HORRID MURDER, -A shocking and inhuman murder was committed on Sunday last, by a monster in human form named Benjamin Wilcox, near the Borough of Towanda. He stabbed his wife in the presence of his daughter, with a knife which pierced her breast causing almost instant death. He then attempted to commit suicide by stabbing himself. He is now confined in Towarda jail to be dealt with ac cording to law. Intemperance has been the cause of this brutal murder. OT The murderer has since died.

Next U. S. Senator.

The Eastern part of Pennsylvania now has a National Senator, and so has the Western. The South has had several, and the North has had one. The Central part we believe has had none. The Western Senator's time expires with this Congress and the State Senators and Representatives chosen next Fall, will elect his successor. CENTRAL Pennsylvania claims the seat, and if she backs up her claims by sending true Tariff men to the Legislature, she can readily secure it. Hon. JA'S POLLOCK. of Northumberland county, is the man. His location, his known ability, his tried integrity, and his popularity, all point him out as the man for the times and for the THE WEST BRANCH.

HOOPLANIOS GERMAN BITTERS—We have seen many flattering notices of this medicine, and the source where they came induced us to make inquiries respecting its merits. From inquiry we were persuaded to me it and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon merceus prestraiten is really surprising. It caims and strengthens the merves, bringing them into a state of repose, making sleep refreshing.

If this medicine were more generally used, we are salisfied there would be less sickness, as from the stonach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed to give a trial—it will then recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit.

Br. Hospland's German Billers.—Here is a preparation which the leading presses of the Union appear unminious in recommending, and the reacon is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jenney Algebra. It private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising the Intestines. Nine Philadelphia papers express their conviction of its excellence, and several of their Editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted.

Le United States, the cultor says of Dr Houland's German Bitters—
It is seldon that we recommend what are termed Patents Medicines to our readers' patronage and confidence; and therefore, when we recommend by Houlands tierman Bitters, we wish it to be distinctly understood that we are not speaking of the nestrance of miscines, but of a medicine have done their guilty race of miscines, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself.

Evidence on evidence has been received (like Evidence on evidence has been received (like the foregoing) from all sections of the Union, the last 3 years, and the strongest tectionary in its fores, is, that there is more of it used in the practice of the regular Physicians of Phitadelphia, than of all other nostrains combined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form. That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the Stomach and Liver. It is preferable to Calomel in all bilious discuss. The effect is immediate—they can'be administered to restate or ISFANT with safety and reliable benefit, at any time.
