For the Cure of COUGHS, COLDS. HOARSENESS, BRON-CHITIS, CROUP, ASTH-MA, WHOOPING-COUGH AND CONSUMPTION.

The annals of medical science, affording as they do ample proof of the power and value of many medical agents, have furnished no examples to compare with the salutary effects produced by "Ayer's Cherry Pectoral."

to compare with the salutary effects produced by "Ayer's Cherry Pectoral."

The remarkable cures of diseases of the Lungs which have been realized by its use, altested as they are by many prominent professors and physicians in this and foreign lands, should encourage the afflicted to persevere with the strong assurance that the use of the "Cherry Pectoral" will relieve and ultimately cure them.

We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgment and experience implicit confidence may be placed, one of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formulable disease, Consumption."

Dr. J. C. Ayer—Dear Sir 'Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your Cherry Pectoral, and they have been astonishing indeed. Mrs. Betey Streeter had been afflicted with a severe and relentless cough, which reduced her very low; so low that little hope could be extended by the countries without effect, before the Cherry Pectoral, and that has cured her. George Watkinson, Esq., had to our knowledge been afflicted with Asthms, for deven pears, and grown yearly worse, until the Cherry Pectoral, has now removed the disease and he is as free from any symptoms as we are. The Rev. Mark Dane had been so severely attacked with the Bronchitts, as to disable him from his duties, and nothing had afforted him relief until I (Mr. Thorning) carried him a bottle of your Pectoral, which cured him at once, and he now officiates as usual in his place.

These are three of the cases in which we have known it successful, but never to fail. We have great pleasure in certifying to these facts; and are, respected sir, your humble servants.

Here are the same, and the such the such that the strings of the public. SAMUEL GEDDES, and the distinguished authorities who have given their unread of the cases in which we have known it successful, but never to fail.

in certifying to these lacts; and are, respected sir, your humble servants.

REV. DAVID THORNING.

HON. JOSEPH BATTLES.

Among the distinguished authorities who have given their names to recommend Cherry Pectoral, as the best remedy that is known for the Affections of the Lungs, are "The London Lanest;" "Canadian Journal of Medical Science," "Boston Medical and Surgical Journal, "Charleston (S.C.) Medical Review," "New Jersey Medical Reporter," Prof. Webster, Harvard College, Prof. Bartlett, Transylvania University of Medicine, President Perkins, Vermont Medical College, Dr. Valentine Mott, New York City, Parker Cleaveland, Bowdoin College, Prof. Butterfield, Willoughby College, Ohio, Prof. Braithwaite, Leeds, (Eng.) Medical School, Sir Richard Kane, Queen's College, Ireland, Prof. Rosenbaum, Leipsie.

The public have but to know the virtues a ra f tonishing success of the "Cherry Pectoral," in curi supleases of the Lungs, when they will feel secure rding these dangers, whenever this remedy may be obtained.
