

Foreign News.

The new Cunard steamer Africa arrived at New York on Friday last after a stormy passage of thirteen days.

FRANCE.—There is a strong probability that the Presidential term of Louis Napoleon will be extended four years longer, by a vote of the Assembly, at its coming session.

ENGLAND.—There have been a great many converts of late from the Church of England to Romanism; and in view of that fact, and from a desire to "reconvert the English nation," the Pope, by a bull dated Sept. 29th, has created an Archbishopric styled the Archbishopric of Westminster, with 14 suffragan Bishops, will divide the entire kingdom.

This Bull has created the most intense feeling throughout England; and it is believed the Cabinet Council has been called together earlier than usual, with reference to this matter. At Rome the feeling is equally intense, as it is said the English government has agreed to place Westminster Abbey at the disposal of the new Archbishop, in order that he may perform high mass in that edifice upon the occasion of his inauguration.

Prussia and Denmark.—The difficulties between Denmark and Schleswig Holstein are still unsettled; and both armies are in the field, but no decisive battle has been fought. The London Times says Russia and France have a scheme on foot in which they ask the co-operation of England, to seize on Silesia and the Rhenish provinces of Prussia in case the latter kingdom will not or can not aid Denmark, and prevent the Germans from lending assistance to the Holsteines—thus entirely dismembering Prussia after the example of Poland.

PERBIA.—A conspiracy, just ripe for action, has just been discovered at Teheran headed by the principal clergy, whose object was to dethrone the Shah, and drive all the Turks out of Peria.

CHINA.—A formidable revolution has broken out in the southern provinces, the design of which is to overthrow the present Tartar Emperor, and restore the ancient native or Ming dynasty. A pretender to the throne has taken the field with an army of 50,000 men, and so far the imperial forces have been worsted. It is said the Tartar monarch must either yield, reform or abdicate.

THE GLOBE.

A Congressional, Agricultural, and Literary Newspaper.

THE undersigned submits to the public proposals for the Globe and its reports for next session of Congress. Congress has now a liberal patronage the undertaking that it will be established as a standard work worthy of its official imprimatur, unless the undersigned fails in his duty. This will not be the case if earnest effort can avail. The Globe is the only paper that will furnish full reports of the proceedings and debates of the two Houses of Congress; and having received their sanction as such, the best of each day, which will undergo the revision of the Members. The work, after passing through the Daily Globe and receiving correction, will be presented, as finished, in the Congressional Globe and Appendix.

The debates will probably increase in interest during the next session. The one subject which engrosses the land, will be the way to the Congress; the conflicts of party and the ambition for place and distinction, necessarily produce vast interests will be at stake upon the decision of the next Congress; and there is great talent in both branches, which will be evoked in their discussion. All the honors of the Republic, dependent on the succession to the Presidency, as well as all the great and permanent interests which will give impulse to the action of the next session of Congress.

The Daily Globe will be published daily during the session of Congress, and weekly the remainder of the year. It will contain full and faithful reports of the proceedings and debates of Congress; and miscellaneous articles on the general subjects to which it is devoted.

The Weekly Globe will contain Agricultural and miscellaneous articles; and will occasionally give details of such importance as command universal interest.

The price of the Weekly Globe is reduced to one dollar, with a view to obtain a more general circulation.

The Congressional Globe will embody as it has done for the last seven years, Congressional proceedings and debates exclusively.

The Appendix will embrace the revised speeches separately, and the message of the President of the United States and the reports of the Heads of the Executive Departments.

The Congressional Globe and Appendix will be published as fast as the proceedings of Congress will make a number. Subscribers may expect to receive each week during the first four weeks of the session, two or three numbers of each week afterwards, until the end of the session.

Complete indexes to the Congressional Globe and Appendix will be sent to subscribers soon after Congress adjourns.

Nothing of a political party nature will appear in the Globe save that which will be found in the Congressional Reports. A paper written to be an impartial vehicle for all sides, can not maintain its character if the editorial columns reflect a party bias.

TERMS. For one copy of the Weekly Globe for a year, 1 00 For one copy of the Congressional Globe for a year, 1 50 For one copy of the Appendix for a year, 1 00 For one copy of either or part of both during session, 5 00 For 10 copies, 45 00 For 25 copies, 100 00 For 50 copies, 175 00 For 100 copies, 300 00 The price for these papers are so low, that advance payments are indispensable to carry them on, and no order is attended to unless the money accompanies it. Subscriptions may be sent by mail, on our risk, in money or in the form of the country where subscribers reside. The Globe, as they may select, will be sent to all editors who during the first four weeks of the session, and two or three numbers of each week afterwards, until the end of the session.
