[A few evenings before the election, a well-known military politician, editor, and orator, from the country, went to Boston and made a speech at a meeting in Fan-euil Hall. Immediately thereatter, the following phonographic report of the speech appeared in the Chronotype. This is not identical Faneuil Hall Speech, but those who are acquainted with the military gentleman's style of oratory will be ready to believe the representation, that this sprech was written under the inspiration produced by the hearing of that at Faneuil Hall :]

tithe and interney attainments and in the "rew 1 of a Weekly Messenger, Jan 6, 1850— In: Basilenet's German Billers.—Here is a preparation which the leading presses of the Union appear unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Withelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the reatest medical writers Germany has ever produced. He was emphatically the enemy of homolog, and therefore a medicine of which he was the inventor and endorser may be conflictently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Peblity, Verlige, Achilty of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the Urer and the Intestimes. Nine Philadelphia papers express their conviction of its excellence, and several of their Editors opeak of its effects from their own individual experime. Under these circumstances, we fiel warranted, not only in ealing the attention of our readers to the present proprietor (Dr. C. M. Jackson's) preparation, but in recommending the article to all affected. The HOUSE is large and roomy, well arrangod in all its departments, and every care will be taken to render his guests comfortable and happy. His TABLE will always be furnished with choicest delicacies of the season, and the best the market can afford. The BAR will at all times be attended by careful persons, and none but the very best of liquors will be kept. His STABLES are ample and convenient, and the OSTLERS

punctual and attentive. In short, he pledges himself to endeavor to give general satisfaction to all, and hopes by

strict attention to business to morit and receive a liberal share of patronage. Mifflinburg, June 20, 1850
