For the Lewisburg Chronicle.

The old 13th!

Mr. Editor: It is a common saving in the present Congressional campaign-as it has been in five campaigns past-that this District belongs to the Democratsthat they have an admitted and undoubted majority here, &c. In proof, they refer to the fact that on State Tickets merely, they generally carry a majority. But these are local, not National, issues. How is it on the National issues ! I allege-and refere to "the Documents" for proof-that it has always been on the Prosince its formation.

When John Snyder was elected to Con- on the 3d Monday in November next. gress, no one doubted but he sided with his Father and other old Democrats on that Free Trade side of the question, they re- instead for Governor. Mr. Harris of Lil., ireted him, and elected Gen. Frick a Tar- for Secretarty; Joseph Buffington of

Again, John Snyder was run as a Free chus, of Alabama, for second-Trader and defeated by James Pollock a Tariff Whig.

Next. Gen. Petriken, an Anti-Tariff Democrat, was run by the Democrats, and defeated by James Pollock, Tariff Whig.

Next. Alisson White, a pretended Tariff Democrat, was run by the Democrats. but defeated by an unprecedented majority, many of the Free Traders themselves going against him.

Next. Gen. Petriken, a Cass Democrat and '46 Tariff man, run by the Democrats, and defeated by Joseph Casey, a Tariff Whig.

Here are FIVE different trials, in each of which the Democratic party was proved to be in the minority on the Tariff issue.

In 1844 James Buchanan and other prominent Democrats declared James K. Polk was '42 Tariff man, and in that way only did they carry this District-the peorie voted Tariff.

When that Tariff was destroyed, the people of this District exhibited their feelings at the next election by the following vote.

Power, Pariff Whig. Foster, Dem. Free Trad Clinton 688 Lycoming 1594 945 North'd 1976-5472 605-3146

2332 majority against Mr. Foster simp ly because he was identified with the party which repealed the Tariff of '42.

In 1848, on the State tickets, Longstreth had 199 and Painter had 11 major ity in this District; but on the very same day Casey, Tariff Whig, had 223 maj. for Congress; and a month after, the vote for President stood :

Taylor, 42 Tariff White. Case, 46 Tariff Bem. Clinton, 911 967
Lycoming, 1992 2244 Northum'd, 1765 Sullivan, 129 303 Union, 3129-7928 1656-7428

498 majority for the Tariff party. No thing has since occurred to change opinions of the people. Our Coal interests, our Iron interests, our Manufacturing interests, are suffering for the admitted want of a Protective Tariff. The balance of trade is against us-England does not need our wheat-and all our California gold has to go to my for Foreign goods that should be made at home, and would be under the Tariff of '42. New York im ports fifty or sixty millions more than she

The Democratic party in Congress have defeated every effort made by the Whig Administration and Congressmen to effect even the smallest modification of the advalorem Revenue Tariff of '46 to benefit abused ,betrayed Pennsylvania.

With these facts before us, unless the People are deceived by the honicd professions of Gamble as they were by Polk, Kane, Buchanan, & Co. in 1844, this District-always out-and-out Protective Tariff-can not, will not, elect a man who is supported by all the radical Free Traders and advocates of the British Tariff in this District, and whose election would be hailed with acclamations in South Carolina, Mississippi, and Great Britain,

PROTECTION FOR PROTECTION'S SAKE.

Horrid Murder in Ohester County. Phebe Sharpless, a daughter of Aaron Sharpless, near Hamorton in this county, has been teaching school near Rocky Hill. about three miles east of this place, and yesterday morning about 8 o'clock, as the scholars began to assemble at the school, they discovered her tying lifeless at the door, having been shot in the back part of the neck, so as to cause instant death. The wadding of the gun was lying near by, and the person who perpetrated the deed must have been secreted behind a Walnut free, which stands about 35 or 40 feet in front of the door. She was a young John. woman about twenty years of age, and of high respectability. A person has been Joseph, Mathews Samuel. arrested this morning by Sheriff Darling-ton and posse, supposed to be the murderer, (his name is George Pharaoh,) and circumstances tend strongly to fix it upon him .- West Chester, Sunday, Sept. 29.

AWFUL DEATH .- We learn with regret that on Sunday afternoon, Mr. Christian Hummel, of Lower Nazareth township, in this county, a highly respected farmer, READING ROOM. it seems, was about visiting his daughter, when he went through a field in which the bull was kept, and there met his death.

Lewisburg, April 22, 1850 ANOTHER SCIENTIFIC WONDER.

The true DIGESTIVE FLUID or GASTRIC JUICE-a great Dyspepsia Curer! Prepared from Reunet, or the fourth stomach of the Ox, after directions by Baron Liento, the great physiological chemist, by J S. HOUGHTON M.D., No. 11 N. 8th St Philadelphia, Pa.

A TRULY wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipution and Debility, curing after Nature's own process, by Nature's own agent, the Gastric Juice. Talf a teaspoonful of this fluid infused in water, can digest or dissolve Five Pounds of

roast beef in about two hours, out of the stomach. Digestion is chiefly performed in the stom-ach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of heal h, called the gastric juice. This fluid is the great solvent of the food—the purifying, preserving and stimulating agent of the stomach and For terms &c. apply to GEO.F.MILLER, intestines. Without it there can be no digestion. no conversion of food into blood, no nutritionbut rather a foul, torpid, painful and destructive condition of the whole digestive apparatus.

Pepsin is the chief element or great digesting principle of the gastric juice. It is found in great abundance in the solid parts of the human tomach after death, and sometimes causes the stomach to digest or eat itself up. It is also found the stomach of animals, as the ox, cali, &c. It is the material used by farmers in making cheese styled Rennet, the effect of which has long been the special wonder of the dairy. Curdling of milk is the first process of digestion. A calt's stomach can curdle nearly one thousand times its part of Pepsin dissolved in sixty thousand parts of water, digests meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be per-fectly supplied, we quote the subjoined

Their power over the above diseases is not excelled, if equalled, by any o'her preparation in the United States, as the cures aftest, in many cases after skilful physicians had failed. These Biters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and

affections of the digestive organs, they are withal safe, certain and pleasant. Read AND BE CONVINCED .- The Hon, Chs D Hineline, editor of the Camden Democrat, the best paper in West Jersey, says, July 21st-HOOFLAND'S GERMAN BITTERS.-We have see

HOOFLAND'S GERMAN BITTERS—We have seen many flattering notices of this modicine, and the source whence they came induced us to make inquiries respecting its morits. From inquiry we were personded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prestration is really surprising. It cames and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can led defance to epidemics generally. This extraordinary medicine we would aslice our friends

permanent cures. It is a great Nervous ANTI-born, and particularly useful for tendency to bilious disorder, liver complaint, fever and ague, was emphatically the enemy of homboy, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Despepsus, bebility, Vertige, Aeddity of the Stomach, Constitution, and aid complaints arising from a disordered condition of the stomach, the Liver and the Intestines. Nine Philadelphia papers express their consistion of the creellence, and several of their fainters speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor (Br. C. W. Jacksons) preparation, but in recommending the article to all afflicted.

MORE EVIDENCE.-The Philadelphia Saturday Gazette, the best family newspaper published in the United States, the editor says of Dr Hooff and's It is seldom that we recommend what are termed Pat-ent Medicines to our readers' paronage and configures and, therefore, when we recommend Dr. Hoodand's Go-man Bitters, we wish it to be distinctly understeed the we are not speaking of the nostrains of the day, that are missel about for a brief period and are for often after they have done their guilty race of mischief, but of a medicine long established, universally priord, and which has most the hearty approval of the Paculty Reel.

Evidence on evidence has been received (like the foregoing) from all sections of the Union, the last the foregoing from all sections of the Union. The last 3 years, and the strongest testimony in its fivers, e. that there is more of it used in the practice of the regular Physicians of Philadelphia, than of all other most uncombined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form. That this medicine will cure Liver Complaint and Psyappies, no one can doubt, after using it as directed. It acts specifically upon the Stomneh and Liver. It is preferable to Calomei in all latious discuses. The effect is immediate—they can be administered to Funkti or INFANY with safety and reliable benefit, at any time.

This medicine has attained that character which it is necessary for all to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently decrived. They have the written signature of C.M.Jackson upon the wrapper, and the name blown in the bottle, without which they are spurious.
