Philosophizing.

By JOHN LAMBE, Author, Artist, Oriental Tourist, &c.

The moon and stars united,
Superlatively decked,
In truest Philosophy,
Primitive Astronomy;
Exaltation! as per light,
And revolving in their might,
Crownrevolving in the sky,
Reflecting light, hts from on high;
Illuminating abroad
Pendorous Earth with accord;
Anon, the glorious Sun,
Eclipsingly, passes on,
Nondegins bowing to the Moon,
From morn to meridian noon—
Occidental, ending course,
Declination of his force.
The nocturnal hosts rejoice,
Manifesting plagiared voice,
Careering in ether heights,
Elated in pensive lights;
Antonizingly minimus,
The light of Day's maximus.
The great Ruler of the Day,
Proudly passing on his way,
Driving on the medium morn,
Which moon and stars could not adorn,
Obscuring them in their might,
Manifestations of demi-light;
Increasingly, progressing high,
Illuminating earth and sky—
Oceans, rivers, creeks and rills,
Rejoicing lunarian joy fills.
Man and Woman too, elate,
Unitingly, together mate;
Hymen's Attar to adorn!
In his glory, e'en and morn;
Mingledously in their bloom!
The happy BRIDE and BRIDEGROOM.

He being an old, practical and experienced Millwright has invented, got up and put in successful operation the best Wheat Scourer now in use. Any person ordering a machine and afterwards finding that it does not prove to operate as represented, there shall be no sale, as these machines are to be warranted good. Further recommendations are thought unnecessary. He is now having a supply made at Lewisburg, by Messrs. Geddes & Marsh. Orders for machines, or letters of inquiry, will be promptly attended to. NOTES—Promissory, Judgment, and Joint Notes (blanks) at this office.

ANOTHER SCIENTIFIC WONDER!

PEPSIN:

The true DIGESTIVE FLUID or GASTRIC JUICE—*a great Dyspepsia Curer!*

Prepared from Rennet, or the fourth stomach of the Ox, after directions by Baron LIEBIG, the great physiological chemist, by J. S. HOUGHTON, M.D., No. 11 N. 8th St. Philadelphia, Pa.

A TRULY wonderful remedy for *Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation* and *Debility*, curing after Nature's own process, by Nature's own agent, the Gastric Juice. Half a teaspoonful of this fluid infused in water, can digest or dissolve Five Pounds of roast beef in about two hours, out of the stomach.

Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of heal h, called the gastric juice. This fluid is the *great solvent of the food*—the purifying, preserving and stimulating agent of the stomach and intestines. Without it there can be no digestion, no conversion of food into blood, no nutrition—but rather a foul, torpid, painful and destructive condition of the whole digestive apparatus.

Pepsin is the chief element or great digesting principle of the gastric juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese styled **Rennet**, the effect of which has long been the special wonder of the dairy. Curdling of milk is the first process of digestion. A calf's stomach can curdle nearly one thousand times its own weight of milk. Baron Liebig states, "one part of Pepsin dissolved in sixty thousand parts of water, digests meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied we quote the subjoined

SCIENTIFIC EVIDENCE!

Baron LIEBIG, in his celebrated work on Animal Chemistry, says: "An artificial digestive fluid, analagous to the Gastric Juice may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened and digested in the same manner as in the human stomach."

Dr. BERIERA, in his famous treatise on Food and Diet, published by Fowlers & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Beriera.

Dr. COMBE, in his celebrated work on the Physiology of Digestion, observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia," and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which completely succeeded."

Dr. GRAHAM, author of the famous works on Vegetable Diet, says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. SIMON'S great work, the Chemistry of Man, (Lea & Blanchard, Philad., 1846, pp. 321, 3,) says: "The discovery of Pepsin forms a new era in the chemical history of Digestion. From recent experiments, we know that food is dissolved as rapidly in an artificial digest ve fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Prof. DUNGLISON, of the Jefferson College, Philad., in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

As a DYSPEPSIA CURER, Dr Houghton's preparation of Pepsin has produced the most marvelous effects. It is impossible to give details of cases in the limits of this advertisement—but authenticated certificates have been given of more than TWO HUNDRED rapid, wonderful, and permanent cures. It is a great NERVOUS ANTIDOTE, and particularly useful for tendency to bilious disorder, liver complaint, fever and ague, the evil effects of quinine, mercury, &c., also for excess in eating or drinking

There is no form of OLD STOMACH COMPLAINTS which it does not reach and also give instant relief! and repeated for a short time, purity of Blood and VIGOR OF BODY follow at once. It is particularly excellent in cases of nausea, vomiting, cramps, soreness of the pit of the stomach, distress after eating, low, cold state of the blood, heaviness, lowness of spirits, despondency, emaciation, weakness, tendency to insanity, &c.

Price, ONE DOLLAR per bottle. One bottle often effects a lasting cure.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

Read AND BE CONVINCED.—The Hon. Chs D Hireline, editor of the *Camden Democrat*, the best paper in West Jersey, says, July 21st—

HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source whence they came induced us to make inquiries respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed to give a trial—it will then recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit.

From the *Boston Bee*—editorial, Dec 22d—

Dr. Hoofland's Celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, and Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received from the use of this remedy an effectual, permanent cure of Liver Complaint. We are convinced that, in the use of these bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs, with safety under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

Scott's Weekly, one of the best literary papers published, said, Aug 28th—

DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the Faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems.

Judge M. M. NOAH, a gentleman of great scientific and literary attainments, said in his "New York Weekly Messenger, Jan 6, 1850—

Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses of the Union appear unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoefland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the Liver and the Intestines. Nine Philadelphia papers express their conviction of its excellence, and several of their Editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted.

MORE EVIDENCE.—The Philadelphia Saturday Gazette, the best family newspaper published in the United States, the editor says of Dr Hoofland's German Bitters—

It is seldom that we recommend what are termed Patent Medicines to our readers' patronage and confidence; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and are forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself.

Evidence on evidence has been received (like the foregoing) from all sections of the Union, the last 3 years, *and the strongest testimony in its favor*, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than of all other nostrums combined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form. That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the Stomach and Liver. It is preferable to Calomel in *all bilious diseases*. The effect is immediate—they can be administered to FEMALE OR INFANT with safety and reliable benefit, at any time.

Beware of counterfeits!

This medicine has attained that character which it is necessary for all to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived.

Look well to the marks of the Genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, *without which they are spurious.*

BRANT'S PURIFYING EXTRACT

Is now put up in QUART BOTTLES, and is of the same medical strength and efficacy as that in the small bottles.

The great superiority of THIS PURIFIER over Sarsaparilla and all other similar medicines, may in some measure be understood from the following facts: FIRST—because it not only possesses, as portions of its medication, the PURE ESSENCE of

Sarsaparilla, Yellow Dock, Cherry and Sassafras Barks,

more strongly, more powerfully concentrated, and larger proportion of each of these purifiers in each bottle of it than can be found in any bottle of medicine, called *Extract of Sarsaparilla*.

But, SECONDLY—because THIS PURIFIER also possesses the medical efficacy and healing virtues of several other

Roots, Barks, and Vegetables,

the PURIFYING properties of which are greatly superior to *Sarsaparilla*, and when these are compounded with Sarsaparilla, Yellow Dock, Cherry, and Stillingia, they make the most effective, the most certain and active **Purifier of the Blood** in the world. So true is this, that to have every desired medical effect in the Dose is

Only One Tablespoonful, three times a Day.

But it is not so with Extract of Sarsaparilla, for in consequence of its *medication (in large bottles)* being so much weaker, and reduced the Dose of Sarsaparilla has to be Two, Three, or More Tablespoonfuls—THREE, FOUR, or MORE times a Day, to have any medical effect; and as a bottle of Sarsaparilla only holds sixty-four spoonf
