

Wit and Humor.

A Dictionary Word. "John," said a master tanner in South Durham, the other day, to one of his men, "bring in some fuel."

John walked off, revolving the word in his mind, and returned with the pitchfork. "I don't want this," said the wondering tanner: "I want fuel, John."

"By your pardon," replied the man: "I thought you wanted something to turn over the skins."

And off he went again, not a whit wiser, but ashamed to confess his ignorance. Much meditating, (as Lord Brougham would say,) he next pitched upon the tannery, shouldering which he returned to the counting-house. His master was in passion.

"What a stupid ass you are, John," he exclaimed: "I want some sticks and shavings to light the fire."

"Oh-h-h!" returned the rustic: "that's what you want, is it? Why couldn't you say so at first, master. Instead of using a London dictionary word?"

And wishing to show that he was not alone in his ignorance, he called a comrade to the tanner's presence and asked him if he knew what fuel was.

"Ay," answered Joe, "sticks and geese and such like."

At a celebrate Picayune nigger, "Sam Jonsing," has been in these degms' but left with the first frost for "de sunny South." Sam was ploughing one morning in Squire Z's corn lot, when "black Dan" came along and halted him. Sam stopped his oxen, and braced up against the plough handles. "Dan, ax me die, you see me drive dis team roun' de lot, now way am dose oxum like the steamboat Great Britain?"

"I gub em up," said Dan. "Wit, I tell you, nigger, kase dey's got a prople behind 'em."

"Yah! yah! I going wid you 'peilers. Now Sam jonsing I ax you anudder—why am dis plough like de ebening star?"

"Dat plough like de ebening star," said Sam, "well, niggal, I know' dat afore, kase he bound to shine."

"Go way wid you shine, dat ain't um n't all; dat plough like de ebening star, kase a berry dark behind him."—[Yankee Bole.

A Dutch farmer down on the Mohawk had just built a new barn, and while the operation of thrashing was going on, he one day mounted to the roof to overlook operations, and soon discovered what he very sagely considered a great piece of extravagance in the workman, and that was, that while they drove but one nail in the small shingles, they invariably put two in wide ones. Myneer said nothing, but while the boss and his hands were in at dinner he went out to the barn, latched in hard, and split all the wide shingles—hid.

TEXAS AND THE UNION.—The Louisville Journal says very aptly, that at the very moment, when Texas had an agent in Washington asking the United States to send troops to protect her against the Indians, she had Senators and Representatives in Washington proclaiming, that if her demands in regard to N. W. Mexico are not complied with, she will whip the United States.

The editor of the Brooklyn Eagle makes an apology to sundry of his young friends who collected under his window a few evenings since to give him a serenade. He supposing a catfight was going on, emptied a pail of water on their heads instead of acknowledging the honor. Another warning against too hasty decisions.

The managers of the New York State Fair, holden at Albany last week permitted animals and Editors to go for half price each, on the railroad. We are acquainted with several persons who might have gone free, inasmuch as they were the editors.

An Asheville (S. C.) paper says: "Some one criticizing Webster's style, says, 'every sentence weighs a pound. Well, you know what effort is a pounding will have on the Texas Bell?'"

The effect will be to make it show its metal. COURTSHIP.—The plain English of the poetess, a dress of a gentleman to a lady is, "I am now, dear madam, the fondest of your servants—be so good as to allow me to be your lord and master."

M'LANE'S WORM VERMIFUGE.

The following orders show at once demand for and excellence of this great medicine: "York, July 28, 1847. "Kidd & Co: The Vermifuge let us on sale some time ago by your agent, is sold. It goes very rapidly, and gives great satisfaction. As we are entirely out of the article, and have frequent calls for it, please send us some immediately."

C. A. MORRIS & CO. "SOMERVILLE, Tenn. March 19, 1847. "Dr. M'LANE.—Dear Sir: The Vermifuge you left me last fall has long since been sold, and I could have sold a great deal more if I had had it. Since my return from the East, I have been called upon nearly every day to write to you, requesting an immediate supply. I have already tried your Vermifuge in my own family and find it to be the best I have ever used."

E. F. MORRISON. "MICH. CREEK, Steuben Co. Sept 7, 1847. "This medicine which I have sold Dr. M'LANE'S American Worm Specific, or Patent Vermifuge, the past year, and it has given unbounded satisfaction. It is no imposition on the community, but what its authors recommend it to be—a universal specific for those afflicted with worms."

H. HUGHES & CO. AGENTS.—C. W. SCHAFFER, Lewisburg; J. H. Caslow and J. R. Riser, Milton; I. Gehart, Sellersburg; J. W. Frasing, Sunbury; M. S. McCay, Northumberland; M. C. Grier, J. Moore, Danville, Va. Agents, Va.

UNIVERSITY at Lewisburg.

Number of Students. The number of students during the past year in the various Departments, was 172. The Collegiate classes already organized for the ensuing year are the following: Junior class - 18 Sophomore class - 19 Freshman class - 19

Teachers. STEPHEN W. TAYLOR, A. M., Prof. of Mathematics and Natural Philosophy. GEORGE W. HILLES, A. M., Prof. of Greek Language and Latin Literature. J. ANDERSON, A. M., Prof. of Latin Language and Literature. ISAAC N. LORIMER, A. M., Principal of the Academy. ALFRED TAYLOR, A. M., Tutor in the English Language and Literature.

Buildings, Library and Apparatus. The Academic edifice now occupied by the members of the University has been erected at an expense of \$20,000, and it is adapted to accommodate the students of the University. The apparatus is complete, and the library is well supplied with the most valuable works of the most recent date. The number of select volumes, and is constantly increasing.

Tuition and Board. Tuition—\$20.00 per year. Board, including lodging, washing, fuel, and light, can be had in the village and its vicinity at various prices, from \$1.50 to \$2.50 per week. Arrangements are in progress to furnish Board, exclusive of lodging, washing, fuel and light, to such as may desire it, at \$2.00 per week.

Sessions and Vacations. Two Sessions in the year—the former commences on the 2d Thursday in October, and continues 26 weeks; the latter commences on Thursday, 15th May, and continues 14 weeks. Spring Vacation, 4 weeks; Autumnal, 8.

By order and in behalf of the Board: THOMAS WATSON, Pres. GEORGE F. MILLER, Sec'y. Lewisburg, Union Co., Pa. Sept. 1, 1850.

IT IS A FACT, ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you—it is to get one of Bergstresser's Wheat Scourers, or Sift Machines. He brings an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewisburg, by Messrs. Geddes & Marsil. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put in all orders. Address: T. BERGSTRESSER, Lewisburg, Union Co., Pa. [329

The Summer Session of the LEWISBURG ACADEMY.

Will commence on Monday the 29th of April. Instruction will be given as for the year, in all branches necessary to a thorough Academic course. Our endeavor shall be simply to communicate knowledge, but to excite the youthful mind to act for itself. When this is fully attained, the progress of the student becomes at once certain and rapid. The kind of learning which most of our youths in this country desire, is that literature, which, while it matures their minds, prepares them also for the practical duties of life.

Composition and Declamation will receive their full share of attention—particularly the former. The Primary Department shall have our special care. From the disposition manifested to sustain the Institution, the subscriber feels stimulated to renewed exertions.

The Session will consist of two Terms of 11 weeks each—a short vacation intervening. Tuition—\$5 for the common branches, \$8 for the higher English, and \$10 for Languages, per Session—per Term, one half.

JNO. RANDOLPH, Principal. March 27, 1850.

Tanning and Currying.

FOR past favors, the subscriber returns his grateful thanks, and hereby makes known that he carries on the business of Tanning and Currying, at the Old Stand. Determined not to be outdone in the manufacture or finish of his work, he is bound to have the best workmen and materials, and to treat those who have so liberally patronized (as well as those also who shall be pleased to patronize him) with that attention which he hopes to insure him a full share of public patronage. All kinds of Produce taken in exchange. Hides and Bark not refused, for which the highest market price will be paid in cash or in exchange for leather.

L. STERNER. March 25, A. D. 1850.

GOLD and SILVER.

Not only in California, but also in Lewisburg! A good assortment of Watches, Silverware & Jewelry, of fine quality and at City prices.

Hatfield & Thompson. Respectfully inform the citizens of Lewisburg and vicinity, that they have entered into Partnership at the Old STAND on Market St., opposite J. Hayes & Co's Store, prepared to execute every kind of work in their line in the best manner. They carefully selected the best English and French materials, Manufacturing Cylinder Escape wheels, and a variety of Watch Jewels, and latter themselves that their knowledge and skill in the business will enable them to give satisfaction to all who may favor them with patronage.

Also for sale, a variety of Gold and Silver Watches, Patent Levers, Watches, Detached Levers, Quarters, and English Watches, Gold Chains, Bracelets, Rings and Ear Rings, Gold and Silver Bell Slides, Bracelets, Gold and Silver Pencils and Pens, do Spectacles, Silver Spoons, Sugar tongs, Combs, &c. &c. In short a little of everything, and anything else, not mentioning *knives, knives*, always on hand or got to order.

A variety of Brass Clocks for \$23 and upwards, at wholesale and retail prices. Persons desiring to get things right, would do well by giving the subscribers a call. Experience tells us that the Credit System can not afford a living. Therefore, in order to "push along and keep moving," the Cash System must be enforced. J. H. HATFIELD, WM. H. THOMPSON.

HENRY C. HICKOK, ATTORNEY AT LAW, Lewisburg, Union County, Penn'a. Practices in Union and adjoining counties—also attends the courts of Perry county.

OFFICE on Second St., lately occupied by L. B. Christ, Esq.

Notice. SUBSCRIBERS to the "University at Lewisburg" are respectfully requested to pay their Second Installment, now due, to the Treasurer. And those who have not paid the 1st Installment are respectfully notified that all such delinquents will be charged Interest on their Installments from the time they become due. SAM'L T. WALKER, Treas. Lewisburg, Feb. 25, 1850.

The Great Discovery of the Age! THE subscribers offer the public, at their new Brick Foundry, the following new and valuable Stoves: Iron Witch Air-Tight Cooking Stoves, with a Brick Oven. Lady Washington Parlor Stove. Cast Iron Air-Tight Parlor Stove, for Wood—2 sizes. Coal Burner for Parlors—1 size, 12 inch eye—2 sizes. Louis Air-Tight Cast Iron Parlor Stove—2 sizes. Shield Air-Tight Parlor Stove for Wood—2 sizes. Egg Stove—the very best in use for Stores, Offices, Barrooms, and Shops. The celebrated Good Air-Tight Cook Stove. The Complete Cook—2 sizes.

Also, all kinds of Wood and Coal Stoves—Ploughs—Castings, &c. &c. CHRIST & MFADDIN. Lewisburg, Dec. 12, 1849.

Brandreth's Pills are sold at 25 cts per box (with full directions) BY J. HAYES & CO., Lewisburg, and by every Agent in every town in the Union. Each Agent has a Certificate of Agency. Examine the box of pills always and compare it with the fac-simile labels on the Certificate of Agency. As there is a counterfeit of the new label out, this is of much importance, as there is a decided difference between the appearance of the true label and those of the counterfeit. The counterfeit is done on stone; the genuine are done on steel. The appearance of the printing on the counterfeit is ragged and blurry; in the genuine label is the very pink of neatness, both in printing, paper, and general execution.

Be very careful and get the Agent, when you want Brandreth's Pills; then you are sure of the genuine article. When you purchase otherwise, inquire of the seller whether he knows the pills he offers you are the genuine Brandreth's! Every man knows whether the article he offers is true or false. Beware of cheats!

NOTES—Promissory, Judgment, and Joint Notes (blanks) at this office

More News for the Sick!

CERTIFICATE and TESTIMONIALS. Sufficient to prove the efficacy of the Compound Syrup of Wild Cherry, in the cure of Dr. Swayne's celebrated Family Medicines.

DR. SWAYNE'S celebrated Compound Syrup of Wild Cherry.

THE MOST COMMON SAVING IS THAT I would not give one bottle of Dr. Swayne's Compound Syrup of Wild Cherry, for the full amount of any other preparation. I have tried all the popular ones, but this alone is proved to be the true one. It is the only one that cures the following diseases, viz. Croup, Whooping Cough, Consumption, Spitting of Blood, Hemoptoe, Hoarseness, Sore Throat, Tonsillitis, and all the other diseases of the Throat, Bronchitis, Asthma, and all the other diseases of the Lungs, and all the other diseases of the Chest, and all the other diseases of the System, and all the other diseases of the Body, and all the other diseases of the Mind, and all the other diseases of the Soul, and all the other diseases of the Spirit, and all the other diseases of the Flesh, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the Sinews, and all the other diseases of the Muscles, and all the other diseases of the Tendons, and all the other diseases of the Ligaments, and all the other diseases of the Joints, and all the other diseases of the Bones, and all the other diseases of the Marrow, and all the other diseases of the Nerves, and all the other diseases of the
