#### OF THE LEWISBURG ACADEMY

WILL commence on MONDAY the 28th of Octoben. In this Institution, all the ranches of a thorough Academic course will be

not the sole design of Education and should not be made so; its highest aim is to strengthen and bring out into action, the intellectual and moral powers of the student. Throw around him all the facilities necessary to his progress, and af-f rd him all proper aid, but do not flatter him with the thought that he must rely upon another and not upon his own efforts for success. Independent self-reliance is one of the first lessons in power and certainty, upon the that should be learned in a school room. This kind of early mental training prepares one for vigorous and manly exertion in after life, and thus gives him a marked advantage over the ignorant and uneducated. The main efforts of a Teacher should, therefore, be directed to the for- and all dis mation of sound habits of study, for when this

will receive due attention-particularly the for-mer, and the Primary Department shall have our special care. The subscriber feels flattered with the growing prosperity of the Institution, and shall labor to merit its continuance, by increased
