FROM CALIFORNIA.

The Steamer Crescent City arrived at New York from Chagres on Friday last, with San Francisco news up to Sept. 15. The C. C. brought 342 passengers, and $1,000,000 in gold dust in the hands of passengers, and $22,500 in freight.

Burglars are plenty in San Francisco. The collectors of taxes from foreign miners have not been very successful. Up to the 27th August, about one thousand suffering emigrants have been received at Placer city. The mortality among them was increasing; many of the emigrants daily fall victims of diarrhœa and fever. The Stockton Journal mentions a report that Mr. Pacheco, the gentleman from whom the well known Southern Pass takes its name, has been murdered in the mines. The Squatter Excitement has altogether subsided, and it is probable that there will be no further disturbances on that question.

Murders are still frequent, and a severe battle, with a considerable loss on both sides, had been fought with Indians, who were routed. Business was becoming very much depressed and unsettled, and several heavy failures had taken place.

ANOTHER SCIENTIFIC WONDER!

PEPSIN:

The true DIGESTIVE FLUID or GASTRIC JUICE—*a great Dyspepsia Cure!*

Prepared from Rennet, or the fourth stomach of the Ox, after directions by Baron LIEBIG, the great physiological chemist, by J. S. HOUGHTON, M.D., No. 11 N. 8th St. Philadelphia. Pa.

A TRULY wonderful remedy for *Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation and Debility*, curing after Nature's own process, by Nature's own agent, the Gastric Juice. ☞ Half a teaspoonful of this fluid infused in water, can digest or dissolve Five Pounds of roast beef in about two hours, out of the stomach.

Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the gastric juice. This fluid is the *great solvent of the food*—the purifying, preserving and stimulating agent of the stomach and intestines. Without it there can be no digestion, no conversion of food into blood, no nutrition—but rather a foul, torpid, painful and destructive condition of the whole digestive apparatus.

Pepsin is the chief element or great digesting principle of the gastric juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese styled **Rennet**, the effect of which has long been the special wonder of the dairy. Curdling of milk is the first process of digestion. A calf's stomach can curdle nearly one thousand times its own weight of milk. Baron Liebig states, "one part of Pepsin dissolved in sixty thousand parts of water, digests meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the subjoined

SCIENTIFIC EVIDENCE!

Baron LIEBIG, in his celebrated work on Animal Chemistry, says: "An artificial digestive fluid, analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened and digested in the same manner as in the human stomach."

Dr. BEKEERA, in his famous treatise on Food and Diet, published by Fowlers & Wells, New York, page 55, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. COMBE, in his valuable writings on the Physiology of Digestion, observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia," and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which completely succeeded."

Dr. GRAHAM, author of the famous works on Vegetable Diet, says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. SIMON'S great work, the Chemistry of Man, (Lea & Blanchard, Philad., 1846, pp. 221, 3,) says: "The discovery of Pepsin forms a new era in the chemical history of digestion. From recent experiments, we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Prof. DUNGLISON, of the Jefferson College, Philad., in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

As a **DYSPEPSIA CURER, Dr Houghton's preparation of Pepsin has produced the most marvelous effects. It is impossible to give details of cases in the limits of this advertisement—but authenticated certificates have been given of more than TWO HUNDRED rapid, wonderful, and permanent cures. It is a great NERVOUS ANTIDOTE, and particularly useful for tendency to bilious disorder, liver complaint, fever and ague, the evil effects of quinine, mercury, &c., also for excess in eating or drinking.**

There is no form of OLD STOMACH COMPLAINTS which it does not reach and also give instant relief! and repeated for a short time, purity of Blood and VIGOR OF BODY follow at once. It is particularly excellent in cases of nausea, vomiting, cramps, soreness of the pit of the stomach, distress after eating, low, cold state of the blood, heaviness, lowness of spirits, despondency, emaciation, weakness, tendency to insanity, &c.

Price, ONE DOLLAR per bottle. One bottle often effects a lasting cure.

CAN BE EFFECTUALLY CURED BY

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

prepared by

Dr. C. M. Jackson,

at the "German Medicine Store,"

120 Arch St. Philad.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

Read AND BE CONVINCED.—The Hon. Chs D Hineline, editor of the *Camden Democrat*, the best paper in West Jersey, says, July 21st—

HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source whence they came induced us to make inquiries respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostation is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed to give a trial—it will then recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit.

From the *Boston Bee*—editorial, Dec 22d—

Dr. Hoofland's Celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, and Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received from the use of this remedy an effectual, permanent cure of Liver Complaint. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration They are pleasant in taste and smell, and can be used by persons with the most delicate of stomachs with safety under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

Scott's Weekly, one of the best literary papers published, said Aug 25th—

Dr. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the Faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems.

Judge M. M. NOAH, a gentleman of great scientific and literary attainments, said in his "New York Weekly Messenger, Jan 6, 1850—

Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses of the Union appear unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. We cordially recommend it in all Liver Complaints, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the Liver and the Intestines. Nine Philadelphia papers express their conviction of its excellence, and several of their Editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted.

MORE EVIDENCE.—The Philadelphia Saturday Gazette, the best family newspaper published in the United States, the editor says of Dr Hoofland's German Bitters—

It is seldom that we recommend what are termed Patent Medicines to our readers' patronage and confidence; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and are forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself.

Evidence on evidence has been received (like the foregoing) from all sections of the Union, the last 2 years, *and the strongest testimony in its favor*, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than of all other nostrums combined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form. That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the Stomach and Liver. It is preferable to Calomel in *all bilious diseases*. The effect is immediate—they can be administered to FEMALE or INFANT with safety and reliable benefit, at any time.

Beware of counterfeits!

This medicine has attained that character which it is necessary for all to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived.

Look well to the marks of the Genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, *without which they are spurious.*

The Envy of all Pill Manufacturers,

BECAUSE they are safer, better, and more efficacious than any others.

YOUNG AND OLD, MALE AND FEMALE,

can always take them with equal safety, without fear.

If Pills be necessary

for purging and cleansing the Stomach and Bowels, and purifying the Blood and fluids of the body, take no others—for no other pills produce those combined effects, or contain Sarsaparilla in them.

Eat, Drink and Live as usual,

and pursue your usual occupation whilst taking them, without fear of taking cold, during all kinds of weather.

One Thousand Dollars

are wagered that more *genuine* certificates (from physicians, clergymen, Members of Congress, and respectable citizens) can be produced of their efficacy than of any others, and

TEN DOLLARS

will be forfeited in every instance where One Box will not do more good than Two Boxes of any others.

Forty Pills in a Box!!

and sold at *Twenty-Five Cents a Box*, with directions and much wholesome advice accompanying each box.

They have no taste or unpleasant smell,
Free from dust or powder of any kind,
Do not gripe the Stomach or Bowels,
Produce no sickness, vomiting, or bad feelings,
THEY ARE GOOD AT ALL TIMES,
And adapted to most diseases common to mankind.

No one having once taken them will be willing afterwards to take any others, because they always do good, and if they do not, then no others will.

OUTRAGE AND IMPOSITION.—Beware of all pills called by names nearly similar, got up to be sold on the reputation of Dr. Leidy's Sarsaparilla Blood Pills; the first Sarsaparilla pills ever introduced and the only pills containing Sarsaparilla. Take no others and you will not be deceived. Others by similar names, or nearly similar, are a gross fraud. Beware, then, of Imposition!!

Is now put up in QUART BOTTLES, *and is of the same medical strength and efficacy as that of the small bottles.*

The great superiority of THIS PURIFYING OVER SARSAPARILLA and all other similar medicines, may in some measure be understood from the following facts: First—Because it contains all the good properties, or portions of its medicinal parts, of Sarsaparilla, Yellow Dock, Cherry and Sassafras barks, Roots, Herbs, and Vegetables, the PURIFYING properties of which are greatly superior to Sarsaparilla, and when these are compounded with Sarsaparilla, Yellow Dock, Cherry, and Sassafras, they make the most effective and certain and only **Purifier of the Blood** in the world.
