Political Anecdote.

The lines and fences of political parties have been so much displaced since the ancient Federalists and Democrats contested so hotly the political field, that we venture to publish the following good one, believing that at this day no party will feel particularly hit by it.

A worthy deacon in Connecticut, hired a journeyman farmer, from a neighboring town, for the summer, and induced him—although he was unaccustomed to church going—to accompany the family to church, on the first Sabbath of his stay. Upon their return to the deacon's house, he asked his "hired man" how he liked the preaching. He said that he "didn't like to hear any minister preach politics"

"I am very sure you heard no politics to-day," said the deacon.

"I am sure that I did," said the man.

"Mention the passages," said the deacon.

"I will. He said 'If the federalists scarcely are saved, where will the democrats appear?'"

"Ah," said the deacon, "you mistake. These were the *words*—' If the righteous scarcely are saved, how will the ungodly and wicked appear?'"

"Oh yes!" said the man, "he might have used those words, but I knew darned well *what he meant!*"—Yankee Blade.

Found Room.

A clergyman was pronouncing a grand iloquent eulogium upon Howard, the philanthropist, comparing him with all the world's benefactors since Noah's day, and declaring that he could find no place honorable enough for him, on the roll of those who had been blessings to their race, while ever and anon his paragraphs were wound off with the exclamation, "Where shall we place this great philanthropist?" Just as he had reiterated the interrogatory for the dozenth time, a chap with a "brick in his hat," who had staggered in, rose up and steadying himself by clutching the pew railing with vice-like grasp, cried out—"S-s-since you are so—so—p-p-puzzled, Mister, he—he—he can have a *s se seat here in th-th-this pew. There's p plenty of room!*" It would require a Cruickshank's pencil to depict the scene that ensued. Suffice it to say, our bibulous friend was incontinently shown that there was room neither in the pew nor in the entire house for *him*.—Ibid.

The Side Walks.

Why don't the people ash their walks!
I think it is a pity
That folks should be so tarnal slack
In this our famous city!
For if to court the zephyrs cool,
You venture out at even,
Your head will court the icy walks,
Your heels the stars in heaven!

"Why don't the people ash their walks!"
Cries out one, as he launches,
And sliding off a yard or two,
Comes down upon his haunches!
It's worse than walking in the mud!
Makes men appear quite baulky—
And the ladies shuffle it along
As if they danced the polka!

Then let each one, where'er he dwells,
With liberal hand spread ashes!
So that we all may safely walk,
Nor stand in fear of smashes;
But if you don't regard this hint,
Both married men and single,
I'll scold so hard next time I write,
That all your ears will tingle!

A Frenchman, little acquainted with business, once received a draft, payable on "three days' sight," at a certain bank. The first day, he presented himself at the counter, and taking the draft from his pocket book, he extended it before the eyes of the paying teller, and to his astonishment said "you see that *once*," and folding the draft he walked away. The next morning he appeared again, and, going thro' the same form, said "you see that *twice*." The third day he appeared again and said, "you see him *three* times—now you will pay him!"

Go 'long.—A stuttering Vermonter was asked the way to Waterbury. With great politeness he tried to say it was right ahead but in vain. The more he tried, the more he couldn't. At last, red in the face with unavailing exertion, he broke forth with—"Gug, gug, g'long! you'll gig, gig, g—t there afore I can tell you!"

Sheridan when a bankrupt was conversing on the former glories of his family and observed that "we were once called *O'Sheridan!*" "I do not think," observed his son, "that we ever had any better right to be called *owe* Sheridan than at present."

Some wag sent an editor the first chapter of Matthew, as an original article for his paper. The editor thought it was all right, and made use of the chapter for a "leader."

A Lesson.—A clerk in a mercantile firm writes home to his friends, "I have plaguy easy times of it, now—very little to do—*our house do n't advertise!*"

Why will Jenny Lind and Barnum never quarrel? Because she is always for-*giving*, and he is always for-*getting*.

GENUINE TEAS!

THE *Canton Tea Company* of New York—the oldest and largest establishment of the kind in the U. S.—invite universal attention to the fact that, from their superior arrangements, they are prepared to sell Teas purer and more fragrant for the respective prices, than any house on this continent can uniformly do.

These Teas combine every good description and quality; they are done up in packages from a quarter of a pound upwards; the wrapper next the tea is a heavy tin foil, covered with water-proof and elegant Chinese paper, and are perfectly secured from light and air, so that the quality is completely preserved in any climate.

IT IS A FACT,

ONE self-evident, and worthy of every consideration, that no Miller can make good clean flour without he has good clean wheat. I suppose you wish to know the remedy. I tell you—it is to get one of *Bergstresser's Wheat Scourers*, or Smut Machines. He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewisburg, by Messrs. Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. Machines will be sent and put to all orders. Address

NOTES—Promissory, Judgment, and Joint Notes (blanks) at this office.

Price Reduced!

VAUGHN'S
LITHONTRIPTIC MIXTURE!

Large Bottles—Only One Dollar.

The Proprietor of the Great American Remedy "VAUGHN'S VEGETABLE LITHONTRIPTIC MIXTURE," induced by the urgent solicitations of his Agents, throughout the United States and Canada, has now

Reduced the Price

of his popular and well known article; and from this date, henceforth, he will put up but one size only,—his quart bottles:—the retail price will be

ONE DOLLAR.

The public may rest assured that the character of the Medicine, its strength, and curative properties WILL REMAIN UNCHANGED, and the same care will be bestowed in preparing it as heretofore.

As this medicine, under its reduced price, will be purchased by those who have not hitherto made themselves acquainted with its virtues, the proprietor would beg to intimate that his article is not to be classed with the vast amount of "Remedies of the day;" it claims for itself a *greater healing power, in all diseases, than any other preparation now before the world;* and has sustained itself for eight years by its superior medical virtues, and, until this reduction, commanded double the price of any other article in this line.

NOTICE PARTICULARLY, this article acts with great healing power and certainty, upon the

Blood, Liver, Kidneys, Lungs,

and all other organs, upon the proper action of which life and health depend.

This medicine has a justly high repute as a remedy for

Dropsy and Gravel,

and all diseases of that nature. It may be relied upon when the intelligent physician has abandoned his patient,—and for these distressing diseases, more especially DROPSY, the proprietor would earnestly and honestly recommend it. At its present price it is easily obtained by all, and the trial will prove the article to be the

Cheapest Medicine in the World!

☞Please ask for pamphlets—the agents give them away they contain over sixteen pages of receipts, (in addition to full medical matter) valuable for household purposes, and which will save many dollars per year to practical housekeepers.

These receipts are introduced to make the book of great value, aside from its character as an advertising medium for the medicine, the testimony in favor of which, in the form of letters from all parts of the country, may be relied upon.

☞"Vaughn's Vegetable Lithontriptic Mixture"—the Great American Remedy, now for sale in quart bottles at $1 each, small bottles at 50 cts each. No small sizes will be issued after the present stock is disposed of.

THE WINTER SESSION
OF THE
LEWISBURG ACADEMY

WILL commence on MONDAY the 28th of OCTOBER. In this Institution, all the branches of a thorough Academic course will be taught.

The communication of knowledge simply, is not the sole design of Education and should not be made so; its highest aim is to strengthen and bring out into action, the intellectual and moral powers of the student. Throw around him all the facilities necessary to his progress, and afford him all proper aid, but do not flatter him with the thought that he must rely upon another and not upon his own efforts for success. Independent self-reliance is one of the first lessons that should be learned in a school room. This kind of early mental training prepares one for vigorous and manly exertion in after life, and thus gives him a marked advantage over the ignorant and uneducated. The main efforts of a Teacher should therefore, be directed to the formation of sound habits of study, for when this end is reached the progress of the pupil becomes at once certain and rapid.

Composition and Declamation, as formerly, will receive due attention—particularly the former, and the Primary Department shall have our special care. The subscriber feels flattered with the growing prosperity of the Institution and shall labor to merit its continuance, by increased exertion.

TUITION—Per Session of 20 weeks, for the Common English $6; Higher English, $8; and for the Languages, $10.

JNO. RANDOLPH.
Oct. 9. 1850 Principal.

Tanning and Currying

FOR past favors, the subscriber returns his grateful thanks, and hereby makes known that he carries on the business of

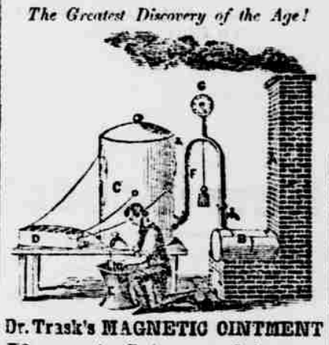
The Greatest Discovery of the Age!



Dr. Trask's MAGNETIC OINTMENT

IS constantly effecting cures of the utmost importance. The most credulous are convinced; the most faithless, compelled to believe in the power and virtue of this great remedy.

It is universally admitted to be the most *wonderful* combination known in the world for the *immediate* relief of disease and pain. It never fails while there remains sufficient life to restore a natural and healthy action to the capillary vessels of the body, and *equalize the circulation of the blood.* By this means, a controlling power is gained over the most malignant forms of disease, which can not be obtained from any other remedy. Such is the power of the combination, that it penetrates to every portion of the human frame; every bone and muscle, vein, nerve and ligament is searched out and made sensible of purification and healing influence. Hence it copes so readily with *internal* as external diseases.

Numerous instances are on record, where this remedy has restored health to patients so near the grave that the most powerful internal remedies failed to produce any effect. Such has frequently been the case in

Inflammation of the Bowe's.

No patient need die with this disease where the Magnetic Ointment can be obtained. That dangerous epidemic, known as the PUTRID ERYSIPELAS, can always be cured by this remedy. For

INFLAMMATORY RHEUMATISM,

this Ointment is the most complete remedy ever prepared. In 99 cases out of 100, it will afford *entire relief* to the worst cases of **Nervous Headache in 30 minutes.** For Nervous Diseases, this remedy is of immense value.

Affections of the Spine, Rheumatism, Lameness, Ulcerated Sore Throat, Bronchitis, Pleurisy, Croup, Chills, Cholera Morbus, Ague in the Face or Breast, Burns, Scald Head, Scrofula, Salt Rheum, Erysipelas, Inflamed Eyes, Fever Sores, &c., will be immediately relieved by the use of this remedy.

ANOTHER SCIENTIFIC WONDER!

PEPSIN:

The true DIGESTIVE FLUID or GASTRIC JUICE—*a great Dyspepsia Curer!*

Prepared from Rennet, or the fourth stomach of the Ox, after directions by Baron LIEBIG, the great physiological chemist, by J. S. HOUGHTON, M.D., No. 11 N. 8th St. Philadelphia, Pa.

A TRULY wonderful remedy for *Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation* and *Debility*, curing after Nature's own process, by Nature's own agent, the Gastric Juice. ☞Half a teaspoonful of this fluid infused in water, can digest or dissolve Five Pounds of roast beef in about two hours, out of the stomach.

Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the gastric juice. This fluid is the *great solvent of the food*—the purifying, preserving and stimulating agent of the stomach and intestines. Without it there can be no digestion, no conversion of food into blood, no nutrition—but rather a foul, torpid, painful and destructive condition of the whole digestive apparatus.

Pepsin is the chief element or great digesting principle of the gastric juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese styled **Rennet**, the effect of which has long been the special wonder of the dairy. Curdling of milk is the first process of digestion. A calf's stomach can curdle nearly one thousand times its own weight of milk. Baron Liebig states, "one part of Pepsin dissolved in sixty thousand parts of water, digests meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the subjoined

SCIENTIFIC EVIDENCE!

Baron LIEBIG, in his celebrated work on Animal Chemistry, says: "An artificial digestive fluid, analogous to the Gastric Juice may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened and digested in the same manner as in the human stomach."

Dr. BERERRA, in his famous treatise on Food and Diet, published by Fowlers & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereria.

Dr. COMBE, in his valuable writings on the Physiology of Digestion, observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of dyspepsia," and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which completely succeeded."

Dr. GRAHAM, author of the famous works on Vegetable Diet, says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. SIMON'S great work, the Chemistry of Man, (Lea & Blanchard, Philad., 1846, pp. 542, 543, says:—"The discovery of Pepsin forms a new era in the chemical history of Digestion. From recent experiments, we know that food is dissolved as rapidly in an artificial digest ve fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Prof. DUNGLISON, of the University of Pennsylvania, Philad., in his great work on Human Physiology, devotes more than fifty pages to an examination of the subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

As a DYSPEPSIA CURER, Dr Houghton's preparation of Pepsin has produced the most marvelous effects. It is impossible to give details of the cases in the limits of this advertisement—but authenticated certificates have been given of more than TWO HUNDRED rapid, wonderful, and permanent cures. It is a great NERVOUS ANTIDOTE, and particularly useful for tendency to bilious disorder, liver complaint fever and ague, the evil effects of quinine, mercury, &c., also for excess in eating or drinking

There is no form of OLD STOMACH COMPLAINTS which it does not reach and also give instant relief! and repeated for a short time, purity of Blood and VIGOR OF BODY follow at once. It is particularly excellent in cases of nausea, vomiting cramps, soreness of the pit of the stomach, distress after eating, low, cold state of the blood, heaviness, lowness of spirits, despondency, emaciation, weakness, tendency to insanity, &c.

Price, ONE DOLLAR per bottle. One bottle often effects a lasting cure.

PEPSIN IN FOWDERS sent by Mail, free of Postage.

For convenience of sending to all parts of the country, the Digestive Matter of the Pepsin is put up in the form of Powders, with directions to be dissolved by the patient in water or syrup. These powders contain just the same matter as the bottles, and are sent by mail, Free of Postage, for $1, sent post-paid to Dr. J. S. Houghton, No. 11 North Eighth St. Philadelphia. CAN BE EFFECTUALLY CURED BY
DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,
prepared by
Dr. C. M. Jackson,
at the "German Medicine Store,"
120 Arch St. Philad.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in sickness and affections of the digestive organs, they are without safe, certain and pleasant.

Read AND BE CONVINCED.—The Hon. Chs D Hineline, editor of the *Camden Democrat*, the best paper in West Jersey, says, July 21st:—

HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source whence they came insured us to make inquiries respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the greater majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed to give a trial—it will then recommend itself. It should, in fact, be in every family. No other medicine can produce more evidences of merit.

From the *Boston Bee*—editorial, Dec 23d—

Dr. Hoofland's Celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, and Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received from the use of this remedy an effectual, permanent cure of Liver Complaint. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs, with safety under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

Scott's Weekly, one of the best literary papers published, said, Aug 25th—

DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the Faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems.

Judge M. M. Noah, a gentleman of great scientific and literary attainments, said in his "New York Weekly Messenger, Jan 6, 1850—

Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses of the Union appear unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the Liver and the Intestines. Nine Philadelphia papers express their conviction of its excellence, and several of their Editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted.

MORE EVIDENCE.—The Philadelphia Saturday Gazette, the best family newspaper published in the United States, the editor says of Dr Hoofland's German Bitters—

It is seldom that we recommend what are termed Patent Medicines to our readers' patronage and confidence; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and are forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself.

Evidence on evidence has been received (like the foregoing) from all sections of the Union, the last 3 years, *and the strongest testimony in its favor*, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than of all other nostrums combined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form. That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the Stomach and Liver. It is preferable to Calomel in *all bilious diseases.* The effect is immediate—they can be administered to FEMALE OR INFANT with safety and reliable benefit, at any time.

Beware of counterfeits!

This medicine has attained that character which it is necessary for all to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived.

Look well to the marks of the Genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, *without which they are spurious.*

BRANT'S PURIFYING EXTRACT

Is now put up in QUART BOTTLES, and is of the same *medical strength* and efficacy as that in the *small bottles.*

The *great superiority* of THIS PURIFIER over SARSAPARILLA and all other similar medicines, now in some measure be understood from the following facts: FIRST—because it not only possesses, as portions of its medication, the PURE ESSENCE of

Sarsaparilla, Yellow Dock, Cherry and Sassafras Barks,

more strongly, more *powerfully concentrated*, and *larger quantities* of each of these properties in each bottle of it than can be found in any bottle of medicine, called *Extract of Sarsaparilla.*

For, SECONDLY, whereas THIS PURIFIER *also possesses* the medical efficacy and healing virtues of several other

Roots, Barks, and Vegetables,

the PURIFYING properties of which are greatly SUPERIOR to *Sarsaparilla*, and when *these are* combined with *Sar
