For the Lewisburg Chronicle. The public are aware that I had an nounced my name in the public prints as a candidate for the office of Commissioner. By a compromise between Mr. Sem Shoch and myself, it was agreed that I should withdraw upon the condition that Mr. Shoch pay what expenses I 'had incurred in printing, canvassing the county, etc. This agreement was entered into with the most honest intentions on my part, and with the fullest determination to carry out the intention of the compromise. But, to my surprise, Mr. Scoch declined to do so on his part. He has declined to defray my expenses as agreed upon, and the only siternative I have, is, now to appeal to the voters of Union county, to decide the matter. I hope that my name will hereafter

Tom the Boston Rec—editorial, Dec 22d—
Dr. Hoofland's Celebrated German Bitters, for the cursof Liver Complaint, Jaundice. Dyspepsia, and Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received from the use of this remedy an effectual, permanent cure of Liver Complaint. We are convined that in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in their and smell, and can be used by ing property, viz.: Tables, Chairs, 125 under any circumstances. We are speaking from expert cone, and to the afflicted we advise their use.

medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the Liver and the Intestines. Nine Philadelphia papers express their consistion of its exectience, and several of their Editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the presen-ter proprietor (Dr. C. M. Jackson's) preparation, but in rec-ommending the article to all afflicted.

Mong Evidence.-The Philadelphia Saturday Gazette, the best family newspaper published in the United States, the editor says of Dr Hoofland's

Evidence on evidence has been received (like Evidence on evidence has been received (like the foregoing) from all sections of the Union, the last 3 years, and the strongest testimony in its fueor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia. than of all other nostrums combined—a fact that can easily be established, and fully proving that a scientific preparation will neet with their quiet approval when presented even in this form. That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the Stomach and Liver. It is preferable to Calomel in all bilious diseases. The effect is immediate—they can be administered to FRAME or INFANT with safety and reliable benefit, at any time.

best paper in West Jersey, says, July 21st—
BIODELAND'S GERMAN BITTERS.—We have seen
many flattering notices of this medicine, and the source
whence they came induced us to make inquiries respecting
its merits. From inquiry we were persuaded to use it and
must say we found it specific in its action upon diseases of
the liver and digestive organs, and the powerful influence
it exerts upon nervous prostration is really surprising. It
caims and strengthens the nerves, bringing them into a
state of repose, making sleep refreshing.
If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach,
liver, and nervous system the great majority of real and
imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.
This extraordinary medicine we would advise our friends
who are at all indisposed to give a trial—it will then rescommend itself. It should, in fact, be in every family. No
other medicine can produce such evidences of merit.
