing, pain in the Side and Breast, palpitation of the Heart, Influenza, Group, Nervous Debility, and all diseases of the Throat, Breast, and Lungs: the most effectual and speedy cure known for any of the above diseases is

Dr. Swayne's compound Syrup of Wild Cherry.

Reliable Testimony. John Milton Earle, editor of the Worcester Spy, Mass., was attacked with a distressing cough: after using various other remedies with little or no benefit, by the use of one bottle of Dr. Swayne's Compound Syrup of Wild Cherry, he was restored to perfect health.

Wm. Montelius, a respectable merchant of St. Clair, Schuykill county, was, Jan 29, 1849, "Enclosed I send you a certificate of Wm. Beaumont, a citizen of our town. His case of Consumption is well known here and of long standing; he attributes his cure entirely to your Compound Syrup of Wild Cherry."

Be not deceived by the many spurious and worthless preparations of Wild Cherry, which are put up by ignorant pretenders, but see that the signature of Dr. Swayne is upon each bottle, which is the only guarantee against imposition.

Remember! the genuine preparation of Wild Cherry is prepared only by Dr. SWAYNE, N. W. corner of Eighth and Race streets, Philad'a

Dr. Swayne's celebrated Vermifuge, A Safe and Effectual Remedy for Worms, Dyspepsia, Cholera Morbus, sickly or dyspeptic Children or Adults, and the most useful Family Medicine ever offered to the public.

This remedy is one that has proved superior for a long time, and is universally acknowledged by all who have used it to be far superior (being so pleasant to the taste, at the same time effectual) to any other medicine ever employed in diseases for which it is recommended. It not only destroys worms, but it invigorates the whole system. It is harmless in its effects, and the health of the patient is always improved by its use, even when no worms are detected.

Remember—Dr. S. Vermifuge is now put up in square bottles (having recently been changed) covered by a beautiful wrapper, steel engraving, with the portrait of Dr. Swayne thereon engraved. Bear this in mind, and do not be deceived.

DR. SWAYNE'S SUGAR COATED SARSAPARILLA AND EXTRACT OF TAR PILLS.

The virtues of these pills can be appreciated only by those who have used them. They are adapted to assist nature in carrying off morbid matter, obstructions, impurity of the blood, &c. They are a gentle and effective purgative, correct all the functions of the liver, and as an alterative in dropsical affections they are very valuable and should be in every family. They have an outside coating of pure White Sugar, whereby everything disagreeable to taste or smell is entirely removed without in the least affecting the excellent qualities of the medicine. Remember! they are now put up in boxes turned out of the solid wood, covered with a red label bearing the signature of Dr. Swayne: none other is genuine.

The above valuable Medicines are prepared only by Dr. SWAYNE, N. W. corner of Eighth and Race streets, Philadelphia.

PURE FRESH COD Liver Oil.

THIS new and valuable Medicine, now used by the medical profession with such astonishing efficacy in the cure of Pulmonary Consumption, Scrofula, Chronic Rheumatism, Gout, general Debility, Complaints of the Kidneys, &c. &c., is prepared from the liver of the COD-FISH for medicinal use, expressly for our sales.

[Extract from the London Medical Journal.] C. J. B. WILLIAMS, M. D., F. R. S., Professor of Medicine in University College, London, consulting physician in cases of Consumption, says: "I have prescribed the Oil in about four hundred cases of tuberculous disease of the Lungs, in different stages, which have been under my care the last two years and a half. In the large number of cases, 206 out of 234, its use was followed by marked, unequivocal improvement, varying in degree in different cases, from a temporary mitigation of the progress of the disease and a mitigation of distressing symptoms, up to a more or less complete restoration to apparent health."

"The effect of the Cod Liver Oil in most of these cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in quantity and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and strength were gradually improved."

"In conclusion I repeat that the pure fresh Oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any agent, medicinal, dietetic or regimenal, that has yet been employed."

As we have made arrangements to procure the Cod Liver Oil fresh from head quarters, it can now be had chemically pure, by the single bottle or in boxes of one dozen each.

Its wonderful efficacy has induced numerous spurious imitations. As its success depends entirely on its purity, too much care can not be used in procuring it genuine. Every bottle having on it our written signature, may be depended on as genuine.

Pamphlets containing an analysis of the Oil, with notices of it from the Medical Journals, will be sent to those who address us free of postage.
